## 8,000 BRITISH STEVEDORES GO BACK TO WORK

### President Truman Calls For Rearing Of Europe

**Expect Almost 800 To Nominate Today For Federal Election**

**Highlanders Protest Conditions On Transport**

SOUTHAMPTON, England, June 12—(CP)—One hundred Argyll and Sutherland Highlanders today walked off the transport Empire Trooper for half an hour, shortly before the ship sailed for Hong Kong with 1,500 members of the Highland Regiment in the Crown Colony in the Far East to reinforce the British garrison.

The men who walked off the liner were protesting conditions aboard. Some said a sergeant-major swore at a private in the presence of the private's wife.

After half an hour the Highlanders returned to the ship. An army spokesman said an inquiry will be held on board the ship.

The men complained that they had to wait two hours for a meal in the mess hall and even longer to wash.

### Cuba Asks Revision Of Potato Tariff

WASHINGTON, June 12—(AP)—The State Department announced Saturday that the United States and Canada have agreed to a Cuban request for renegotiation of certain tariff concessions granted by Cuba on potatoes.

Cuba, in a department announcement, said, has asked that the rate of duty on potatoes imported into Cuba in July be increased and has offered, in return, to decrease the rates on potatoes imported in October and November.

### U.S. Doctors Oppose Truman Sickness Plan

By Frank Carey

ATLANTIC CITY, June 12—(AP)—Organized doctors in the United States have renewed their prescription to fight President Truman's plan for compulsory sickness insurance.

This treatment was inscribed in the records of the American Medical Association which ended its 98th convention last Friday after a lively week sparked by restrictive action against a well-known doctor.

Some 16,000 doctors have gone back to their offices from absorbing some sea air, new tips on scientific developments—and thousands of words blasting Truman's plan.

That action by the board of trustees was the muzzling of Dr. Morris Fishbein, outspoken and versatile editor of the A.M.A.'s Journal, from speaking publicly on "controversial subjects"—and from writing on them without clearing first with A.M.A.'s front office.

Some 16,000 doctors have gone back to their offices from absorbing some sea air, new tips on scientific developments—and thousands of words blasting Truman's plan.

### Reaction To Proposals Is Varied

LITTLE ROCK, June 12—(AP)—President Truman Saturday called for rearming of Europe, said trimming funds for helping Europe would be "false economy" and disclosed he soon would ask Congress to help needy areas of the world.

Reaction from members of Congress was swift and mixed.

On his three points, the President said:

"It is of vital importance that the Atlantic Pact be followed by a program of military aid to increase the effective strength of the free nations against aggression.

"A slash in funds available for European recovery at this time would be the worst kind of false economy."

As for legislation to give the United States economic and technical know-how help to "underdeveloped regions," he said it offers "enormous potential benefits in a growing world economy."

### 2,000 Continue Strike To Back Canadian Seamen

LONDON, June 12—(CP)—Some 8,000 stevedores in Liverpool today decided to return to work tomorrow, ending a strike which began 18 days ago.

Some were on the job today to unload ships carrying food cargoes for Britain. One of these was the Empress of France. The dock workers discharged several thousand tons of grain from her.

But 2,000 stevedores remained idle in Avonmouth and Bristol, where the walkout began three weeks ago.

Labor Minister George Isaacs, in a broadcast Saturday night, appealed to the 10,000 dock workers to get back on the job "and let the Canadian unions settle their own troubles."

He blamed the walkout, which began three weeks ago, on the Communist-dominated.

