

The Romance Of The Grocery
NO. 2

On the top of a showcase, inside our door, you will find some little round gray jars which come to you from China.

There is a touch of Oriental fatalism in the drab coloring of these containers, a hint of the Eastern ideal of service in their salidity. The contents, ginger preserved in syrup, has an elusive, haunting flavor that has escaped the western manufacturer of the spice.

Can people say that the grocery business is humdrum, when a glimpse of little things like these can carry us to a country where the wheel and progress has not appreciably moved in 60 centuries?

GET REAL CAVAIR NOW AFTER LENGTHY JOURNEY

LONDON, Jan. 7.—Russia has recovered at least enough economically to recommence the shipment of genuine caviar.

All during the war and in the recent post-war period, London hotels of course had genuine caviar. But now they are getting the real genuine caviar, which to an epicure has the something the imitation-genuine caviar lacked.

For several weeks, the shipment of caviar has been made regularly from Astrakhan near the shores of the Caspian Sea. After a lake journey on the Caspian and an overland journey on the Black Sea, it is taken by fast steamer to Constantinople. Thence it goes to Paris by the Orient express and to London by aeroplane.

Next to saying the right thing at the right time comes the art of keeping quiet when there is nothing to say.

NEW KING'S PRINTER—Mr. Frank L. Dillon, of Dillon & Coyle, the Patriot Job Printers, has been appointed King's Printer, has been assigned to Mr. George W. Gardner, resigned. Mr. Dillon is a practical and industrious craftsman and will no doubt give the government eminent satisfaction in his new office.

CARD OF THANKS—Permit me, through your columns, to most sincerely thank the nursing staff and particularly the Lady Superintendent, Miss Beer, of the Prince Edward Hospital for the kind and devoted attention that institution has given to my recent illness. I feel it a duty and a privilege to say this word for ladies who are doing so much for the good of others.—Mrs. Rega Gallant.

MAY CONTEST WARD 4—Interviewed regarding his reported candidature for Ward 4 in the forthcoming municipal elections, Mr. B. Roy Holman stated that he had been requested to enter the contest by a number of the voters of the ward. Owing to pressure of business he might not find it convenient to do so, but was still considering the matter.

FOXMAN RETURNS—Mr. B. Roy Holman, one of the largest fur dealers in raw furs, returned Tuesday evening from a buying trip, extending over a week, to different parts of Nova Scotia and New Brunswick. During his trip Mr. Holman had the privilege of inspecting a large number of tame and wild furs, and made some extensive purchases of silver fox skins. New Brunswick has now some very large ranches, many of which are stocked with foxes purchased from P. E. Island breeders. He stated in most cases the production in the industry this year has been very satisfactory, several ranches having sold a large number of five animals as well as pelts. Foxmen in the sister provinces are most enthusiastic as to the future of the industry. They feel along the lines of our own ranches and are invariably good boosters. Mr. Holman reports that less snow in New Brunswick than in this province at present, the snow-fall in this city not having interfered with the running of streetcars. Business men generally appear to be satisfied that in the present abnormal times trade conditions are as good as can be expected.

Sailor Lost Off Metagama As She Neared Port

ST. JOHN, N. B., Jan. 10.—While working on the boat deck early Sunday morning, January 10, a sailor of the steamer Metagama, which arrived in port on Sunday night, fell overboard and though the steamer was stopped and a boat sent back for a thorough search, no trace was found of the unfortunate man. He was Lawrence Cousins, of Liverpool, England, and where a widowed mother survives him. The liner's passenger list was light for this trip, including 136 first class and 194 third class travellers.

Among the passengers were Mrs. James Galloway and her three children whose case had attracted considerable attention when they were deported from Quebec last fall on account of a skin disease from which two of the children were suffering. They passed successfully this time.

RAILWAY EARNING DECREASED

Notwithstanding increased passenger and freight traffic and higher rates effective on British railways in 1921, total net earnings of the roads decreased by 45 per cent compared to net earnings during the year 1919. The official railway returns of the British Ministry of Transport, which have just been received by New York from its English Information Service, indicate that net earnings in 1920 amounted to £9,923,000 compared to £17,324,000 in 1919.

