Dressing Percentages Of Live and Dressed Hogs

In view of the fact that there is some misunderstanding among farmers relative to the difference between live and dressed weights, an analysis of some complete shipments should throw some light on the question.

The following figures cover a lot of hogs shipped from Millview station on Wednesday Jan. 13th. The live weights are those given at the local loading point. The dressed weights are those checked and certified by the Government Grader at the abattoir, and are taken on the hot carcass.

MILLVIEW-JAN. 13th.

This statement shows that there is a wide variation in lots of hogs shipped by different farmers. In the lot identified by tattoo F 502 we find a high yield, ranging from 73.4 to 78.2 percent. In lot F 622 we have a very low yield of 63.0 to 65.5 percent. In other words a 200 lb. live hog in the first lot would dress 156 lbs., while a 200 lb. hog in the other lot would yield 130 lbs.

In lot F 602 we find a case of high and low yields in the one lot of hogs. Here two hogs each weigh 225 lbs. alive. When dressed one weighs 167 and the other 155.

In lot F 602 a 200 lb. hog dresses 150 lbs. while in lot F 622 a 200 lb. hog dresses 126 lbs.

A careful study of the above statement will convince any open minded farmer that the live weight of a hog is a very poor indication of what it will dress.

STANHOPE SCHOOL CONCERT

The annual Christmas tree and concert of Stanhope school was held in the school house with a large crowd of parents and visitors present. Mr. Bertram Misener capably acted as chairman, and the following program was much enjoyed:

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of salivary glands but have no calcium or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

paper; by Laura Cousins.
Motion Song, four intermediate girls.

Recitation, No Stockings to Wear; by Alamo McCabe.
Dialogue, When Women Have Their Rights; by Alleen MacDonald, Leslie McCabe and Alvin MacLaughlan.

Recitation, When Father Carves the Duck; Leslie MacLaughlan.
Gloomy Gloop, by seven senior girls.

Chorus, Christmas Flower Song; Recitation, Good Night; by Harry MacLaughlan.

Immediately after the last number Santa Claus appeared with a hearty greeting to everyone and distributed gifts to the teacher and pupils from a heavily laden tree.

A hearty vote of thanks was extended to the teacher, Miss Esther Harper, and the singing of the National Anthem brought an enjoyable evening to a close.

PLEASANT VALLEY SCHOOL CONCERT

A very interesting and successful concert was presented in Pleasant Valley School by the pupils assisted by some local amateur talent.

The school was tastefully decorated for the occasion and a heavily laden Xmas tree occupied one corner of the school room.

Mr. Thos. Wigmore acted as chairman in his usual capable manner and the following programme was well carried out:

Recitation—Allison Somers.
Darker Song—Dere's Gwina to be a Jolly Time.
Recitation—Naughty Spot by Earle Somers.
Recitation—Santa's Pilot by Lloyd MacLeod.
Chorus—Santa Claus is Coming, by pupils.

At the conclusion of the program Santa Claus appeared and distributed gifts, candy and fruit to the teacher, pupils and others present.

A vote of thanks was then tendered to the teacher, Alice Weeks and all those who helped to make the concert such a success.

The National Anthem brought the pleasant evening to a close.
