CHURCH SERVICES.—There will be a celebration of the Holy Communion, in the Church at Crapaud, on Sunday, Nov. 8th, at 11 o'clock a. m. at which the Rector, Rev. R. T. Doble will officiate.

SHAREHOLDERS Victoria Farm Silver Black Fox Co. Limited, notice mailed you of annual meeting should read Tuesday, November 10th, instead of November 9th. 6350.

HAVE YOU YOUR FLAG? At the present time you should show your colours. Chaste, finely enamelled Canadian flags for your lapel, 10 cents each; per post, 12 cents. Guardian Office. 6206

LADIES don't neglect crowning beauty. Falling hair is unnecessary, as Mrs White's treatment will prevent this. Dandruff, which is so annoying, can be thoroughly removed with her lotion. All hair goods kept in stock. Mrs White, Queen Hotel, Room 10, Ladies' Entrance. 6199.

STERLING GUM.—The Guardian yesterday had a pleasant call from Mr. R. Abrams, the popular representative of the Sterling Gum Co. of Canada, Limited, Toronto, who is present in this city on the interests of his firm and placing on the market the famous Sterling Pepsin Gum, a package of which he presented to each member of the Guardian staff.

FURTHER PARTICULARS.—The fire in M. F. Schurman's factory at Summerside, as briefly referred to yesterday, started about 1 o'clock on Tuesday morning. The southern building, containing the principal machines of the M. F. Schurman & Co's factory. The fire alarm was sounded and the firemen promptly responded. The fire inside of the factory was found in flames and it looked as though the building would fall in at any moment, but the firemen worked heroically and succeeded in saving the framework of the building. Four machines in the building were badly damaged and the belting consumed. On the lower floor there was a large quantity of rough lumber which was badly damaged. The upper floor contained all kinds of dressed moulding and this was all practically destroyed. The firemen worked like slaves and deserve all credit for their labor. The loss is not yet known and only partially covered by insurance. As yet the cause of the fire is not ascertained.—H.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

SOCIAL TONIGHT.—The annual Congregational Social of St. Peter's Cathedral will be held on Wednesday evening from 8 to 10 p. m.

REV. W. P. McVIE will deliver an illustrated lecture on Wednesday evening next at 8 o'clock, in the Central Christian Church. His subject will be: "Life in the Congo," illustrated with a large number of views by stereographs. W. F. Taylor; Q. M. and capable management of Mr. Walter Burke. A silver collection will be taken up in aid of Foreign Missions. 6353-M21.

ARE YOU ENTERPRISING? There is no travelling cinematograph in Prince Edward Island at present at a time when people are dying to see the "movies." There is a fortune to be made by an enterprising individual who enters this field. Terms for a complete cinematograph outfit with all particulars about its operation, etc., may be obtained by application to the Guardian office. 6158

POLICE COURT.—At the Police Court yesterday morning, before His Honor, Mr. K. I. Martin, a number of persons were fined for having failed to pay their dog taxes when due. Jas. Duffy failed to appear on a charge of drunkenness and consequently forfeited his bail bond.

A Racing Stable For Sale

Owing to circumstances I will not be in a position to race a stable of horses next year, so I am offering for sale my string of five horses—the leading money-winning stable of the Maritime Provinces of 1914, one that can go out and get the money in 1915. Every horse is sound and right, two of them sensational horses for their classes, good enough for the Grand Circuit. These horses were gotten together at a cost to me of several thousand dollars. I will sell them at very reasonable prices, but if I cannot realize a fair part of my investment, I will enter them and race them throughout the Upper Canadian Ice Circuit where, I believe, they will win at least a part of their cost and then sell them there. They will be on the market for disposal until November 12th. If not sold by that date, Helen R., Dr. Sharper, and Miss Alcyone will be withdrawn from sale and entered as above stated.

Helen R. 2.12 1-2.

Gray mare, seven years old, by Harry K., son of Major Strathmore, 2.08 1/2. Helen R. is one of the best bred animals living. Her extended pedigree will be shown by me to anyone interested. She was taken along easy this year and previous to her mile at Charlottetown had never been asked to step faster than 2.15. In an effort against time she paced the mile during Exhibition week in 2.12 1/2, last half in 1.05 3/4, last quarter in 32 1/2 seconds. She is better than a 2.10 pacer over a half mile track. She is game and can race any number of heats—raced nine heats in three days at Halifax, each heat averaging 2.18 1/2, and it was only fun for her. This mare can do 2.04 over a good mile track next year. She is high-class in every respect, easy to drive and perfect mannered. At the price I am offering her she is the cheapest pacer in the world today.

As it was my intention to stake Helen R. heavily in 1915, she was kept eligible for the slow classes. Her win race record is 2.44 3/4.

Dr. Sharper, 2.18 1-2.

Bay gelding, breeding unknown, probably seven years old, leading time Provinces, fastest gelding in the Maritime Provinces in 1914, trotted the fastest heat ever trotted in the Maritime Provinces in July 1914, timed by four watches, mile in 2.14; was a public mile again this fall under unfavorable conditions in 2.15 3/4. Dr. Sharper is a sensational trotter; he is one worth staking on the big line, should trot a mile over the big rings next year in 2.07 or better. He has improved in manners and never makes a break now. Should be a grand horse next year, as his improvement has been very marked this year.

Miss Alcyone, 2.18 1-2.

By Alcyone Boy, 2.17 1/2. This is one of the greatest little race mares in Canada today; won nine races in one month in 1913; was the third largest money winner in the Canadian Ice Circuit in 1914. Up to the Ottawa meet, the only horses which defeated her were Eel Direct, 2.08 1/2, Tredell, 2.10 1/2. We did not have her just right this year, but she was capable of a mile in 2.16. Next year she should pace in 2.14 or better as six different horses which she has defeated at various times have this year taken records under 2.14.

Orwell Belle, 2.19.

Win race record 2.23 1/4, still eligible for the 2.24 class. This mare is so well known that we need not give any description of her. At the price she is a bargain either as a race mare, brood mare or driver.

Alfred K.

Green Trotter, no record, was separately timed while in a race at Halifax in 2.22; extra good ice horse, good driver, good horse for any kind of work, great fun horse; should be able to make a great showing in the ice races here during the coming winter. Price is right.

If anyone is prepared to buy the three first-named horses in the above lot, or the entire outfit, I will be glad to make a special price on them, also on their boots, harness, sulkeys, etc. The whole outfit is complete in every detail. This stable earned upwards of \$2,500.00 in 1914; should do even better in 1915 and can be made a profitable investment.

The stakes and purses in the Ice Racing Circuit this winter will total upwards of \$50,000. Three of the horses mentioned above should be able to win enough to pay for themselves in these stakes, and as ice records do not count they would still be eligible for their classes next year.
