Smart Spring Millinery Trimmings

Our showing of spring millinery is pronounced by millinery critics to be a delightful exposition of spring styles. The trimmings, shapes, etc. are shown in a profusion of spring ideas carried from Paris by the leading American designers and converted into sensible shapes for the more dignified tastes of American women.

Our millinery showing is open for your inspection, any day of the week. It's a pleasure to show such hats as ours.

New Spring Suits

There's new addition to our showing of suits, almost daily new arrivals that depict the latest touches of the designers and expert workman.

You will find some of the sweetest spring ideas here—sensibly priced.

\$12.90 to \$25.00.

Dress Goods

Our showing of dress goods is being accorded more favorable criticism daily. Women find that they can't afford to select until they see our showing—and their travels generally end here. Ask to see our dress goods.

Carter's CHOICE Evergreen Lawn Grass Seed

To quickly secure a permanent rich green grassy carpet, sow our Evergreen Mixture. It is the purest, cleanest and heaviest Lawn Grass Seed offered. No weed seeds. A beautiful lawn can be had in six or eight weeks by sowing this mixture. Quantity required per acre, (4,840 square yards) 80 lbs.; or for a plot 20 x 20 ft. 25c; postpaid 30c; 10 lbs. \$2.20; postpaid \$2.70.

Our Lawn Grass Seed is American grown. The different grasses composing the Mixture are imported separately and blended in the proportions and after the formula of a celebrated American Lawn Maker.

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine, dwarf-growing, evergreen varieties, hardy, and will stand a long season of dry weather. The ground for a new lawn should be a rich mellow soil, perfectly free from weeds. Sow the Seeds as early in the spring as possible, roll the ground perfectly level; the grass should be cut often, and never allowed to attain a length of over three inches.

ATTRACTIONS FOR THE BIG SHOW.

Aeroplane and Dirigible Balloon Likely, Says Manager Good.

ST. JOHN, April 13.—Manager H. J. P. Good, of the Dominion Exhibition, returned on Saturday evening from a trip to Montreal and New York, in the interests of the big fair. As a result of this trip, it is more than possible that an exhibit of aeroplanes and dirigible balloons will be a feature of the show. While in Montreal, Mr. Good was a visitor to the automobile show and met J. B. Storrs, of New York, who was in charge of the aeroplane and dirigible exhibits and controlled by Stanley V. Beach of the Scientific American. As a result of conversation with Mr. Storrs, and also with Mr. Wilcecks, of Montreal, who has been appointed Canadian agent for the machines, Mr. Good has a proposition from them for an aeroplane exhibit and also a flight as features of the coming fair. This proposition will be placed before the exhibition directorate at an early date.

The price asked for the "high flyers" is a large one, and the grounds of the fair do not lend themselves to a display of the machines in motion. Other aeroplane companies and promoters have been heard from, offering various terms. Mr. Good found it very difficult to get any of the companies to guarantee a flight as a large space of level ground is required to give the machines the necessary impetus for a start into the air and to enable them to fly for any distance. At the Montreal show Mr. Storrs delivered a lecture on aeroplanes, and it is probable that he will do the same if he comes to St. John.

Mr. Good then went to New York in search of special attractions suitable for a big free outdoor show which will be one of the features. Several acts seemed good to him and they will be submitted to meetings of the amusement and the executive committees. Mr. Good says that everywhere he went he heard the coming exhibition spoken of with great expectancy, and received many assurances of exhibits. A meeting of the executive will be held this evening, when the manager will report on his trip.

Boils and Pimples.

Whenever your complexion is unnatural, your skin in an unhealthy condition, your face covered with blotches and pimples, when itching and tender, sores about the mouth, or if you have a bad skin, you should try Burdock Blood Bitters, which safely and promptly restores the blood and invigorates the entire system.

Mr. C. A. Mussen Duff, Alton, writes: "I recently had a boil on my face, which was very painful and itched very much. I tried several remedies, but they did not cure me. I then tried Burdock Blood Bitters, and after taking two bottles I have not had a boil or even a pimple."

Mr. J. M. Duff, Zeland Station, N.B., writes: "My face and neck were covered with pimples, and I tried all kinds of remedies, but they did me no good. I went to many doctors, but they could not cure me. I then tried Burdock Blood Bitters and I must say it is a wonderful remedy for the cure of pimples."