### Coming Events

- Mail your films to Garnham Photo Studio, Charlottetown.
- Reserve Wednesday, July 20th, annual Tea Party, Cardigan.
- Dance in Emerald Hall, Monday night.
- Reserve June 22nd for Matinee Races at Sunny Green Acres.
- Dance Long River Hall every Wednesday, Good music.
- Buying every day live or dressed Fowl Eastern Packing Co., Ltd. Bouris.
- Hear Spring Park Players in Clyde River Hall, June 17. Audiences Y.P.U.
- Dance in Graham's Road Hall Tuesday, June 14th. Music by Rolie McKenzie.
- Dance in Morell Hall, Wednesday, June 15th. Music by Rolie McKenzie.
- Dance in French River Hall, Thursday, June 16th. Music by Rolie McKenzie.
- Dance in St. Peter's Legion Hall every Tuesday night. Cliff Peters Orchestra.
- Ice Cream Social in Cornwall Hall, Tuesday, June 14th. Sponsored by Junior Farmers.
- Our Store will close every Wednesday at 12 P. M. Vernon River Co-operative.
- Show Morell every Tuesday, Friday Saturday, 8:30 P. M. Admission 15c-30c.
- Vernon River Play, Cardigan Hall, Monday, June 13th. Curtain 8:30. Dance.
- The Kinkora Players present "My Irish Rose" in Wiltshire Hall, on Wednesday, June 15th.
- Dance, Montague Curling Rink Tuesday, June 14th. Cliff Lilly's Orchestra.
- Regular Dance at the "Sea Breeze", Victoria, each Wednesday, Dancing 9 till 1.
- Kingston Play "Where's Grandma" in Rose Valley Hall, Friday, June 17th. Sponsored by Rose Valley W. I.
- The Mount Stewart Branch of the Canadian Legion, will hold its monthly meeting on Monday, 13th, at 8 P. M.
- All roads lead to North River Hall, Monday, June 13, when South Winslow presents their play "The Middleman" in aid of hall.
- Regular Dances, East Royalty Rink Hall, Tuesday, June 14th. Southern Rhythm Boys. Bus leaving I.M.T. at 9:15-10:00.
- Kingston Y. P. U. present their three act play "Where's Grandma" in Eidon Hall, June 15th.
- We offer straight and assorted carloads of all kinds of bagged carina, whole and ground, and can also include all kinds of nations for stock and poultry at prices that will interest you. The Atlas Grain Company, Montreal, 1, Que.

### Fashion Notes

MONTREAL, June 12—(CP)—"Round-the-clock" dresses and suits that can be worn to the office or to a cocktail party after five will be shown tomorrow when fashion week in Montreal opens with a preview of fall creations.

The collection of a Montreal designer (Lawrence Sperber) will feature afternoon and cocktail dresses and suits appropriate for any occasion.

Featuring the opening show include rustling taffetas, reversible charmeuse satins, velvets and hand-painted chanelly lace worn over layers of satin.

Other items include rich autumn tones—calèche brown and sulphur yellow. The latter is found in an evening coat of wool with black satin lining over a decollete black satin evening gown.

Afternoon dresses are mid-calf length. Cocktail dresses are from 13 inches down to ankle length.

Long-length gowns will be used exclusively for ball-room and very formal dinners.

The collection includes some cocktail and dinner dresses in velvet and crepe featuring the flattering new Queen Anne picture-frame necklines with beaded interest. The collar is lined with satin and is richly embroidered and beaded.

### C.M.A. Delegates Visit Lunenburg

LUNenburg, N.S., June 12—(CP)—Some 95 members of the Canadian Manufacturers' Association today visited this south shore fishing town after spending Saturday in Halifax.

The group is touring the Maritime Provinces following the C.M.A.'s annual meeting in St. Andrews-by-the-Sea, N.B., last week.

They were welcomed to Lunenburg by Mayor Douglas F. Adams and Senator J.J. Kinley.

### Election In B.C. Casts Shadow On Federal Scene

OTTAWA, June 12—(CP)—A third and final provincial election will throw its shadow on Canada's Federal campaign this week.

As leaders of the two old parties square away in Ontario and Quebec for the climactic two weeks of the campaign for rule at Ottawa, British Columbia will vote Wednesday in a provincial election.

While the Federal campaigning raged, Newfoundland and Nova Scotia have given the Liberals substantial provincial approvals. But British Columbia not only is larger than either of them, it also is a more of a question mark in prospecting about June 27.

The Provincial ballots of its people may do more than decide the fate of the Coalition Government.

They may show whether the C.C.F. can anticipate making any further inroads at Ottawa through the ridings of the coastal Province.

Meanwhile, Prime Minister St. Laurent will move back to the hustings after an illness dictated by laryngitis. His final two weeks will be concentrated on Quebec and Newfoundland with one brief trip in New Brunswick.

George Drew, Progressive Conservative leader, in Ontario from the west last week, charged that the Government would not be able to raise the \$22,000,000 Canadian Aircraft plant at Montreal secretly for \$4,000,000 to a United States firm which, he said, was a "notorious" member of "Tristram's" international arms ring.

Trade Minister Howe promptly said Washington had assured him that the firm—the Electric Boat Company—is a reputable company and argued that the sale of Canada was a prime example of the Government's efforts to keep the aviation industry alive in Canada.

He said the deal wasn't secret.

Mr. Drew will campaign in Ontario this week and will head into Quebec Saturday.

Mr. Goldwin G.C.F. leader, moved into British Columbia to combine his Federal campaigning with support of the C.C.F. Provincially. He will concentrate his fire on the West generally henceforth.

