

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

Dyspepsia is a disease that in one way or another resembles nearly every other disease, and the only way to get rid of it is to tone up the stomach, liver, bowels and blood. This will be quickly done by the use of

BURDOCK BLOOD BITTERS

It regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast losing flesh owing to the run down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

DISPEPSIA HURTS.

My goodness, how Dyspepsia hurts and pains! And it isn't the pain that is to be dreaded but the loss of time and wages. There is two days a week all because of indigestion and dyspepsia, and in consequence loses many a dollar in wages.
