GAY'S VEGETABLES The following is the conversation overheard by two ladies: 'I like to buy from Gay because the vegetables are fresh. I understand that they take them from their garden several times a day, and the price is always reasonable.' 'Yes, replied the other, I find it very convenient when out for a short drive, I kill two birds with the one stone, have my vegetables home with me, and my outing at the same time. Our sales direct from producer to consumer is appreciated. We save the delivery expense and pass this saving on to the consumer. Our policy is not how much we can get—but how little and live, and prices are always changing, mostly in favor of the customer. J. J. GAY & SON Head of Prince Street 8-11-13.15.
