In Memoriam

MR. FREDERICK ROBERTSON

On August 4th., the spirit of Frederick Robertson Mellish returned to its maker. Born at Union Road in Kings County eighty-two years ago, the late Mr. Mellish was a son of the late George and Christina Robertson Mellish.

A brilliant scholar and showing great promise in early life, his studies were interrupted by illness, and while his formal education was thus terminated, his superior intellect and keen mind coupled with perseverance and industry endowed him with a broad and well-informed outlook in public matters. His clear concise meaning could not fail to win a listener, and not infrequently did the power of his facile pen defend the rights of minorities through the medium of the press.

In his loyalty and devotion to his parents, his frank personality and his love of truth, he moulded a character which won the admiration and respect of all who knew him.

The largely attended funeral held from his late residence was conducted by the Rev. F.M. Young of Marshfield Presbyterian Church who chose as his text the ninetieth psalm and the comforting words of the fourteenth chapter of the Gospel according to St. John. The hymns sung were favourites of the deceased, "Shall We Gather At The River", and "The Lord Is My Shepherd". Pallbearers included Russel G. MacLaren, Ernest Moar and Fulton Smith of New Perth, Alexander MacPherson of Union Road, Milton Jenkins of Millview and Joseph MacGregor of Montague.

The passing of the late Mr. Mellish marks an epoch in the history of his community, for even as his mortal remains were committed, the stirring and familiar lament "The Flowers Of The Forest", by Piper Bruce MacLaren, accompanied the last member of a family which had played an important role in the founding and growth of that community, to his last rest.

For him the race is finished, the fever of life is over, and its busy toil is done.

Mrs. M. P. Beaman of Charlottetown, spent a few days in Montague last week where she was warmly welcomed by her many friends. Mrs. Beaman was a former resident of Montague for some years prior to moving to Moncton, N. B.

Mrs. B. R. Graves and daughter, Mrs. B. E. Wilson of Moncton, N. B., spent a week in Montague recently where they were the guests of the former's sister, Mrs. D. M. MacDonald and Mr. MacDonald.

Mr. and Mrs. George Davidson who have been honeymooning at Strong's cottage on the Montague River left on Friday by plane for Toronto. Prior to their departure they were entertained at a cornboil and sing-song in their honor by Mr. and Mrs. LeRoy White at their summer home. Mrs. Davidson was the former Miss Cathie White, daughter of Mr. and Mrs. Wallace White of Murray Harbour, and sister of Mr. LeRoy White, Montague.

On Tuesday the chimes of the old school bell were heard once again ringing out over this community calling all school children back for another year to the school books. The rush of leaving school at the end of June is only equalled by the rush coming back at the end of August. And indeed there was quite a rush. Some two-hundred and ten pupils have enrolled, excluding the Grade XI class which this year will near the twenty-five mark. This marks the peak enrollment for the Montague school which has had to expand in order to provide room for the incoming flux of students. Every room has a varying enrollment from thirty to thirty five students, with some rooms reaching the forty mark. Both the teachers and students were pleased with the condition of the school which has been repainted both outside and inside, thereby lending a pleasant atmosphere in which to work. The teaching staff this year comprises, Mr. Harold F. Landry, B.A., Mr. Leslie Stewart, Miss Ruby MacLeod, Mrs. Minnie MacDonald, Mrs. Elsie Walterworth. Miss Anne MacEachern and Miss Marion Furness. The Grade XI class which opened Tuesday morning, has assembled in the new room in the basement. This room has been sound proofed and sheathed, and new fluorescent lights have been installed. These along with the new double large windows will provide sufficient lighting for all work in the classroom. The trustees and citizens are to be thanked for the splendid work which has been done on the school this year, and it is hoped that eventually the enrollment will grow to such an extent that a classroom for Grade XII will also be constructed in the future.—Lan.

Good progress is being made in the brick siding of the High School. The south side is now nearing completion and is presenting a very fine appearance. The red school house known to so many classes of present and former students, living now in many countries of the world, is fast disappearing as the new and more modern brown brick siding covers the familiar red paint of the old school. The interior of the various rooms now require painting and strapping, after having been covered with insul board and it occurred to the writer that this problem could be successfully solved by the various societies and organizations of the town, each sponsoring the painting and decorating of a room.
