## SUGGESTION MEETS WITH PROPOSITION

### M.A.H.A. Would Trade Juniors For Seniors With Maritimes — B. A. Taylor Strongly Opposed To Suggestion.

Maritime hockey clubs are being asked to consider a suggestion that the first round of the Allan Cup playdowns, scheduled to be played in the Maritimes this year, be transferred to Montreal. The suggestion has been made by Frank McCreaf, Montreal, president of the Canadian Amateur Hockey Association and the clubs of the Maritime Provinces are being asked to vote on the suggested change. The M. A. H. A. affiliated with the Canadian body, the first round of the Allan Cup playdowns have alternated between the Maritimes and Montreal, and last year the Maritime champions played at the home of the Quebec champions.

The suggestion is made, according to information received, on the grounds of economy. The C. A. H. A. contend that it would necessitate additional cost to send the Quebec champions east. Should the Maritime champions win the first round, two teams would have to travel back to Montreal, whereas if the games were played in Montreal and the Maritimes won they would be well on their way to the second round to be played in Ontario.

If this suggestion is accepted, the C. A. H. A. would send the Quebec junior champions to the Maritimes for the first round of the Memorial Cup play-downs, instead of the Maritime team going to Montreal, as scheduled.

Vice-President Votes Nay  
Asked concerning the suggestion last night, B. A. Taylor, vice-president of the M. A. H. A., gave an emphatic "No" as his answer. "I am greatly surprised that the C. A. H. A. would ask such a thing of the Maritime clubs," he said. Mr. Taylor said he had voted "nay" on the suggestion and had forwarded his vote to James Wry, president of the Maritime Branch.

## Summerside Curling Club

Only one game in the Club championship series was played on Wednesday night, but it was a very interesting contest and resulted as follows:  
E. MacDonald Ted Weeks (Sub)  
Phyllips Ivan Nicholson  
Parkman Percy Weeks  
Foley A. E. Harris  
Skip 8  
Skip 8

## Royal Bank 6 United Banks 2

In the first game of the newly formed Bankers league played at the Arena last night, the Royal Bank team took the United Bank into camp to the tune of 6-2. For the winners the LePage Bros played great hockey, Elwell getting two goals while Fred got the other two. Rice in the nets proved a stumbling block for the United boys, and man of that team played a most defensive game. For the United boys, Owen and Fraser played great hockey while Hornby played a game in the nets.

## LOOKING 'EM OVER

(By Tec.)  
Thrilling Game Tonight

There have been many stirring hockey games played in the Forum, but tonight's Wolverine-Abbie clash has all the earmarks of eclipsing any tilt ever iced hereabouts. This evening's contest will no doubt be a free skating, body-bumping affair, the kind of game that will bathe the fans in a lather of excitement as the victory hungry squads raid each other's territory in their galloping charges for goals. Abbies need a win; Wolves need a victory just as bad, therefore fans may expect a rip-roarin' struggle. The Abbies have never looked better than they do right now and if they can show the same hockey tonight as they have been showing in recent work-outs, then Wolves will have to hit a terrific clip to head the homesters in the race for goals tonight.

### Doubting Thomases

As doubt has been raised in Halifax exchanges about the bona fide of the offer to the Abegweits to tour Europe this season, a representative of The Guardian interviewed Mr. Lyman Davison, of H. M. Davison Ltd., agents for the Canadian Pacific Railway in Charlottetown. Mr. Davison assured the Guardian representative that the offer was bona fide, and was made through him on January 11th. The Abegweits did not reply definitely until January 17th, when they declined.

Get Your Application In  
Mr. J. E. Sterns, Vice-president, M. A. H. A., wishes to warn all hockey players that the registration deadline is January 25th and that no applications will be considered after that date.

It all depends on whose ox is gored. Quite recently Messrs. Foley, Smith and Company, Halifax sports writers, poked a lot of fun at Charlottetown Abbies, with regard to a persistent squawking about referees. Well, the shoe seems to be on the other foot at present. Both above mentioned gentlemen and a well known sport writer of Moncton also

## Double - Header At Kensington

The second meeting of the teams of the North Shore League, competing for the Baker trophy took place in Kensington rink Jan. 18th. This league comprises ten teams, hence the necessity of playing double headers in order to get through the schedule before the ice disappears. The games were between the Indian River Rovers vs. Baltic Rangers and the Clermont Specials and Spring Valley Hawks. In the first period the Rovers scored twice, while the Rangers though making fast rushes and using good combination plays failed to get the wafer behind Tuplin in the alert goal to der, for Indian River. In the second period the Rangers scored once. The third session was scoreless. The game ended 2-1 for the Indian River Rovers.

