

Does Your Bread, Madam, Get Stale Too Soon

Of course, you know, all bread must in time grow stale—unless busy little milk teeth anticipate the flight of days. But the trouble is, Mistress Housewife, some bread grows old prematurely—goes harsh, stale, crumbly. And nobody likes stale bread; your folks dodge the bread-plate, don't eat as much as is good for them, but fill up on a more expensive if less sustaining diet. Sad economy, Madam.

There's a peculiar quality in the gluten of FIVE ROSES flour which makes YOUR bread keep better.

Cannot go stale as quickly as bread made from some of the flours you have known in the past—your loss and sorrow.

It may belong to the wheat milled, to the methods or 21 years of "know how"—but it's there all the time.

Because there's more of the amber gluten and better gluten in FIVE ROSES than in any other flour, it seems necessary, you see.

This is the way of it, Madam.

Not only does YOUR loaf retain the actual moisture, the actual liquid, longer than usual; but it retains the property of feeling moist to the most hardened palate even when sliced even in thin slices; nor does it lump off when buttered.

That's the secret, Madam, of the

keeping quality of FIVE ROSES breadstuffs.

Wouldn't you like YOUR bread, Madam, to have that fineness of nut-like flavor, that freshness and sweetness, which the best cooks envy?

Wouldn't you just like to make delicate breadstuffs that improve for days after baking—elastic texture, crisp firm crust?

Almost a week after baking there's a feeling of moistness by the tips of daily fingers on the fresh-cut surface, an actual feeling of moisture and elusive flavor to the hungry palate.

When you use FIVE ROSES.

Bake-day troubles, consequent vexations, the weekly nightmares of careful cooks, vanish like mist before the rising sun.

Won't YOU get FIVE ROSES, Madam?

Won't you get it NOW?

DOINGS OF THE LEGISLATURE

WEDNESDAY

Monday, February 22. The Speaker took the chair at 3 o'clock.

Mr. LAIRD presented a petition from James Sinclair, Moderator, and Thomas Sedgewick, Clerk of the Synod of the Maritime Provinces, praying for an act to incorporate the Board of Trustees of the Presbyterian Church in Canada, eastern section. He introduced a bill for that purpose.

Hon. Mr. HUGHES presented a petition from the heirs and devisees of the estate of the late Joseph Brecken, praying for an act to enable the trustees under said will to sell and convey land in Prince Edward Island, and introduced a bill for that purpose.

MR PALMER presented a petition from Alfred E. Dewar and others, praying for an act to amend an act to incorporate the Central Christian Church at Charlottetown, and introduced a bill for that purpose.

Dr. WARBURTON presented a petition from Arthur James Davis, Josiah Frederick Fraser and John C. Simms, praying for an act to incorporate the Island Cold Storage Company, Limited, and introduced a bill founded thereon.

THE PREMIER moved the second reading of the bill to amend and consolidate the acts relating to the Court of Chancery. The House in Committee, Mr. McWilliams in the chair, considered the bill. Mr. Haszard explained that this bill had become necessary owing to the length of time since the laws and amendments relating to the Court of Chancery had been codified. Much time and pains had been taken, he said, by the judges and members of the bar in preparing this bill.

The various clauses of the bill, which is a very long one, of 39 type-written pages were rapidly passed through committee with but little discussion, which was wholly confined to the lawyers of the House.

One suggestion by Mr. Mathieson was to the effect that there should be a statement and perhaps an audit of the moneys on deposit or under control of the Court of Chancery, as no one seems to know what the amount now is.

THE PREMIER thought the suggestion a proper one and said it could be provided for at a later stage before the bill is finally passed. Progress was reported on the bill at 5:30.

HON. MR. HUGHES from the committee on binding the journals, reported that three tenders had been received, and recommended that the tender of Mitchell Brothers be accepted.

HON. MR. HUGHES from the committee on binding the journals, reported on the fees chargeable on a number of bills that had been before the committee. Report adopted.

THE PREMIER informed the House that the members were invited to attend the annual meeting of the Provincial Dairying Association.

At 5:30 the House adjourned to 3 o'clock tomorrow.

THURSDAY

Wednesday, February 23. The Speaker took the chair at 3 o'clock.

MR. MATHIESON had given notice that he would ask the Leader of the Government.

(1) Has any memorial or writing respecting the claims of this Province against Canada been prepared by this Government or by any committee thereof or by any committee appointed by this House at the instance of the Government since the 30th day of September A. D. 1908.

(2) Has any correspondence taken place between this Government of any person or persons acting on its behalf and the Government of Canada or any member or officer thereof respecting such claims or any of them?

(3) Have any orders in Council been made or passed in the above matter.

(4) Have any and what delegations or delegations proceeded to Ottawa or elsewhere respecting said claims.

