PROSPEROUS FOX CO.
 MR. F. E. MUZZY INTERVIEWED

Mr. F. E. Muzzy, of Springfield, Mass., who has been spending the week here looking after his interests in the two ranches owned by the Bankers Fox Co. returns home this afternoon. He reports the foxes all in most excellent condition and although the increase was not as large as he had hoped for it was quite satisfactory as there are enough pups, if nothing happens to them to insure dividends for 1920, and by the way, the companies he is interested in have paid 8 per cent. or more cash dividend every year. Last December they paid an 8 per cent. cash and 100 per cent. stock dividend and at its annual meeting, notice of which appears elsewhere in this issue, held yesterday the directors declared a cash dividend payable July 1st next at the rate of 8 per cent.

This company holds the record of any large fox company on the island for the payment of regular dividends and Mr. Muzzy says the credit of this performance is due largely to the able and honest management of the Directors here in Charlottetown, Messrs. John Anderson, R. E. Spillet and Dr. Dewar as well as the caretakers Mr. John R. Roper, of Sherwood and Mr. Shaw McMillan, of Alberry Plains, both of whom know how to feed and care for foxes and have always made good. Both are financially interested in the company.

This company has always done all it promised and usually more and instead of promising 25 or 50 per cent. annual dividends they only promised 8 per cent annually which has been paid and usually more every year.

They own their own ranches, and are considered among the best operated on the island and have nothing but high quality foxes.

FOX MEN

I am in a position to impart to you after experimenting for three years how to prevent diarrhoea and dysentery trouble in young fox pups, thus minimizing your losses and reducing the mortality. It is in the art of feeding—I have been using for a period of three years Shredded Wheat and found without a doubt the best food obtainable giving best results and minimizing the cost of feeding.

I have a shipment due to arrive any day of about three tons and will be glad to receive applications in lots of 100 lbs. and over. The Shredded Wheat is packed in bags, accurate weight; fully 35 per cent cheaper than any biscuit on the market, easy digestible, no trouble and an absolute saving. Some of the largest ranches are using same on my recommendation and each and every statement made can be corroborated. For your own good drop me a line or call and see me I will tell you more about it.

Kindly Remembered

Prior to their departure from Orwell Cove to take up their residence in Charlottetown, Mr. and Mrs. Levi Ings were entertained at the hospitable home of Mr. and Mrs. John M. MacLeod, Vernon, by the choir of St. Andrew's Church, Orwell, and other friends. The time was very pleasantly spent, music both instrumental and vocal being indulged in, after which a most delightful supper was served. During the evening the following address accompanied by a purse of money was read by Mrs. D.B. McLeod.

Mr. and Mrs. Levi Ings:—
 Dear Friends,
 We have heard with deep regret of your approaching departure, a regret shared by everyone who had the pleasure of knowing you.

We of the Orwell choir suffer the main loss, since we part from a valued friend, a true artist, one who with dignity and grace filled the position of organist for so many years.

But the whole social life of the community will be poorer from lack of one so musically endowed.

We feel assured that we shall miss you more and more as the months go by. Words are inadequate to express what we feel. We ask you to accept this small gift as a slight expression of our love and appreciation. We trust that you may enjoy many happy days in your new home and that heaven's blessing may rest upon you and your family.

BRIGADIERS AT R. M. C. AIMS AT HIGHER STANDARD

KINGSTON, June 16.—In his annual report Brig-Gen. C. N. Gen. Perreau also recommends that the three years course be extended to four as it was years ago, and also that the maximum age of recruits be nineteen instead of twenty-one.