The two hundred fans were surprised and pleased at the brand of hockey displayed by both teams. The beautiful new uniforms of both teams gave the whole ensemble a bizarre appearance. The sight of the Ra ger's uniforms in particular—with the name of each player on the back of the sweater he wore—was very restful to the eye. It looks as if those teams have some potential hockey material of good calibre. The fans certainly received a quid pro quo for this game alone.

In the game between Clermont vs. Spring Valley, the "Specials" of Clermont were successful by a score of 4-1. The "Hawks" of Spring Valley had some very fast skaters, but it appeared that they were lacking in the "system" of scoring displayed by their younger and much smaller rivals. Four of the Clermont players are barely 16 years old, the entire team is taken from three families via. two Mills' and Campbell. Mr. Chas. Kennedy refereed both games in an absolutely impartial manner. The next game of this series in Kensington Rink will be awaited with interest.

have dug up their little hammers and are "squawking" longer and louder than the local club. Moncton is harping on the Graham affair and Halifax is yelling for justice for their goal judge who was allegedly "poked" by Bert Connolly.

### "Truth In Every Line"

A Moncton Exchange says: "Charlottetown sport writers aver that the Abbies are working with renewed intensity in an effort to get into the stride which will carry them into the win column when they meet the Wolves on the Island tomorrow evening. There is no doubt whatever that there is plenty of ability in the Abbies roster and if they hit the pace they are capable of they should win many of their remaining games in the second section."

### The Play-offs

According to the Amherst News, which is in close touch with the head of the M. P. H. A., the play-offs affecting the second section of the Maritime Hockey League will be arranged at an early date by the league president, J. A. Hanway. "Moncton," it says "is already assured of a berth in the finals, but the method of handling the play-off in the second division of the league, still remains to be settled. It is possible that the teams in first and second place will battle for the right to meet Moncton—but then again two of the clubs favor the winning team going against the Hawks. That means if the Hawks win, there will be no play-off. The Moncton management has intimated that this arrangement would be satisfactory to their club."

### Bill Gill Is Ill With Flu

Hockey fans will regret to learn that Bill Gill is confined to his bed as the result of an attack of the flu. The powerful defence ace of the Hawks took ill following his return from Halifax on Tuesday and his physician ordered him to bed. Last evening his condition was reported to be quite favorable but it is expected he will be out of the game for several days.—Moncton Exchange.

### ABBIE LINEUP

The following is the Abbie lineup which is being sent against Wolves tonight:  
Goal, Fubar; defence, Gross, Oliver, Ferguson; forwards, Hudson, right wing; Beaton, centre; McArthur, left wing; Cook, right wing; Jemmett, centre; Nicholson, left wing.

## Bout Off

(Associated Press)  
NEW YORK, Jan. 19.—Kid Chocolate's featherweight title defense against Sailor Tom Watson, British challenger, has been postponed one week from Jan. 27 to Feb. 3 in the hope that the Cuban boxer, ordered deported today from Key West, Fla., can straighten out his difficulties with the immigration authorities. Meanwhile Madison Square Garden, promoting the match, exerted every effort to save a title bout that had been widely ballyhooed through the recent "trial by jury" of the British champion to determine the extent of his fighting ability.

### SECOND ABBIES PRACTICE

Hockey practice is called for 10 o'clock this morning. Full attendance please.

## CANADIENS BOW TO RANGERS

(Canadian Press)  
NEW YORK, Jan. 19.—The New York Rangers regained the top of the American division of the National Hockey League tonight, passing the idle Detroit Red Wings and the defeated Boston Bruins as they beat Les Canadiens of Montreal 2 to 1 in a fast and furious contest.

The Rangers snapped in two quick goals when the "Habitants" were short handed in the middle of the period, after Sylvia Mantha had received a major penalty for hooking Cecil Dillon to save a goal. A neat forward pass from Frank Boucher to Bun Cook with a short shovel shot at the end brought the first tally. Then Aurel Joliat went off and while the Rangers had a two man advantage Bill Cook sank another goal on Boucher's pass.

The Canadiens made a fine uphill battle and while Earl Seibert of the Rangers was in the cooler near the end of the period Howie Morenz found an opening and feinted goalie Andy Aitkenhead out of position for the one Montreal tally. Johnny Gagnon and Marty Burke had assists.

## BRUINS HANDED 3-0 SETBACK

(Canadian Press)  
MAPLE LEAF GARDENS Toronto, Jan. 10.—Toronto Maple Leafs tonight shut out the mighty Bruins of Boston 3-0 in a penalty-aided third period scoring attack that netted all three goals. The win kept the Leafs margin intact at the top of the National Hockey League's Canadian section and left the Bruins lagging in their efforts to keep up with American section pace makers.