(5) To lay on the table of this House all such memorials, correspondence, minutes of Council and other writings or certified copies thereof, with a detailed statement in writing with dates of the proceedings taken by or on behalf of this Government to present said claims or any of them to the Government of Canada and to press for the settlement of the same and also an itemized statement of the cost incurred up to the present time in relation thereto.

MR. MATHIESON only asked the last of these questions No. 5.

THE PREMIER promised the information asked for would be laid before the House.

THE PREMIER again moved the House into Committee on the bill to amend and consolidate the acts relating to the Court of Chancery. Mr. McWilliams in the chair.

In course of the discussion in committee Mr. Cox raised the question of fees, which he thought had been too great in the past.

The Premier said that in some cases the fees would be less than before, and in no case greater.

Just before 6 o'clock the committee rose and progress was reported.

FRIDAY

Thursday, February 24. The SPEAKER took the chair at 3:05 o'clock.

The orders of the day contained a long list of notices of inquiries and motions, chiefly from Opposition members.

Mr. WARBURTON presented a petition from the Mayor and City Council of Charlottetown asking for amendments to act of incorporation of the City of Charlottetown. A bill founded thereon was introduced.

Mr. WARBURTON presented a petition from the Mayor and City Council of Charlottetown asking for amendment to Charlottetown sewerage act. He introduced a bill for that purpose.

Mr. WARBURTON presented a petition from the Mayor and City Council and the Commissioners of Sewers and Water Supply for amendment to water works act, and introduced a bill founded thereon.

Mr. JAMES KENNEDY asked the Hon. the Commissioner of Agriculture to table all invoices and correspondence from Geo. Carter & Co., as shown to be expended for seeds on page 82 of Provincial Farm Account; (2) table a return showing accounts for all farm products sold as shown on same page; (3) table a return showing the sum of \$24.67 appearing on page 84 to have been paid for seeds and expenses demonstrated; (4) table a return showing the sum of \$157.00 appearing on page 84 to have been paid for postage.

Hon. Mr. RICHARDS said the information would be furnished.

Mr. DELANEY asked the Hon. Commissioner of Public Works to table a return showing (1) how the sum of \$500 appearing from the Public Works Report ending Sept. 30th, 1909, to have been paid Chas. Howness; (2) for what services were the moneys paid?

Hon. Mr. CUMMISKEY said the information would be brought down.

Mr. DOBIE asked the Hon. Commissioner of Public Works to lay on the table of the House all contracts, notices, correspondence and other papers respecting right-of-way from Danby Point Road to Pond Road, for which the sum of \$55.00 appears in last Public Works Report to have been paid to Peter MacNutt; was the said right-of-way obtained by purchase or by expropriation? Upon what basis was the price fixed; when was the purchase made; when was the money paid?

Hon. Mr. CUMMISKEY said the information asked for would be supplied.

Hon. Mr. HASZARD gives notice that he will introduce a bill to be entitled an act respecting controverted Elections of members of the Legislative Assembly.

THE PREMIER, in reply to Mr. Mathieson, said it was the intention to table the report of the Education Commission tomorrow.

THE PREMIER, in reply to Mr. Mathieson, said that the Government had no official information of a vacancy in the Cardigan District.

Mr. MATHIESON pointed out that the vacancy had occurred by the Government appointing the late member to office. He now gave formal notice of the vacancy existing.

Mr. LAIRD moved the House into committee, Mr. Palmer in the chair, on the bill to incorporate the Board of Trustees of the Presbyterian Church in Canada, Eastern Section. The bill was considered in committee and reported without amendments.

The Island Cold Storage Company bill was read a second time and committed. Mr. Irving in the chair.

Mr. MATHIESON objected to the power given to issue preferred stock at a mere nominal price, the holders of which would incur no personal liability.

THE PREMIER claimed that the clause objected to was common to nearly all acts of incorporation.

Mr. MATHIESON admitted that similar powers had been conferred here and in other Provinces, but thought some disastrous experiences in regard thereto should operate as a warning.

The bill was reported agreed to without amendment.

MR. PALMER moved the House into committee on the bill to amend the act incorporating the Central Christian Church at Charlottetown, Mr. Crosby in the chair.

MR. MATHIESON jocularly inquired whether there is "watered stock" in this corporation?

The bill was reported agreed to with certain amendments.

HON. MR. HUGHES moved the House into committee on the bill to enable the trustee of Rev. Ralph Brecken's will to sell certain lands. Mr. Laird in the chair.

Hon. P. L. in question, and the will gives no express power to sell the devised lands, a portion of which are unproductive. A verbal amendment was made in committee and the bill reported agreed to.

Third reading tomorrow.

THE PREMIER moved the second reading of the bill to amend the conveyance of certain lands sold at Sheriff sale for taxes and conveyed by Sheriff Coombs to Ann Traynor. There are 50 acres in the plot, in Township 22.

MR. MATHIESON inquired whether this bill had been advertised in the Royal Gazette?

THE PREMIER explained the circumstances and argued that advertisement in the Gazette was not required. The merits of the case entitled the bill to pass.

