AUSTRALIA WILL CEDE AN EMPIRE

To Build Twelve Hundred
Miles of Railway

NINETY MILLION ACRES

Offered to Any Contractor Who Will
Expend \$30,000,000 in the
Construction.

NEW YORK, Feb. 2.—The Melbourne correspondent of The Times says: A project of great magnitude has just been launched by the South Australian government. It is for the construction of a railway which joined to the lengths already built, will connect the Indian with the South Pacific Ocean. It is to run from south to north through the State of South Australia, or through what is called the Northern Territory. The length of the line is to be 1200 miles, and the line is to be constructed on a gauge of feet 6 inches and is to be capable of carrying traffic at a speed of twenty miles an hour, including stoppages. It is estimated to cost \$26,000,000 (\$30,000,000). Tenders are to be invited from Australia, the United States, Great Britain, France and Germany. Eighteen months are to be allowed for the preparation of tenders. The syndicate taking up the contract will, in return for the expenditure of \$26,000,000, be granted territory to the extent of 75,000 acres per mile, or altogether 90,000,000 acres.

TREMENDOUS AREA INVOLVED.
This area is far larger than the whole of Great Britain and Ireland, for New Zealand. These comparisons are made in order to show the enormous private estate which will be conveyed to the syndicate which takes up the contract, and the government will enter into a bond that for ten years no tax will be placed on this land. There is no stipulation as to the nationality of the syndicate; consequently the ceded territory may be settled upon either by Britishers, Americans, French or Germans. The race must be white, as, according to the laws of the Commonwealth, colored immigration is forbidden.

MUST OPERATE IN THE TROPICS.
The line will run, of course, through some

of the hottest parts of Australia. A pamphlet issued by the government describes this scheme as 'a magnificent opportunity for the capitalist to embark in one of the few really great undertakings with a golden future in prospect yet left to the world to be achieved. Such an immense acreage of land, a principality in itself, much of it a pastoral country not to be surpassed in broad Australia, a large proportion admirably adapted for tropical agriculture and an enormous area of potential mineral wealth unknown and incalculable, but certainly immense—it needs but the iron road, the enterprise, skill, the wealth of the master minds of the world, and this terra incognita of Australia will be turned to the best uses of mankind.'

VAST TRADE ADVANTAGES.

It is also pointed out that the commanding geographical situation with regard to India and other Eastern countries will give this line great advantages for the promotion of trade with the nations of the East. One of the stipulations is that the contractors must run at least one train per week from each end of the line, and the charges are to be the same as upon those portions that are already constructed, and which these additional 1200 miles are to complete from ocean to ocean.

Besides the land, the most important concession which is given to contractors is that they will be entitled to all the gold, metals and minerals in the area made over to them. These mining possibilities are of course great in any part of Australia, and the Northern Territory is, as yet, a comparatively unexplored region.

FERROZONE

Will give you an Appetite,
and with Appetite and good
digestion comes Health and
Strength.

Ferrozone will in one week give you a splendid appetite and will so improve digestion and assimilation, that full benefit will be derived from everything eaten.

There is nothing like Ferrozone to create a keen healthy relish for food for the blood, and a tonic for the nerves and brain. To those leading a sedentary life it is a perfect boon.

The revered Dennis O'Brien, D. D., one of our best known Evangelists says of Ferrozone: 'I have pleasure in saying that I have found Ferrozone a remarkably good preparation. It keeps up one's appetite, cures nervousness and dizziness, and perhaps the very best tonic I have used. Being in the form of chocolate coated Tablets it is both pleasant and convenient to take and is well worthy of my highest recommendations.'

This is an example of the way people speak of Ferrozone who have used it, and should be convincing evidence of its unusual merit. It is warranted to cure Indigestion, Dyspepsia, Loss of Appetite, Rheumatism, Kidney and Liver Troubles, Catarrh, and all other diseases arising from impairment of blood or nerve tone.

Refuse to accept a substitute for Ferrozone. Every druggist sells it 60c per box, or three for \$1.25. Prepared by N. C. Polson & Co., Hartford, Conn., and Kingston, Ont.

Settlement upon it is very sparse, owing to its tropical and semi-tropical situation. Scarcely 5000 souls inhabit it, and for the most part these are Asiatics. The scheme has received the approval of the South Australian parliament, and the Government will at once take steps to bring it under the notice of capitalists.

DROUGHT IS BROKEN.

