SILVER FOX SHOW OPENS AUSPICIOUSLY Will Back U.S. Peace Efforts At Brussels Parley

8TH ANNUAL SHOW PROVING BIG SUCCESS

Entry List Mounts To 500 Mark—Judging Will Begin Today.

Half a thousand of the cream of Prince Edward Island's foxes were checked in yesterday at the Exhibition building for the eighth Silver Fox Show of the Silver Fox Breeders and Exhibitors Association of Prince Edward Island. Secretary Walter Shaw was a broad smile when final figures showed the entry list had reached the five hundred mark. "It is going to be a grand show," said Walter. "I never saw so many high class foxes together." His opinion is shared by many other keen observers who watched the classifiers, Messrs. Burke, Cass and Bell at work. Color was particularly good and the fox that is a bit off will certainly have no chance to ring in as a top this year.

Largest Exhibitors

The Muttart family, Summer-ridge, are the largest exhibitors with 60 foxes shown by three of its members, Stewart and Lewis, Summeside, and D. O. Stewart, are runners up with over 30, while entries of 10 or more are quite common. Several new exhibitors are being welcomed. Among them George D. Warren of Howland, who usually cops the lion's share of the awards

Loyalists Plan Offensive To Lift Siege Of Madrid

(By The Associated Press) HENDAYE, Nov. 1.—Insurgent military dispatches from Salamanca stated today the Spanish Government was concentrating troops and equipment in the Madrid sector for a general offensive to break the year-old siege of the capital. The dispatches said Government troops had started attacking Insurgent advance posts and Government soldiers who passed into the insurgent line told of intensive preparations for the drive. Border reports said most sections of the Aragon front were quiet. It is in that region Insurgent Gen-

eral Franco hopes to end the civil war by driving a wedge into the Government's eastern territory. An insurgent communiqué said Franco's Legionnaires made a foray beyond the Osan Wood, in the Sabanaigo sector south of the French frontier. Salamanca headquarters reported almost 500 Government dead were found in the eastern edges of the wood, which the Insurgents occupied more than a week ago. Government sources said Catalonian militiamen showed such strong resistance that the attack was repulsed with heavy Insurgent losses.

U. S. Marines And Japanese In Dispute

SHANGHAI, Nov. 1.—(Tuesday)—(AP)—A Chinese spokesman today declared the Chinese army had driven Japanese forces back from the south bank of Soochow Creek despite a relentless Japanese artillery and aerial bombardment attempting encirclement of Shanghai. The spokesman asserted the Japanese were repulsed in Shanghai's western suburbs by Chinese armed only with trench mortars machine guns and rifles in the face of Japanese artillery.

TROOPS MASS ON BORDER

Honduras - Nicaragua Mediation Parley Jeopardized.

(By The Associated Press) TEGUCIGALPA, Honduras, Nov. 1.—Reliable reports tonight stated that Nicaraguan troops had been sent to the Honduras-Nicaragua frontier virtually on the eve of a mediation conference to settle the "postage-stamp" border dispute. These reports said that 5,000 fully equipped troops already had been dispatched to the border. Honduran sources said such a troop movement was in violation of the Sept. 7 agreement in which the two nations promised not to send military forces to their mutual boundary. The border dispute came into prominence when Nicaragua issued an airmail stamp which Honduras said showed a section of Honduras within Nicaragua's frontier.

Improvvised Bridge

The junk, with several others, improvised bridge by which the Japanese forced a passage of the creek. The vigorous protest of the Marine commander, Brigadier-General J. C. Beaumont, brought an apology from Admiral Kiyoshi Hasegawa, commanding the Japanese naval forces here, and a promise the incident would not recur. Some 7,000 Japanese shock troops, under cover of smoke-screens and artillery barrages, gained a footing on Soochow Creek's south bank late yesterday. Cost of the crossing to the Japanese was indicated at one spot where 35 of a Japanese engineer unit of 40 were killed trying to make a pontoon.

Tension Continues

Tension between the Japanese and British units continued, the result of the killing of five British soldiers and wounding of five more during the last 10 days. But British officers expressed belief repeated protests to the Japanese were being heeded since the

Interest-Cutting Legislation Outside Provincial Jurisdiction Is Claim.

(C. P. by Guardian's Special Wire) EDMONTON, Nov. 1.—The Provincial Guaranteed Securities Interest Act, reducing interest payments 50 per cent on government guaranteed bonds, was ruled ultra vires the Alberta Legislature today by Mr. Justice A. P. Ewing who also declared invalid the provincially Guaranteed Securities Proceedings Act insofar as it affected the case before the court. His Lordship gave judgment for \$5,430 to the plaintiffs, the Independent Order of Foresters of Toronto, against the defense, the Lethbridge Northern Irrigation District. He also gave the Foresters authority for a writ of execution to enforce payment of a previous similar judgment for the same amount allowed by Mr. Justice W. C. Ives. The judgment was on an action heard Oct. 13 last in the Alberta Supreme Court and tested validity of two or three acts passed in April, 1937, to substitute for the original interest-cutting legislation of August, 1936, which had been declared ultra vires by Mr. Justice Ives.

VENTURE PUT THROUGH TEST

Naval Training Ship Reacts Well In Opening Test.

(C. P. by Guardian's Special Wire) HALIFAX, Nov. 1.—The three-masted schooner H. M. C. S. Venture, latest addition to Canada's slowly-growing navy, was put through a series of tests today in the first of a series of tests to prove her fitness as a training ship for the sea-going youth of the Dominion. For six hours she was navigating under power, her 120 horsepower Diesel engine delivering an average speed well in excess of the six knots required under the contract. Then she spread her sails in a fresh northerly breeze and proceeded to reel off the miles at an 11 to 12 knot clip. Thrills lining the Halifax waterfront late this afternoon were thrilled with the beauty of the training ship as she raced her way up the harbor with all lowers set and a bone in her teeth. On her return to her dockyard berth at dusk, after a full day spent off the harbor, Commander E. I. Agnew, C. B. E., senior naval officer at Halifax, said he was well pleased with the ship's performance. So was Lieutenant Commander A. R. Pressey, formerly of Vancouver, who will command the blue-hulled schooner when she takes aboard her complement of one junior officer, 12 naval ratings and 24 boy seamen and sets sail on her first training cruise. Aboard for the trials in addition to Commander Agnew and

"Pleasure Cruise" Under Direction Of Messrs. Gomez And Porter Scores Big Hit

The first night's playing of "Pleasure Cruise," a three act musical comedy, was before a capacity audience at the Strand Theatre last night. Beautiful girls, fine music, and clever acting, what more could one ask? Proceeds from the performance, which will be repeated tonight, and it is safe to say to another capacity audience, will go to aid crippled children.

HALIFAX, Nov. 1.—Search for the dredge Foundation, Scarborough, which disappeared Saturday night with her crew of four aboard, was ended tonight with the report she had been located 60 miles off the eastern Nova Scotia coast. Announcement the dredge had been sighted by the Lockport, N. S. fishing schooner Howard Donald was made by C. H.