A penalty to Marty Barry paved the way for Happy Day to hurdle through depleted Bruin ranks at the start of the third period for the first goal. Tricky Harvey Jackson was on the scoring end of a double pass with Joe Primeau, speedy centre, and Charlie Conacher, for the second Leaf goal while Joe Lamb was serving time. Before Lamb came back Harold Cotton, veteran left winger, poked the puck past Thompson on a pass from Bill Thoms for the final goal.

## MAROONS TAKE SENATORS 7-3

(Canadian Press)  
FORUM, Montreal, Jan. 19.—Montreal Maroons moved into a tie for third place in the Canadian section of the National Hockey League tonight, swamping Ottawa Senators 7-3 in a lightning-fast game before 4,500 spectators. Maroons victory wiped out the 6-3 trouncing Senators gave them on their last appearance on Montreal ice.

Jimmy Ward was the star of the game, scoring three of the Montreal tallies, Hooley Smith and Northcott both got one goal and an assist. Trotter and Haynes tallied the others.

Ottawa scored twice in the opening period, in which seven goals in all were marked, and once in the middle period. Denny's first line figured in none of them, the marksmen being Cox, Forslund and Touhey. Sid Howe got two assists and Shields the other.

## Results In N. H. L. Loop

coal in the provinces of Ontario and Quebec. Mr. Vaughan emphatically denied a report that the Canadian National was speeding up the placing of its 1933 coal contracts in order to place larger coal orders in the United States. The only change in the purchasing system he declared, was the placing of orders in eastern Canada earlier than in previous years. The statement follows:—"Recent criticism of the policy of the Canadian National Railways with regard to the use of Nova Scotia coal is based, I believe, upon misunderstanding of the facts. Estimates that were made of the amount of coal that might be used in Central Canada territory as a result of the surfeit on arrangement of last year apparently did not take into account the present condition of the transportation industry and the heavy falling off in the consumption of coal as a result of reduced traffic. The coal consumption of the Canadian National Railways in the central and Atlantic regions last year was 18 per cent below that of 1931, 33 per cent below that of 1930, and 41 per cent below that of 1927. spite this heavy drop in consumption, 343,682 tons of Nova Scotia coal were delivered to the Canadian National at Levis and Montreal last year. This coal was used on our lines as far west as Brockville, Ottawa and Cochrane. Nova Scotia coal was used up to and including Brockville and Ottawa for part of 1931 and all of 1932 and the use of coal from the mines of the Atlantic provinces was extended to Cochrane last year. For many years this coal has been used at all points, Montreal and east. It is my expectation that it will be possible for us to increase our Nova Scotia purchases for Ontario and Quebec points for the current year by a substantial amount." "It has been alleged that the Canadian National Railways have been speeding up the placing of 1933 coal orders in order to purchase United States coal for districts in which Maritime coal should be used. This is entirely without foundation of fact. The only change in our purchasing system is that in connection with mines in the Maritime Provinces we are negotiating coal contracts earlier than we have in previous years. In the Maritimes our coal contracts were made for what we termed the "coal year"—from the 1st of April of one year to the 31st of March

of the following year—we are now basing our Maritime contracts on the calendar year, and consequently are making our purchases in that section of the country earlier than heretofore. It is merely a question of uniformity of method, the calendar year period being more convenient to us than the "coal year." This does not affect our coal purchases elsewhere in any way. We are not at the present time negotiating any contracts for U. S. coal for use in Canada.

**the NEW**  
**McLAUGHLIN-BUICKS**  
*that motorists helped design*

CANADA has been waiting and waiting. . . Now Canada thrills to the new McLaughlin-Buicks, the greatest ever built from "the driver's point of view!"

30,000 Canadians told General Motors what they want in their next car. And now these motorists will find that McLaughlin-Buick is more than ever the choice to make for savings and satisfaction. They'll find that the new McLaughlin-Buick is "Wind-Streamed"—even smarter and roomier. That it combines new smoothness and new performance with proved ability to give more and better miles. That it's the first car to offer Fisher NO-DRAFT Ventilation.

They'll come in their thousands to learn what's new and advanced in modern car design. And we hope that you will join them. You'll discover more reasons than ever for McLaughlin-Buick's 2-to-1 preference over any other eight in its price class—more reasons than ever why you should choose a McLaughlin-Buick for the joy of extra years of fine, reliable motoring!

**WHAT 30,000 MOTORISTS TOLD US**  
This "Buyer's Guide" tells about our recent survey among Canadian motorists and provides information which you will find valuable in choosing your next car. Write for free copy to Customer Research Department, General Motors, Oshawa, Ontario.
