How Women Wear Out

When a woman wants her husband to know what becomes of her time, she gets him to spend an afternoon at home taking care of the children while she goes shopping. Even that little taste of housework convinces him.
Still, very few men realize how housework wears a woman out. Women themselves often don't wake up to it in time. When a woman feels tired all day, can hardly drag herself about, is pale, pale and nervous, she is sick. She won't admit it but she is. What she ought to do is to have us send her a bottle of Vinol, our delicious tonic. It has brought the glow of health and strength back to many worn-out women here, by building them up and making them strong. Vinol must please you—or it costs you nothing. Try it at our risk.

How to Treat Sprains and Strains

After Ten Days' Suffering Mr. Quinn Says Nothing Cures Like Nerviline.

Thousands Recommend "Nerviline"

One of the most soul-distressing accidents that can befall one is a bad ankle or wrist sprain. "If I had only known of 'Nerviline' earlier, I could have saved myself an enormous amount of pain and many agonizing nights of sleeplessness." Thus writes F. P. Quinn.

"I tumbled from a hay loft to the barn floor and sprained my right ankle and left wrist. They swelled rapidly and caused excruciating pains. It was not convenient to go to the city, and the liniment in the house was useless. When I got Nerviline relief came quickly. It took down the swelling, relieved the pain, and gave me wonderful comfort.

"I can recommend Nerviline for strains, bruises, swellings, muscular pains, and sore back. I have proved it a sure cure in such cases."

Think what it might some day mean to you to have right in your home, ready for an accident or emergency sickness, a bottle of two of Nerviline. Get it today.

SASKATCHEWAN WANTS HUDSON BAY PORT, TOO.
REGINA, Sask., March 10—Communications between the provincial government and Ottawa government continue to pass relative to Saskatchewan's claims to access the Hudson Bay, and on Saturday Acting Premier Calder in reply to Premier Borden's wire of last Thursday setting forth the position taken by his cabinet towards the claims put forth by the Scott government.

"To Hon. R. L. Borden, Prime Minister, Ottawa.
"Your telegram of the 18th received. The government of Saskatchewan does not now and never did consider the resolution of 1908, and the Hon. Mr. Laurier's statement, referred to in your telegram, as a final disposition of its claims for the partition of the Hudson Bay territory. In point of fact, notwithstanding said resolution, conferences have been going on since your government assumed office with other provinces and government showing the proposed settlement of 1908 was not considered final by you.

"I again urge the justice of Saskatchewan's claims upon your consideration as set out in your memorial and my telegrams. As to the access given Ontario to Port Nelson, I note that press despatches state that your government has declared its intention to transfer to the western provinces the public domain within their respective limits. In that case if your government has finally decided not to give effect to our claims set out in our memorial, at very least the question of right of way should be settled now.

"Owing to the increase in our population and in our grain production our people have a direct interest in Hudson Bay ports. Before long it is likely that several railways will be built to the bay, one or more of which may be state-owned.

(Signed) J. A. CALDER, "Acting Premier."

YALE MEN PLAN TO REVIVE OLD SPIRIT.
NEW HAVEN, Ct., March 8—Deploping the decline of the old Yale spirit and calling attention to the fact that since the class of 1912 has been in college Yale has won one football championship, one baseball championship, none on the track and no crew race with Harvard, some Yale seniors have sent a printed notice to the members of the senior class and a communication to the Yale News asking for a weekly gathering at "Mory's" a famous Yale resort.

"Can't we get back this spirit as well as making 1912 the solid unit it ought to be over a glass of beer at Mory's every Friday night from now on? Let us try it. Let's see you at Mory's next Friday night at 8."

THE STANDARD OIL SUBSIDIARIES MUST LIST ON CURB.
NEW YORK, March 10—Unless the so-called subsidiaries of the dissolved Standard Oil and American Tobacco companies make application to have list of the New York curb market association and comply with its rules, within a reasonable time, quotations of the shares on the list will be discontinued, according to an announcement made yesterday. Transfers of the stocks are now made only at the home office of the companies in different parts of the United States, it is stated, and "none of the usual safeguards against over issue or mistake in certificates have been provided.

The announcement states that objection to having the stocks listed has been made by "two or three houses, which have made a specialty of trading over the counter in these securities and desire to control the market in their own offices," but that in view of the recent active market for the securities, listing becomes necessary if trading is to continue.
