DIES IN CHINA—Word has been received of the sudden passing of the Rev. Dr. John R. Temple at Hong Kong, China. The Rev. Dr. Temple was known here through his writings in the "Bible in the World" magazine, and as one of the general secretaries of the British and Foreign Bible Society, London, England. He was appointed in 1931.

IN HOSPITAL—Frost on the road surface and blinding headlights combined to throw Sinclair Cutcliffe, Charlottetown into a skid that overturned his new Chevrolet on the Windmill Hill, St. Peter's Road on Saturday night last. Taken to P. E. I. Hospital with cuts on the face, bruised head and painful hips, Mr. Cutcliffe was declared to be resting easy last night and his condition was not thought to be serious. He will be X-rayed today. The car was badly damaged and was later towed to the city. No other car was involved.

HEAD-ON COLLISION—A head-on collision occurred at the end of Union Road last night when two cars were badly damaged and an occupant of one crashed through the windshield. The accident came after a third car had slipped into the ditch and its bumper was just on the edge of the road. Its owner was phoning for a truck to pull him out. Out of two cars meeting caught the bumper which threw him out of control and he crashed head-on into a car approaching from Covehead. A lady occupant of the latter car suffered a broken nose. An ambulance was called from the city but its services were not required.

PERSONALS: Messrs. Oscar MacNeill and Wallace Boyle attended the C.C.F. Convention in Kensington Wednesday, Nov. 24th.

Many friends and relatives of Mrs. Nell MacCallum, Brackley Beach will be sorry to hear that she is a patient in the Prince Edward Island Hospital.

Election Contest Proved Profitable To This Man

BOSTON, Dec. 5—(AP)—Fifty-six years ago Lewis Woodbridge, then 29, won a Boston Globe election contest—and collected a prize of \$5 a week until his death recently. Saturday night the Globe disclosed that it had paid Woodbridge a total of \$14,560 from Christmas of 1892 until he died in Bath, N. H., two weeks ago.

Provincial Girl Guide, Guider Rally Concluded

The opening session of the Girl Guide - Guider rally Saturday morning took place in the Holy Name Hall. The colours were marched on by Guides Norma Jean Allen, Maureen Bohaker, Johanna Macdonald, Joan Cameron, Jane Giddings and Joan MacKinnon. This was followed by inspection and drill conducted by Mrs. Harry Cudmore, diploma'd Guider. A poem "Salutation to the Dawn" was read by Miss Iphigene Arsenault, division commissioner.

Mrs. William Reddin gave a very practical and interesting talk "What Keeps Us Alive" during which she demonstrated a fire constructed inside a used fry pan. Eggs and bacon were cooked on top of the home-made stove and sampled by a few Guides.

Miss Jessie Fullerton then spoke on the hiker's badge and stressed outdoor guiding. She also showed how to make different types of outdoor cooking fires.

Lunch was served in St. James Hall and was under the chairmanship of Mrs. Morton Dew and Mrs. C.H. Beer. Singing after lunch was led by Miss Jessie Fullerton and was entered into most heartily by all present. Mrs. Fred Jenkins, Field Secretary, spoke on the "Responsibility and Privileges of Guiding", stressing the important place a patrol leader holds in a company.

The afternoon session began at 1.30 p.m. in Holy Name Hall with a talk by Miss Elaine Harrison, Summerside, on the astronomer's badge. An excellent chart was demonstrated and each Guide and Guider was presented with a miniature one.

As Miss Harrison proceeded with her talk, each present placed the name of the particular star on the chart according to its position in the sky. A campfire game was then played, each patrol building a campfire as they thought same.

The final session of the Girl Guide-Guider rally was in the form of a banquet and was held in St. James Hall at 6 p.m. with Mrs. C.H. Beer, head of training, presiding. The tables were decorated with yellow and bronze mums and lighted tapers. Those seated at the head table were: Mrs. J.G. Macdonald, provincial commissioner, Mrs. C.H. Beer, head of training, Mrs. Harry Cudmore, diploma'd Guider, Mrs. Fred Pickard, Provincial Brownie commissioner, Miss Suzanne MacKinnon, Provincial camp adviser, Mrs. Fred Jenkins, field commissioner, Miss Lucille MacQuaid, Summer division commissioner, Mrs. Nell Matheson, Brig. W.W. Reid and Mrs. Robert Parent, Provincial Boy Scout commissioner.

Mrs. Beer welcomed the one hundred and fifty guests present and introduced those sitting at the head table. After a sumptuous repast the following program was carried out: Toast to the King; toast to the Girl Guide Association proposed by Miss Lucille MacQuaid, Summer division commissioner, and responded to by Provincial Commissioner, Mrs. J.G. Macdonald.

A vote of thanks to the Provincial Council was moved by Mrs. Ambrose Steele, Morell, seconded by Mrs. Charles Laskey, North Rustico. Brigadier Reid spoke encouragingly of the past and Guide movement, making particular reference to their steady growth.

