THE FARMERS DISCUSS TARIFF

And Place Themselves on Record for a Lower Tariff Especially on the Raw Material of the Agriculturist—Large Meeting Held Yesterday in Prince of Wales College.

The meeting of the delegates from the Farmers Institutes to appoint speakers to appear before the Tariff Commission was held in Prince of Wales College yesterday afternoon. There was a large attendance. Hon. S. E. Reid occupied the chair and among those addressing the meeting were James Carruthers, North Bedeque; G. A. Clay, Dundas; George Saville, do; Hon. George Simpson, Bay View; George E. Full, city; M. W. Murphy, Mt. View; Peter Brodie, York; P. J. D. Edmonds, Summersville; Hon. Benj. Rogers, Alberton; J. A. Brennan, Tignish; and others. Representatives of the different institutes who had not already spoken were then heard in order. Almost all were unanimous in urging a lower duty especially on the raw material, implements and machinery of the farmers. A committee, one representative from each county, and composed of Hon. Benj. Rogers, Hon. George Simpson and Fred. Mellish was appointed to bring in resolutions expressive of the wishes of the farmers of the Province. The resolutions drawn up were as follows: Whereas agriculture is the chief industry and source of wealth of this Province employing, as it does, about 85% of our people. Whereas the products of the farm being of prime necessity to the whole country and the industry therefore deserving of the highest consideration. Be it therefore resolved that this meeting of delegates representing the Farmers Institutes of the Province instruct its representatives before the Tariff Commission to protest emphatically against any increase on the duties on manufactured articles. Further resolved that they be instructed to ask for a reduction of at least one half on the duties on agricultural implements and machinery, including farm wagons, other vehicles, fencing wire and binder twine, and that other articles of similar character at present on the free list. After an additional clause had been made endorsing the Preferential Tariff the resolutions were adopted at the end of considerable discussion. The committee who drew up the resolutions were chosen as the principal speakers before the Commission but all others have a right to be present and speak if they so desire. The meeting adjourned shortly after six o'clock after a three hours session.

ANOTHER PREFET ASSASSINATED

While Driving in His Carriage—Government Think the Revolution is over

St. PETERSBURG, Jan. 9.—(Special).—The success which thus far has attended the campaign against the violent Revolutionists has plainly encouraged the Government to believe that the worst is over for the winter except in the Baltic Provinces, Caucasus and the Don region where the prevailing anarchy is likely to continue indefinitely. The Socialists and Revolutionists however stoutly maintain that the present lull is only for the holiday season and from mysterious hiding places the leaders continue issuing orders to refuse all compromise with the Imperialists, to boycott the National Assembly and to prepare for a great armed insurrection. At Novomisk today Prefet Iuanatskevich was assassinated while driving. His little daughter seated beside him was wounded.

WINTER STEAMERS GO TO GEORGETOWN

The Minto Left For That Port Last Night and Stanley Sails Today.

The winter steamers have both been ordered to Georgetown and the regular winter service is expected to begin there today. The announcements were made in the following telegrams received yesterday by A. Lord, Agent of Marine and Fisheries: Cape Tormentine, Jan. 9, 1906. To A. Lord, The Summerside-Cape Tormentine winter service discontinued. Stanley arrived at Cape Tormentine at 4 o'clock and leaves for Georgetown tomorrow morning. (Signed) A. BROWN. Pietou, N. S. Jan. 9, 1906. To A. Lord, Heavy snow storm. Will leave for Georgetown Tariff Commission on Board on clearing up. (Signed) A. FINLAYSON.

NOT GUILTY OF MANSLAUGHTER

Dr. Preston Acquitted in St. John—Big Fire in Dufferin Block.

St. JOHN, Jan. 9.—(Special).—Dr. Preston, whose trial on a charge of manslaughter in the death of Edith Clark has been going on for some days, was today found not guilty and was discharged. The young woman had died from blood poisoning following abortion. The Dufferin Block on Main Street was today damaged to the extent of eleven thousand dollars by fire. Several firms occupied the building.

THE ELECTIONS IN GT. BRITAIN

Some Notable Men Whose Contests Are Near At Hand—Premier Bannerman Hooded by Women Suffragists at Liverpool Last Night—Women Ejected From the Meeting.

LONDON, Jan. 9.—(Special).—Some changes have been made in the elections. On the twelfth polling takes place at Ipswich. On the thirteenth twenty-five contests will occur, the candidates including Balfour, Churchill, Morton and Wyndham. On the fifteenth contests will take place in the outlying divisions of London and Greenwich. Among the contestants are Hugh Cecil, Arnold Forster, Herbert Gladstone, Gerald Balfour, Bryce and Fowler. At Liverpool tonight Premier Campbell Bannerman during his speech was hooded by the women suffragists. Several of the women were ejected. The Premier said personally he favored female suffrage but he declined to pledge his party to it.

YOUNG ENGINEER HAD BAD ACCIDENT

By Which he May Lose the Sight of his Eyes—Charge of Dynamite Exploded in Rock.

HALIFAX, Jan. 9.—(Special).—Fred McGilivray, son of Judge McGilivray of Antigonish, employed on the surveying staff of the Halifax and South Western Railway, met with a disastrous accident recently at Port Mouton, which will likely result in blindness. While boring a hole in the rock a forgotten charge of dynamite in the rock exploded and McGilivray's eyes were terribly injured. He reached Halifax today and will be operated on tomorrow.

ARRIVAL OF HOPE YOUNG IN HALIFAX

On Her Way to the Dartmouth Asylum—Crowd Gathers at the Station to Meet Her.