MR. MATHIESON admitted that the case had merit, but claimed that the proceedings had been irregular and that better provision should be made by law for widows whose husbands died intestate and leaving small estates, to the making of which the bill had contributed largely as her husband, or more so. The case ought not to be made a precedent.

THE PREMIER admitted that the case ought not to be made a precedent, but pointed out that this bill was not to make a new conveyance, but only to correct an imperfect conveyance already made. If the wid-

ST JOHN, Feb. 19.—While attending mass in the Cathedral of the Immaculate Conception yesterday morning, Daniel McDonald passed suddenly out of his life. He had gone from his home in Golding street in good health and in the best of spirits, and was attending service sitting in his pew, when suddenly he was heard to groan, and he then fell forward in his seat. He was picked up and carried to the rear of the church where within twenty minutes, he had breathed his last.

Rev. M. O'Brien was hastily summoned and administered the last rites of the church to the dying man in the vestibule of the church.

Mr. McDonald while in his 80th year had always enjoyed good health and yesterday morning when he left his house, had planned to do some work about the place on his return, as well as clearing the street of snow in front of his dwelling. Coroner Berryman was notified of his death, and gave permission for the removal of the body.

Mr. McDonald was a native of Prince Edward Island, but had lived almost all his life in this city, being very successful as a ship's carpenter, when the shipping industry was at its height here, but retiring from active business some time ago. He was well known about town and the community this morning was greatly shocked to hear of his death, expressions of sorrow being heard on all sides.

Mr. McDonald is survived by two sons, Louis, of King and McDonald, and Frederick, of Vassie & Co's staff, and three daughters, Miss Cecilia at home, Mrs. J. Seifort, of Pittsburg, and Mrs. James Deveney, of San Francisco. His wife died about three years ago.

OTTAWA, Feb. 23.—Ottawa's chief of police, Major De La Ronde, was dismissed by the board of police commissioners, and Alexander Ross, who had been on the force for fifteen years, and recently as record keeper, was appointed to take his place.

Chief De La Ronde's dismissal is primarily due to revelations of irregularities in his control of the Ottawa Army Service Corps, though there have been many complaints as to the efficiency of the police department under his management.

MONCTON, Feb. 23.—Rev. W. B. Sisam, of St. George's church, delivered a very interesting lecture on Clerical Reminiscences before the Young Men's Association of Trinity church last evening. Rev. R. A. Armstrong presided. The lecturer took his hearers through all the scenes of his travels, dwelling particularly on his visits to England, Queensland and New Zealand.

Speaking of the latter country, he said it was the most beautiful he had ever visited and was also one in which nobody could be a stranger.

He commended England for her excellent hotel and railway services. He said that he had travelled over thousands of miles of railroads in that country and he never knew of a train to be late five minutes.

PROVIDENCE, R. I., Feb. 23.—A man who, the police believe, is responsible for two murders and three hold-ups and robberies and who claims to be William Trente of Boston, was captured after a hard struggle by two police detectives in sight of the holiday crowds at the Union railroad station today. A sailor, who says he is Joseph B. Dixon, of Rochester, N. Y., fled to a New York express during the fight, but was captured later when the train pulled into the Western (R. I.) station, and is held as an accomplice.

Both men were lodged at police headquarters tonight, but refused to talk about themselves or what they had been doing during the past few months.

Trente gave the detectives no end of trouble, using the encounter at the station, he tried to pull a gun from his hip pocket, but the weapon was torn from his grasp. Later, when he was being examined at headquarters, he attempted to grab the same revolver and fight his way to the door, but the detectives were too quick for him. Again, when a photograph was being taken of him, he started toward the stairs in an effort to throw himself from the fourth story, and only the prompt action of Detective Heruport Caffrey prevented the suicide.

Inspectors James J. Ahern and Louis F. Godfrey were running down clues of the murder of William F. Meagher, a Pawtucket market man who was shot and robbed last evening when they came across Trente and Dixon and followed them to the railroad station where the fight began. As only one man in the crowd dared to assist the detectives, it was with great difficulty that they finally overpowered Trente and landed Dixon at the police station, while Dixon jumped on a train which was just leaving the station and got away for a time.

A Real Lung Tonic

Rev. Father Morrissey

There are many preparations that will relieve a cough—few that will cure it. The first class, containing such drugs as Opium and Morphine, simply deaden the irritation and stop the cough, but do little or no permanent good.

"Father Morrissey's No. 10"

does not contain a trace of these dangerous drugs, but is an absolutely safe and scientific preparation of Nature's own remedies—Herbs, Roots and Balsams.

It entirely removes the irritation that caused the cough, by cleaning out the mucus, stopping the inflammation and healing the delicate membrane of throat and lungs.

Moreover, it tones up and strengthens the whole system, particularly the lungs, and protects against future coughs and colds.

Trial size 25c. per bottle. Regular size 50c.