Mrs. J.G. Macdonald announced the Bessborough Shield competition this year will be for singing, and instructions re same will be forwarded shortly to all companies. A vote of thanks was extended to Mrs. Morton Dew, chairman of the hospitality committee and her co-workers who did a most outstanding job in both billeting those from out of town and providing all the meals served during the rally.

After a rousing sing-song led by Mrs. Fred Jenkins a special treat was that of several selections being sung by the North Rustico Guides. A group picture was taken by Mr. Norman Saunders. The rally was most successfully completed by all participating in a campfire program at which prizes were presented to the three winning patrols whose leaders were Eleanor Gallant and Barbara Dalton of Summerside, and Frances Wilson, Charlottetown.

Special thanks were extended to those under whose guidance and direction the rally was planned, Mrs. C.H. Beer, Mrs. J.G. Macdonald, Mrs. Harry Cudmore and Mrs. Fred Jenkins who form the Provincial training committee, as well as to all who in any way assisted with the program and to the Charlottetown daily newspapers for their co-operation.

Matinees Yield 1,400 Cans of Food For Britain

The management and staff of the Prince Edward and Capitol Theatres made a fine contribution to the aid of the United Emergency Fund for Britain here Saturday when they put on two special matinee performances for local school children and by limiting the admission fees to a tin of canned goods, raised in the vicinity of some 1,400 cans of foodstuffs for contribution to this worthy cause.

Mr. J. D. Jenkins, proprietor of the Royal Packing Company, City, also made a generous contribution to the fund by offering the assistance of his establishment and staff who undertook the packing and shipping of the contributions to the U.E.F.B.

The special program also provided a second useful purpose when Mr. George Walters, local theatre manager, gave the children an interesting and constructive talk on juvenile delinquency on behalf of Mayor B. Earle Macdonald.

Total Payable For Potatoes Indefinite

OTTAWA, Dec. 5—J. G. Taggart, chairman of the Agricultural Prices Support Board, described an estimate of number of bushels of potatoes on which the government will pay its \$1.15 per cwt. support price after April next as pure guesswork.

The estimate of eight million bushels published recently was based on the extent to which Canada's over-all crop might exceed average. Even assuming that this did represent the Canadian surplus, the support price would apply only to pay farmers in the designated areas \$1.15 per cwt. for all grade 1 potatoes which the inspectors find in the bins after April 1.

In Canada the potatoes for which the support price is paid are not removed from the farm. "We leave them where they are the most value," Mr. Taggart explained. "The presumption is that the farmer will use these potatoes for feed. It is estimated that potatoes used for feed are worth about 40 to 50 cents per hundred pounds."

U. S. HOUSE

announced Communism in 1938. The committee's emphasis on Communism and education is one of a series and is presented in question and answer form. It declared that many Communists and fellow travellers have bared into the American educational system where they constitute "a deadly danger."

"Besides active teaching in public schools, private schools, and church schools, from kindergartens to colleges, they run some schools outright," the committee said. "Before announcing reopening of the investigation, which produced sensational evidence last summer, Stripling said that some 'very important' new documents have been turned up."

He said these were separate from the microfilmed copies of secret government material—chiefly from the State Department—which were found on Chambers' farm. Stripling said Chambers will be one of the witnesses at the new series of hearings.

lottetown. The only political address Mr. Martin will make while in the Province will be made this afternoon in Summerside. This is his second visit to the Province, Mr. Martin said. Back in 1936, he had addressed the Canadian Club in Halifax upon his return from attending the League of Nations sessions with the Prime Minister, Rt. Hon. W. L. Mackenzie King, and while in Halifax had accepted the invitation to address the students of St. Dunstan's College. "I am personally acquainted with many of your public men," Mr. Martin said, "and know something of the great advantages which your Province possesses as a tourist attraction. His Excellency, the Governor General has told me how he enjoyed his vacation here last summer and I have decided to spend a month, if possible, among you next summer."

This morning, Mr. Martin will meet Premier J. Walter Jones. Tomorrow morning he will visit the Family Allowance offices before taking off at 1.30 for Halifax. On Thursday Mr. Martin will deliver a political address in support of the Liberal candidate in the Nova Scotia Federal riding of Digby-Annapolis-Kings.

and Temperance Act, and they are continually on the alert for evidence of stills and offenders. Statistics showed a considerable increase in the prosecutions and convictions from earlier years. Superintendent Anderson recounted some of the difficulties the R.C.M.P. meet with in apprehending the culprits. Stills are almost always on "someone else's" property, unknown, of course, to the owner. In one case the still was 23 miles from the moonshiner's home. Although hidden mostly in dense woods and unoccupied farmhouses, the real difficulty after the still has been found, is to find the moonshiner. A watch is set by the R. C. M. P. often for a number of days, until the "shiner" returns. Recently the special "Excise" detachment were watching three stills simultaneously. They were seen at one and the "shiners" let 300 gals. of "wash" go to waste rather than risk detection. The Mounties eventually broke up the still.