The fourth party leader, Solon Low of Social Credit, is working in the West to enlarge his Commons following.

### Derailment At Royalty Junction

OTTAWA, June 12—(CP)—A C.N.R. derailment at Royalty Junction at about 10 a.m. Saturday, Mr. James Leightizer received slight head injuries when the engine which he was driving on the Summerside train was side-swiped by the second, third and fourth cars of a freight "extra" from Charlottetown.

Believed to have been caused by a defective point, the "extra" was taking the siding and the Summerside train was standing on the main line.

The wreckage-train from Charlottetown had the track cleared and repaired in a short time and the Summerside train was delayed some two hours. The damage to the equipment and track was not considered to be serious.

Mr. Leightizer was attended by Dr. W.J.P. MacMillan who examined and treated him in the Charlottetown Hospital from which he was shortly discharged.

### Archbishop Defiant In Church-State Conflict

PRAGUE, June 12—(AP)—A new clerical letter signed by Archbishop Joseph Beran and breathing defiance of government decrees was disclosed Saturday just after the arrest of the secretary of the lay organization, Catholic Action.

A high Roman Catholic Church authority said Dr. Anton Mandl, 30-year-old secular priest and secretary of the Church-sponsored organization, was seized at his home by secret police Friday night and "we do not know the charges against him."

It was the first important arrest in the growing Church-state conflict, though the Church authority estimated that "more than 100" other priests are in prison and more "are being arrested every day."

The arrest came at a time when a government-approved Catholic Action was being set up.

The Czechoslovak press listed 118 priests who it said signed a statement entering the new Catholic action in the campaign against the church.

"We cannot know for certain that the priests named actually signed the proclamation," the Church authority said.

Archbishop Beran had predicted the formation of such a group as a step toward a state-controlled Roman Catholic Church and had warned those participating in such a movement they would be excommunicated.

The clerical letter, sent privately to priests throughout Czechoslovakia, was approved at a conference of bishops at Olomouc last Tuesday.

It vowed never to submit to enslavement of the Church "by anybody under any pretext."

It banned the use of the word "Catholic" in government-sponsored organizations.

Priests were ordered to send back to the Ministry of Education the official bulletin for the clergy which the government has begun to issue as a substitute for the Church Gazette. The government on its other hand has ordered all priests to keep the bulletins on file.

### Accident Blocks Hillsboro Bridge

Two men landed in hospital yesterday morning with minor injuries following an accident on Hillsboro Bridge in which a half-ton truck was almost demolished.

The truck was owned by Donald MacDonald of Glenferrin. In it were two brothers, John Milligan and Angus Milligan, from the Coleman district of Prince County. It was not learned which man was driving.

Cause of the accident was not known, but the truck skidded off the plank roadway and into the bridge steelwork. Force of the impact turned the truck across the bridge blocking traffic. The accident occurred between 5 and 6 a.m. Several motorists en route to the early boat at Wood Islands turned up at the local Police Station somewhat excited, and City Police supervised the moving of the wreck.

The two men were taken to hospital by a Maple Leaf taxi driver, who happened on the scene. They were released a few hours later.

### Critical Wage Talks Open This Week In U.S.

By William G. Smoot

PITTSBURGH, June 12—(AP)—Negotiations of wage demands get top billing this week on the United States economic front.

Crucial talks start in the steel, coal and electrical industries that could go a long way toward determining if labor will get its fourth round of pay increases since the Second World War.

The outcome of the following developments will help determine whether prices are headed up or down and whether the country is in for some whopping strikes.

1. U.S. Steel Corporation, with one-fourth of the steel output of the United States, starts contract talks Wednesday with Philip Murray's United Steelworkers of America (C.I.O.). Other steel producers will open their negotiations later in the week.

2. U.S. steel will open negotiations tomorrow with the United Mine Workers, (Independent). The discussions will cover the 20,000 miners working in pits owned by U. S. Steel.

3. The 600,000-member United Electrical Workers Union (I.O.O.F.) seeks a \$900,000,000 program from the electrical industry with first bargaining sessions beginning Tuesday between the unions and the industry's two giants—General Electric Company and Westinghouse Electric Corporation.

It was the basic steel industry which either set the national wage increase pattern, or was most influential in establishing it, when the three previous pay gains were won by labor.

In 1946, steel granted pay increase of 19 cents an hour and other industries fell in line. In 1947, the increases amounted to 18 cents and in 1948 to about 13 cents an hour.