The long-continued drought in Australia has broken up, but not before all the mischief has been done. All over Australia during the past three weeks there have been good and steady rainfalls, and the reservoirs in some localities now contain a sufficient supply for the next two years. After rain the vegetation in Australia grows rapidly, and good grass is now covering regions that for the last two years have been covered with nothing but dust.

AN OBSTINATE CASE OF ECZEMA.

Mr. W. D. Johnson, Tilsonburg, Ont., writes that his father was entirely cured of a long standing and obstinate case of Eczema by the use of Dr. Chase's Ointment. His leg and foot were a mass of sores that refused to heal and he suffered terribly from the itching and stinging. Though he used a great many remedies and was treated by first-class doctors no permanent relief was obtained until he used Dr. Chase's Ointment.

PANTHERS APPEAR.

ALGIERS, Feb. 4.—Panthers have appeared in large numbers at Kabylla, Algeria. A committee at Algiers is organizing a hunt.

WANTED—A case of headache that KUMFORT Powders will not cure from ten to twenty minutes.

TO SIGNAL END OF WORK.

LONDON, Feb. 4.—Semaphores are to be used at Woolwich and Arsenal to signal to the employees when it is time to leave off work.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles trim.

A NEW STEAMSHIP LINE.

BERLIN Feb. 4.—With the object of diverting the stream of emigrants that travel to America via Germany, the Hungarian government proposes to establish a line of steamers running between Fiume and the United States.

We have not advanced the price of our tobacco. Amber smoking tobacco, Bobs, Play chewing tobaccos are the same size and price to the consumer as formerly. We have also extended the time for the redemption of Snowshoe Tags to January 1st, 1904.

THE EMPIRE TOBACCO CO., LIMITED

OLD BUILDING CRACKS.

VENICE, Feb. 4.—Some excitement has been caused at Venice by the appearance of a crack in two arches of the Procuratie Vecchie, on the Piazza di St. Mark, erected 400 years ago.

THE POLICEMAN'S EVIDENCE.

Policeman Peter Morrie, Toronto, says that for years he was troubled with habitual constipation, and though he spent much money for medicine, was only disappointed with the results. He now recommends Dr. Chase's Kidney Liver Pills to his friends because it cured him of his troublesome ailment. You can be cured of constipation by this treatment. One pill a dose 25 cents a box.

HEAVIER SNOWS FALL.

PARIS, Feb. 4.—Heavier snows have fallen this winter on the inner ranges of the Himalayas bordering on the Pamirs than have been known for twenty-five years.

HIS OWN FREE WILL.

Dear Sirs,—I cannot speak too strongly of the excellence of MINARD'S LINIMENT. It is THE remedy in my house hold for burns, sprains, etc., and we would not be without it. It is truly a wonderful medicine.

JOHN A. MACDONALD,
Publisher Arnprior Chronicle.

LOCUSTS TROUBLESOME.

PATERAIA, Feb. 4.—Swarms of locusts which swept over Krugersdorp, Transvaal, recently, destroyed all the vegetables planted by the troops stationed there.

Piles

To prove to you that Dr. Chase's Ointment is a certain and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers of EDMANSON, BATES & Co., Toronto.

Dr. Chase's Ointment

A QUICK ROUTE.

NORWICH, England Feb. 4.—Only twenty five days have been taken by a letter in travelling from Moulken, Manoburia, to Norwich, England, via the Trans-Siberian Railway. By the old sea route the time would have been seven weeks.

WOMAN WHO KILLED A CHINAMAN.

NEW YORK, Feb. 4.—May Kern, 17 years old, who fatally stabbed Fo Wah, a Chinaman, in Brooklyn, October 17, and who was found guilty of manslaughter in the second degree, was sentenced to the Bedford Reformatory to-day.

A Word About Axles.

Occasionally we are asked if we cannot supply an Axle that will run 1,000 miles. Our reply is we can. The only Axle that will run a 1,000 miles with one oiling, or half that distance, is the "Colling Axle," but its high price prohibits its use on standard buggies. Several so called long distant Axles, with a strip of felt, have come and gone, and have been pronounced a failure when used by builders of the highest reputation. The light buggy Axle, termed "a long distance," that we can recommend as such to our friends and customers, is not yet in the market. We will not trade on the credibility of consumers and dealers by the use of high sounding or catch-penny phrases. We are first in all real improvements of utility and we have we purpose to STILL KEEP THE LEAD
McLaughlin Carriage Co. Ltd.
"Mention The Guardian."
