

Would Wake Up Screaming

Least Sudden Noise or Loud Talking Would Startle Him."

Age of eight, my boy was healthy lad, full of life and while playing leap frog one day in a stooped position, a jump on his back and in a moment he was on the ground with his foot in an awkward and dislocated position. The doctor gave him several different tonics but they were no use. I found a circular about Carnol and it seemed so different from other tonics I had heard of, that I thought I would get a bottle. Three bottles were all that was needed to make my boy like his own self again. It is hard to convince my friends that the change in him now is entirely due to Carnol. Of course I still have to watch him and give him Carnol occasionally but I know that he will soon be as strong again as ever he was."

Mrs. P., Montreal.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it has done you any good, return the empty bottle to him and he will return your money.

For Sale by Hughes Drugstore

IN THEIR KILTS.—An excellent photograph of the members of the Caladonian Club Pipe and Drum Band is on exhibition in Mr. Craswell's studio window, Great George Street.

LITTLE SANDS ITEMS.—The farmers in this vicinity are through digging their potatoes. They report the crop poor.—Mr. Malcolm Smith, Little Sands while engaged with M. A. McNeill in building a stack had the misfortune to fall a distance of eighteen feet severely straining his back. Mr. Smith is confined to his bed under the capable management of Miss Elinor Wheeler, trained nurse.—Mr. Archie Blue, Little Sands spent the week end in Abney the guest of Mrs. H. Hartley.—Mr. W. Lewis, Pictou, has purchased from McLeod Bros Murray River their lobster factory at Little Sands breakwater. Mr. Lewis is now having this factory remodelled and enlarged and fitted up with steam boilers. The work is being done under the supervision of contractor John Math son of Pictou Island.—Mr. Alex. Blue, Little Sands arrived home from Gladstone where he was a guest of C. and Mrs. Mayhew.—Mr. Chester McLean Little Sands has returned from Borden where he was engaged in the lobster fishing business.—Mr. James M. McDonald, Little Sands had the misfortune to sprain his ankle. He is still confined to his bed.—Mr. Ernie McKay, Little Sands spent the week end in Georgetown, the guest of his uncle, Mr. Isaac David.—Mr. Arthur P. Buell, M. M., his general mail carrier is giving splendid satisfaction on his mail route and we sincerely hope that the patrons along the route will endeavor to keep the roads in good condition so as to help the courier in doing his duty. Mr. Buell served four years in France with the first aid men of the 15th Battalion and won the M. M. and bar.

SURPRISE PARTY.—Miss Cassie MacKenzie of Belle River, P. E. Island, on her return from Jack son, New Hampshire, where she had spent the summer, was given a farewell surprise party at the home of Mrs. John Robertson, Cambridge, Mass., before her departure for Belle River. The house was beautifully decorated in gold and black, Halloween colors. The high esteem in which she was held by her Boston friends was shown by the number who attended and spent a jolly evening, participating in Halloween games.

BRADALBANE.—Mr. D. W. McDonald is very sick with pneumonia during last week slight improvement was noticeable, which relaxes the tension of the community. It is claimed on good authority that there are more Octogenarians within a radius of a few miles than in any of the Dominion per capita, there being fifteen and many bordering on the century.—The most pleasing part of it is their minds are clear and their intellectual faculties are none impaired and physically second to none excepting a few unable to go around smartly with rheumatism. One in particular stands out conspicuously in the person of William McKinley, who follows his plow with the alacrity of three score years ago.—Mr. Murdoch Kennedy, M.P.P., our most respected merchant has started no time or expense in remodeling his former store building giving large ground floor area of 3000 sq. ft., enabling him to display the large and varied assortments of goods to his numerous customers with better facility. The basement capacity is thirty five thousand cubic ft., which will be used to store potatoes during winter and when spring opens can be readily shipped to foreign markets.—The citizens are ever elated at the marked improvement of the Burch by Mr. Kennedy's energetic and enterprising spirit.