HALIFAX, Jan. 9.—(Special).—Her head thrown back, her abundant hair in picturesque disorder and her cheeks flushed carmine Hope Young, the insane mirror, reached Halifax tonight on her way to Dartmouth Asylum. A crowd had gathered to meet her and walking rapidly through the station she greeted them with cheers and Hooray, boys. When the train arrived she had flatly refused to leave the car. "I played in the snow when I was a kid," she said. She would not have her hat put on but suddenly changed her mind, sprang up and ran out of the door dragging the guards with her.

SEVENTEEN ARE YET MISSING

The Result of Houses Sliding Into a Pit at Haverstraw, New York.

HAVERSTRAW, New York, Jan. 9.—(Special).—Tonight seventeen persons are missing and are believed to have perished when thirteen houses along Rockland Street last night toppled over and slid into a pit sixty feet deep made by brick-makers. Tonight there is great fear of another landslide along Rockland street.

TRAINS BLOCKED FOR 58 HOURS

TOPEKA, Kan., January 8.—"The Golden State limited" and the "California fast mail," on the Chicago, Rock Island and Pacific road, have been blockaded for 58 hours in the snow drifts on the plains around Santa Rosa, N. M. Big rotary snow plows and gangs of men have been unable to cope with the conditions. Arrangements were made to run the Golden State limited and all other overland trains over the Santa Fee and Southern Pacific lines to California.

HON FRED PETERS NOT YET GOVERNOR

OTTAWA, Jan. 8.—The report from the Pacific coast that Fred Peters, K. C., is to be appointed Lt. Governor of British Columbia, is premature. So far no appointment has been made, and therefore Lt. Governor Joly is at the helm. The Legislature will meet on Jan. 11, and it is not likely that any new appointment will be made before that time. And if not, then it is unlikely that there will be a change while the House is in session. In that case there will be no appointment until after the close of the session of the Legislature. At all events no action had been taken at Ottawa in the matter.

STEAMER RICHARD IS A TOTAL LOSS

Coal Laden From Hastings for Yarmouth She Goes Ashore off the Shelbourne Coast.

HALIFAX, Jan. 9.—(Special).—The steamer Richard, Capt. Hickey, from Hastings for Yarmouth, coal laden, is a total loss on the rocks on Shelbourne Coast. The crew were saved. The Richard yesterday encountered a thick snow and heavy winds and was driven out of her course and onto the rocks at Cape Blanche. The steamer rapidly filled and the crew took to the boats though on account of the heavy sea they had the utmost difficulty in reaching safety. The steamer was insured for fifteen thousand and the cargo for seventeen hundred. [The Richard was in Charlottetown several times last summer.]

EMBEZZLER MAY BE TAKEN BACK

HARRISBURG, Pa., Jan. 8.—Governor Pennypacker today granted the application of the Philadelphia police authorities for a requisition on the Canadian government for the return to Philadelphia of Harry Latimer, who is wanted in that city for embezzlement and swindling. The papers now go to the state department at Washington. Latimer was connected with the Provident Investment Bureau in Philadelphia, now in the hands of a receiver. The concern failed as the result of an investigation made by the federal authorities and Latimer and the others associated with him in the bureau disappeared. Two weeks ago five indictments were returned against Latimer, charging him with conspiracy, false pretense and embezzlement of \$190,235. Latimer was arrested Christmas Day at Calgary, in the Canadian Northwest.

BRITISH FLEET AT HONG KONG

LONDON, Jan. 8.—Referring to the statement of Admiral Rojestvensky that the British fleet in Far Eastern waters intended to crush the Russian fleet in case the Japanese failed to do so at the battle of the Sea of Japan, The Times this morning points out that the British fleet at the time of the battle was at Hong Kong, and that there was only one cruiser and a dispatch boat at Wei-Hai-Wei. Minard's Liniment for sale everywhere.

BOMB FOR A CHIEF OF POLICE

ST. PETERSBURG, Jan. 8.—Emperor Nicholas has sent \$50,000 to Governor-General Doubaissoff for the relief of needy sufferers of the revolt at Moscow. Despatches from Taganrog and Rostoff on-Don report continued fighting in the revolutionary movement in which several persons have been killed or wounded. At Runtin, in Russian Poland, a bomb was thrown at the chief of police while he was walking in the street with his wife. The latter was killed and the chief was terribly injured, both of his legs being torn off by the explosion. Some of the bystanders were also injured.

RODE OFF WITH NEW LOCHINVAR

WASHINGTON, D. C., Jan. 8.—Eloise Payne, a pretty True Blue, Va., girl, with two sweethearts and a will of her own, on the evening she was to have been married to one, walked four miles to join the other, and then, seated on the same horse with her real true love dashed away forty miles to a railroad station to escape from the wedding, the wedding feast and the bridegroom, who was awaiting the blushing bride. The rest of the journey to Washington where her Lochinvar's brother was waiting with a marriage license, was made by rail, but a telegram got there first and she was detained by the police until her father arrived to take her back to True Blue. Miss Payne, however, declares that she will yet marry the man of her choice and not the man picked out for by her father.

CLARK'S PORK AND BEANS

A perfect food for energy and vigorous health. Steaming hot in five minutes. It makes your mouth water to think of it.

TO STOP A CRYING BABY. Babies cry because they are sick. It may be pain in the stomach, colic, or cramps—but in any case a few drops of Nerviline soothes away the distress and allows the baby to sleep peacefully. Where there are young children there should also be Nerviline. It cures all the minor ailments just as promptly as the doctor—and not so expensive. For nearly fifty years Polson's Nerviline has been the great household remedy of Canada. Sold everywhere in large 25c. bottles.
