VACATION AT HOME

I've been out on my vacation. Haven't roamed afar; Haven't gone to sunny lands Nor to seek the Northern Star.

Haven't motored to Cape Breton With its lovely lakes and hills; Climbed the crooked road to smoky Or enjoyed its thousand thrills.

Haven't wandered up to Gaspe With its coast so high and grand; I've just stayed at home this summer In this great vacation land.

I just motored up the north way, By St. Peter's Bay so green, Cable Head, a lovely background, Greater beauty never seen.

Thru Five Houses and Bay Fortune, Then to Souris by the sea, Ponds and rivers, lakes and land scapes, Best in all the world to me.

If your mind is in a quandry As to where you'd like to spend That vacation you have come, Try a week at the East End. Ch'town, Aug. 1940 —B. B.

PLANNED FARMING NEED SYDNEY, N.S.W., Aug. 20.—(CP)—because of the need of increasing farm production for the service of the people of Britain now that the war has cut off supplies from Denmark and Holland, farmers are asking for a more genuine lead from the Commonwealth government.

Premier Alex. Blair, of New South Wales, says he strongly opposes any restriction of the production of foodstuffs during the war in Australia despite the earlier exports of excessive production of wheat, New South Wales is the largest producer in Australia both of farm products and manufactured goods.

"In the coming European winter" he says, "America might be called upon to supply large quantities of food to various countries and Australia would therefore have to supply more food to the Empire. We shall not get high prices, but I have yet to meet the farmer who wants to capitalize on needs created by the war."

It might be necessary to increase wheat production because a bad season in Canada and the United States might change the whole world wheat prospects. We must have intensified and more scientific production."

One of the difficulties is that it is state governments and not the federal government which have the organization for aiding and guiding farmers but during this war as during the last, the Commonwealth representing the few farmers in the United States must necessarily make all the arrangements for selling wheat, dairy products, wool, fruit, etc.

It is also being increasingly urged here that as in Britain, women should be more used in farming so as to leave man power for the heavier munition work.

FINANCE

By Frederick Gardner Associated Press Financial Writer

NEW YORK, Aug. 20.—(AP)—The market was ruled in today's financial markets. Without much important spot news from either home or abroad to go on, stocks chalked up gains of fractions to 2 points.

The Associated Press average of 60 issues was up 4 of a point at 41.6. Advance for any single session since Aug. 13. Transfers, while still far under the par level for commission houses, expanded to 242,800 shares against yesterday's 24-year-low of 129,650.

Breadth of the come-back was exemplified by the fact 532 individual issues were traded compared with 402 the day before. Of the sold, 301 were up, 96 down and 135 unchanged.

International Nickel and Ford, in the Canadian section, advanced fractions. Imperial Oil and Brazilian Traction dipped as much while Lake Shore Mines rested unchanged.

Stocks in the American section well in front included U. S. Steel, Bethlehem, Chrysler, General Motors, Douglas, Aircraft, Glenn Martin, United Aircraft, American Smelting, Kennecott, Crepehoke & Ohio, Great Northern, Texas Corp., American Telephone, Loft, International Paper and Du Pont.

A shade under were Goodyear, Standard Oil of N.J., Consolidated Edison and Sears Roebuck.

Market At A Glance

(By The Canadian Press) Toronto—Mining and industrial stocks higher; western oils slightly lower.

Montreal—Stocks closed higher. Winnipeg—Wheat unchanged at pegged prices.

New York—Cotton, rubber, coffee and sugar higher.

BIG GIFTS LEFT AIRPLANE FUND

LONDON, Aug. 20.—(CP)—Gifts continue to pour in from every part of the Empire for the purchase of airplanes for the Royal Air Force.

The Exchequer received a fourth sum of £7,500 (\$33,375) donated to the "send a plane" fund of the Times of Ceylon by the people of Colombo for the purchase of fighter aircraft. Three previous donations of £7,500 were sent by the newspaper.

As Minister of Aircraft Production, Lord Beaverbrook, acknowledged a cheque for £5,000 (\$25,000) from a Welsh donor and Lebanese Syrians of Dominica donated £360 (\$1,602).

Taking a tip from the Nazi primer on invasion, the U.S. Army is experimenting with its first unit of parachutists. At Hightstown, N. J., a volunteer platoon of 48 men and 2 officers from the U. S. Air Force School at Fort Benning, Ga., is learning chuting technique on two jumping towers—one for guided 'chutes, one for free 'chutes. This striking photo shows a soldier in free parachute, legitimacy his descent after parachute was released from top of 125-foot tower. If experiment works out, all U.S. infantrymen may take similar courses.
