At the meeting of the Quarterly Official Board of the Little York Circuit, held in the Union Road church on the 1st of March, the Rev. R. Opie was invited to remain on the Little York circuit, the fourth year. The invitation was accepted, subject to the approbation of the Conference.

A NEW ENTERPRISE.—The people of Morell and vicinity are becoming greatly interested in a project for the raising of oyster mud in summer, by means of a dredge, which is being advocated by a number of our leading farmers. At a meeting held in Morell hall recently, for the purpose of ascertaining the public mind on the subject, a great many expressed themselves as willing to do their share to make the scheme a success. A like meeting was held in Bangor schoolhouse on the 28th ult. Mr. Cobb was appointed chairman and the undersigned, sec'y. Mr. Wm. G. Compton, who is an able advocate of the project, opened the meeting by a few remarks, setting forth the feasibility and advantage of such an undertaking. All the farmers present spoke favorably on the subject, and appeared to realize the benefits to be derived from such an enterprise.—ALEX. LADNER, Bangor, March 4th.

WEDDING BELLS AT SEA VIEW.—The merry jingle of marriage bells was heard for the third time within five months, at the residence of Mr. William G. McKay, Sea View, on Wednesday evening, March 1st, this time the happy event being the uniting in the holy bonds of wedlock, his second daughter, Miss Maggie and Mr. William Paynter, of Burlington. The ceremony was performed by the Rev. Mr. McKay, in the presence of a large number of friends of the happy pair. The groom was supported by Mr. Alexander Cummings, while the bride was attended by Miss Paynter, sister of the groom. The bride wore a beautifully designed costume of green with trimmings of Dewey braid, the bridesmaid wore black suitably trimmed. Among the beautiful presents were a Morris chair by Mr. Charles S. Graham; a piano lamp, Mr. Wm. Murphy; picture and easel, T. Simmons; dinner set, G. Brander; table cloth and dozen napkins, Mrs. Adeline Burt; carving set, Mr. S. McLellan. Both Mr. and Mrs. Paynter are prominent in social circles where they are general favorites. Their many friends wish Mr. Paynter and his charming bride "bon voyage."—Com.

EASTERN NOTES.—On the evening of 1st March Rev. A. N. Simpson, pastor of the South Lake Christian Church, delivered his lecture "Mirith of the Mora" to a fairly large and intelligent audience in Kingsburgh Hall with that most efficient chairman, William McLean, in the chair. Mr. Simpson has the advantages of an early educational experience of our Island institutions, combined with the finishing and polishing course of Lexington University, and is better qualified to entertain, interest and instruct an Island audience, than one whose whole experience has been among our Southern neighbors. Needless to say, Mr. Simpson acquitted himself well and fully sustained his reputation as a lecturer, to which too often men belonging to the United States come among us with the erroneous idea that little learning and few ideas and inferior mental culture will suit the supposed illiterate and benighted and bejayed and backward people who live beyond their northern border. Mr Simpson as one of ourselves comes among us with the knowledge that the profoundest philosophy, the deepest learning of the schools, and the highest mental culture are required in our common country settlements.—We regret to learn that Rev. Mr. McPhee while developing his physical powers severely injured one of his legs below the knee, a log of wood falling on it.—Com.

DR. TAYLOR was a passenger to the city from Summerside by yesterday afternoon's train.

MR AND MRS. R. H. RAMSAY returned to the city yesterday afternoon, having spent Sunday in Summerside.

RECEIVED, at Falconwood, a large parcel of papers and magazines, from L. L. Bear, Esq. Many thanks.

THERE was crossing both ways at the Capes yesterday. The mail train arrived in the city at half past one.

THE next public meeting of the Natural History and Antiquarian Society will be held on Tuesday, 7th inst.

GUARDIAN readers will be pleased to learn that Dr. Anderson will shortly give a lecture on "Glimpses of Italy and the Italians," of which further announcement will be made. It will be illustrated with stereopticon views.

ON Saturday night a barn owned by Mr. Charles McLeod, on the Glasgow Road was burned down, says the Examiner. In the afternoon threshing had been done in the barn but the work was finished about 4 p. m. At eight o'clock in the evening the barn was found to be on fire and notwithstanding all efforts it was destroyed. Five cows were burned as well as between four and five hundred bushels of oats. Two horses that were in the barn when the fire broke out were fortunately rescued. The loss is a heavy one as there is no insurance on the building. It is not known how the fire occurred.

RESOLUTION OF CONDOLENCE.

Resolved, that we the members of the quarterly official board of the Little York circuit, in session assembled, place on record our high appreciation of the faithful services given to this board by our late Brother, George Jackson; also our deep sense of loss consequent upon his death. We also bear in mind, that at the time of his death, Mr. Geo. Jackson was a member of the Trust Board of the Brackley Point Road church and a trustee of the Parsonage at Little York. In all those capacities and relations our Brother was faithful, and his services cheerfully rendered. His interest in the spiritual welfare of the church was deep and practical. Bro. Jackson attended and assisted in the services of the Sanctuary up to a week of his death. His death was most triumphant.

The members of this Board wish to convey to the widow, widowed mother, brothers, sisters, and family of the deceased, their deepest sympathy, with the prayer, that they may be so sustained and directed, that they will all meet their loved one where there will be no more separation.

Further resolved, that a copy of the above be sent to the bereaved family, and to the Island GUARDIAN and one to the Wesleyan.

On behalf of the Board.

YOUR MONOGRAM ENGRAVED

On your Spoons, Forks and other Silver articles, would be nice, wouldn't it.
A nicely engraved Monogram not only adds beauty, to the article but is a means of identifying it, should any article get astray or be stolen. Now is a good time to have them engraved. Our Mr. W. T. Wellner is expert in this beautiful art, and he will be pleased to show you samples of his work, and will submit special designs for your approval if you request it.
Every person should have their Silverware marked.
The cost is small.

What a sad story of bad treatment and abuse they would have to tell.
Make it a Personal Matter
Hasn't your watch been running perhaps for years without attention? or it may have stopped and you have merely shaken it to make it go again. Treat your watch like the delicate piece of mechanism that it is. Allow me to examine it for you, and if necessary clean or repair it.