As the war time control was still operative during 1920 the decrease of more than £7,000,000 in net revenues caused a corresponding increase in the amount of the guarantee to shareholders which the Government was required to pay. In 1920 this amounted to £43,089,000. Dividends returned on issued capital, however, decreased in 1920 compared to 1919. The average rate of dividend was 1.11% in 1919 and 1.2% in 1920. The total authorized capital of the roads is £1,412,600,000 and receipts from issued capital amounted at the end of the year to £1,160,800,000 which was an increase of £500,000 over 1919.

An increase of 16.25% in ordinary freight rates made effective in January, 1921, accounted for 50 per cent increase, and in September there was a further increase which brought the average rate up to 112 per cent above pre-war rates. An increase of 16.25% in ordinary freight rates made effective in January, 1921, accounted for 50 per cent increase, and in September there was a further increase which brought the average rate up to 112 per cent above pre-war rates.

Gross receipts of the roads in 1920, including auxiliary bus, motor truck and bus service, etc., amounted to £319,502,844 or about £75,000,000 greater than the 1919 receipts. However, increased expenditure in 1920 consumed £16,000,000 in receipts owing to higher wages and higher cost of materials. Some of the increased operating costs in 1920 were:

Maintenance & Renewal	17,493,504
Way and Works	19,830,875
Motor Truck and Bus Service	7,730,911
Passenger Cars	2,044,996
Freight Cars	5,800,586
Running Expenses (Chiefly Wages)	
Locomotive	17,493,504
Tractive Expenses	19,830,875

ABEGWEITS DEFEATED DORCHESTER 8-3

Dorchester Team Played a Better Brand of Hockey than on the Previous Night, but Were Out-Skated by the Fast Forwards of the Abbies.

In the second game of the N. B. and P. E. I. Hockey League played in their city last night, the Abegweits again came out on the long end of an 8 to 2 victory. Much to the satisfaction of the hundreds of fans present, the game ended on time.

Referee Herrell called the teams to the face-off, Buntain and LeBlanc on the rubber, the puck was carried to Dorchester territory where it was nicely blocked and returned by the Dorchester defence to the Abegweits goal, Morgan making a nice stop.

A series of end to end rushes by both teams then followed. In the first minute of the first goal after eight minutes of play, followed two minutes later by the second tally. Score 2-0.

The Abbies here took things in hand and forced the play to the Dorchester defence, Kelly hitting the net in ten minutes to be followed by Gordon in three minutes, a few slow rushes by each side followed and the period ended 2-2.

The second period opened at 9:07, both teams making every effort to score, but the splendid defence work and especially of the goal tenders, their was many shots that looked good for a tally turned off.

At 9:20 the Abbies on a combination run noticed by another goal duplicating this feat three minutes later, McEachern scoring on a pass from Moore. Score 4-2.

The Dorchester team then combined their efforts and at 9:25 succeeded in making their third tally, with two minutes to play, the puck was given several fast rushes on the ice by Moore, Rodd and Kelly but no further scoring was done, and the period ended 4-3 in favor of the Abbies. Corner of Dorchester got 2 one minute rest for tripping and Moore was given a one minute rest for the same offence.

Third period opened at 9:40, the Dorchester aggression determined to even up matters, but the fast skating Abbies opened up and Rodd after one minute of play placed the rubber where it would do the most good. Score 5-3.

The strenuous grind was beginning to tell on the Dorchester team and they were taking some flake chances on scoring from long shots. This did not help any and at 9:50 Moore, who was playing a star game and always on the puck, notched up another tally. Five minutes later Prowse who made his initial appearance for this season, found the net, and after some

very fast playing, Rodd and McEachern combined for a nice run, Rodd placing the rubber behind the Dorchester goal tender on a pass from McEachern. There was no further scoring, the game ending with the Abegweits in the lead 8-3.

In this period there was a tendency on the part of some of the players on both teams to play the man at times, Gordon and McEachern each going to the boards for a rest of one minute. Hutcherson of Dorchester also received the same medicine for a similar offence.

The game on the whole was a much better exhibition of hockey than on the first night, Dorchester played a much better brand of hockey, but the well conditioned Abbies were too fast and gradually took all the pep out of them.

After the game both teams were tendered a Banquet at the Rose and Grey, by Mr. G. M. Moore of Moore and McLeod.

Mr. Moore has always encouraged sport in this Province and no doubt the boys will appreciate his thoughtfulness last night.

