GOOD ICE RACES HELD AT SOURIS

A great afternoon's sport was held on Souris ice March 18th when Colonel Waltz defeated Lady Hamilton 2.05 1/2 Silky Bell and W. and G. in three straight heats. This was Colonel's third time in harness this winter. The Colonel has a lot of speed and if he had a little more training would be a very hard horse to get over.

Second Annual Motor Show A Splendid One

Continued From Page One

plimenting the committee in charge of the decoration and the getting up of the show. He referred to the great possibilities of the tourist traffic and the need of doing everything possible to make matters pleasant for visitors, the need of making good roads, putting up sign-boards, preparing information and also the need of putting out the glad hand to those who come to visit us.

The last speaker was U. S. Consul Pierce whose address was a masterpiece of oratory. He dealt with the magic of machinery and predicted that within a comparatively short time an aeronautic show will furnish keen rivalry for the auto show.

Three Killed and Six Others Injured

MONTREAL, March 18.—Three men were killed and six others seriously injured, one of whom is not expected to live when a concrete building in course of erection for the Singer Manufacturing Company, at St. John's Que., collapsed this afternoon and buried under the debris about a dozen men. The accident is thought to have been caused by the giving way of two concrete beams which resulted in the heavy concrete roof falling through the building into the cellar. The collapse is supposed to have been caused by frost having got into the cement before it was thoroughly set.

Advanced Legislation for Kingston Jamaica

(Special to The Guardian.) KINGSTON, Jamaica, March 17.—The government formally introduced legislation today for state control of the liquor traffic. The measure will be opposed on the ground that it is unnecessary.

FOUGHT. MUTINEERS.—Mr. James R. Ferguson after a short visit to Charlottetown—his native city left yesterday for Halifax en route to join his ship the S. S. Mariska of which he is an officer. Mr. Ferguson is a son of the late chief engineer of the S. S. Minto, and has been away from home for some time sailing between Baltimore and parts in France He was on the Mariska at the time of the mutiny on that ship 200 miles west of Usual. The mutineers' crew got into the cargo of alcohol and became crazed with the stuff. A terrible conflict ensued between officers and men, in which shots were freely exchanged and some were badly injured. Two of the mutineers were sentenced to five years imprisonment and three got eighteen months.

GOODYEAR VISITORS PLEASSED WITH EXHIBITION.—Mr. J. E. Steffenson, and Mr. M. D. Call, representing the Goodyear Tire Co. are here from St. John attending the motor show. They got a chance to express their pleasure at seeing such a good exhibition and to have it so well arranged in the limited accommodation at the disposal of his committee. The display of car and tire accessories by Messrs. Bruce Stewart and Co., and Mr. J. Stanley Wedlock are exceptionally creditable. The visitors having been asked regarding the market for autos this year stated that in their opinion the demand was such that it was hardly possible that the supply would be sufficient. Intending purchasers would be well advised to have their orders in early if they wished to enjoy their cars during the summer season. As far as the Goodyear Tire and Rubber Company are concerned their output is practically sold for the present year. The capacity of the factory is being doubled in an effort to meet the demand, and the factory is working twenty-four hours a day.

AT THE MOTOR SHOW Thursday and Friday March 18th and 19th

Be sure you investigate the New McLaughlin K 63. Foresight is the searchlight of opportunity. Be sure you possess it when you buy a new car.

The price, fully equipped, is \$1800, well within the reach of any man, and the car will run 21 to 28 miles on a gallon of gasolene, according to the ability of the driver.

Sit behind the steering wheel of this car. Drive it yourself—get the "feel" of its steady responsiveness. See the unity, the harmony that McLaughlin has built into its lightweight car. Study the balance of its trim chassis, the riding comfort and ease of control. And when you feel at your finger ends that flood of power obedient to your slightest wish, you will appreciate the marvelous mechanical excellence of it.

44 horsepower overhead valve motor selective type transmission 115-inch wheel-base five passenger capacity.

The New Light Mix McLaughlin

Is the car you have been waiting for — the car at a price so low that you no longer have to wait for yours; it's here, and remember the price, only \$1800.

When you are buying a car beware of the salesman who has not a good word for his competitor's car, it's always suspicious and remember, well told lies may overshadow truths, but can never outlive them.

Fish Skins Now Tanned to Leather

(Special to The Guardian.) PHILA., Pa., March 17.—Fish leather may reduce the cost of boots and shoes. The appearance of leather made from the skins of the flabby tribe is heralded by tanners and shoe manufacturers as the beginning of a new national industry. Reports say fish leather will soon be used for all kinds of foot wear from the finest of womens shoes to heavy hunting boots. It will also be in demand for book-binding, bags, trunks and harness. Leather made from fish skins it is said, equals in quality that made from land animals.

THE JUTLAND WILL NOT COME BACK HOME.

The fears and anxiety with reference to the steam trawler Jutland are shared by at least two others in Canso, Captain Michael Hanson of the Jutland, resided here and his grief stricken family felt further news of what seems to be the fate of the Jutland. Another member of the land's crew was Ellisworth Munro of Canso, who was the cook on trawler. Both were married men and leave families. Other members of the crew were former members of the crew of the trawler Raydon owned by the Maritime Fish Corporation here. These are Peter Hansen, Jacob Olsen, and Elison, the mate found dead the 19th.

ARRIVED IN HALIFAX FOR BUNKER COAL

The British steamer Monadnock, out from Dunkirk to Newport, arrived in Halifax Wednesday night for bunker coal.

Monadnock, steamer of 2792 tons, sailed from Dunkirk on February 18th for Newport News, and on encountering heavy weather on the way across the Atlantic her fuel supply became low, and she headed for Halifax.