Moore can always stand a little more and is ever on the job.

Gordon as usual delighted the fans with his remarkable back checking and breaking up combination.

The smoke barage was not in evidence as much as on the first night, this shows that the fans are eager to help the boys out.

Percy showed that the Arena was only one faddling long but he measured it often.

Morgan can turn them off from any angle.

Kelly, Buntain, McEachern and Prowse play the game all the way and back.

The band rendered some very pleasing selections during the evening.

That fans were well pleased by the remarks overhead they would appreciate a second exit on the East side of the balcony to the ground floor and to the street, this would enable them to get out quickly and also is much needed in case of fire.

Church On Wane In Great Britain

LONDON, Jan. 10.—Rev. Ernest William Barnes, Canon of Westminster, addressing the Teachers' Conference, admitted that about 80 per cent of the population was now indifferent to Christian worship. He said that the ultimate power of religious influence rested not with the clergy, but with the teachers, though many thoughtful people considered that the churches were destined eventually to exercise a profound influence upon the religious thought of the world.

The Canon said the Old Testament contained folklore, detective history, half-savage morality and obsolete forms of worship, based on primitive ideas of God, and credits science. He had reluctantly come to the conclusion that it was highly dangerous to use, for didactic purposes, such allegories as the creation of woman, Daniel in the Lions' den, and Jonah and the Whale, which encouraged the prevalent belief that religious people had a low standard of truth.

All present were then treated to refreshments by the teacher.

Following is the address: Miss Mary E. McCabe.

Dear Teacher:—We cannot let this season of the year go by without some expression of the good will we feel toward you.

During the time you have been with us, you have greatly endeared yourself to us by your kind attention and painstaking efforts in our behalf.

You have been very patient and careful with us and as a small token of appreciation with which we hold you, please accept this small gift from your pupils.

Wishing you a Merry Xmas and a Happy New Year.

NEWTON SCHOOL

The above school held its public examination on Dec. 27th, with a large attendance of pupils and ratepayers, the classroom being tastefully decorated with running spruce and Xmas bells.

Those who assisted the teacher, Miss MacCabe, were: Miss Katherine Mulligan, Principal of Emerald School and Mrs. Isador Smith, a former teacher.

The pupils being thoroughly examined in every subject acquitted themselves creditably.

A short programme had been prepared which received hearty applause from the visitors.

After several complimentary remarks had been made by the school officers and ratepayers the pupils took charge, and presented the teacher with an address and valuable Xmas gift—which elicited a happy reply for the cordial feeling existing as evidenced in the address.

All present were then treated to refreshments by the teacher.

CUT IN U. S. RATES

MONTREAL, Jan. 7.—With a view to meeting competition from United States ports the Canadian Government Merchant Marine announced a reduction in passenger rates from Halifax to Kingston (G.S.) on its ships Canadian Fishery and Canadian Forester. The change is from \$125 to \$102 and makes the fare from Halifax to Kingston the same as from Boston and New York.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers of Edmanston, Bates & Co., Ltd., Toronto.

Gray Hair Becomes Dark and Beautiful

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone one knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Myth's Sage and Sulphur Compound". You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell the you darkened your hair as it does it so naturally and so easily. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger.

MUTT AND JEFF—Jeff Gets a Big Load off His Mind.

A NOTE FROM JEFF, HE SAYS: DEAR MUTT; WITH THE CHRISTMAS SPIRIT EVERYWHERE I CAN NO LONGER HOLD ANY FEELING TOWARDS YOU. I FORGIVE ALL. MEET ME AT FORTY SECOND AND BROADWAY AT NOON AND WE'LL LUNCH TOGETHER. YOURS—JEFF—FINE!!

IT'S FINE TO HAVE A FORGIVING NATURE LIKE JEFF. I ADMIT I LIED TO MISS SCHULTZ ABOUT HIM BUT I DID IT TO MAKE MYSELF SOLID WITH HER.

I'M A LITTLE EARLY BUT I'D HATE TO KEEP JEFF WAITING!

THE BIG BUM!

FOR GOODNESS SAKE, OFFICER, WHAT HAPPENED TO THIS MAN?

AND NOT ONLY THAT BUT I'M HUNGRY ENOUGH TO EAT A BOLE!

TEE HEE!
