would become easier when American bankers see that Canada is meeting all her obligations promptly.

Preparing For Geneva Conference

(By Canadian Press)

PARIS, Dec. 15.—(CP)—Advance information on the disarmament conference to be held in Geneva next February indicated that the negotiations will centre about a new and broader version of the Locarno Pact, under which the nations would give mutual guarantees against aggressive wars.

The Nations would be pledged, under this proposed agreement, to aid any country menaced by aggressive war. The pact would pivot on the signatures of Germany and France.

This information was collected in a survey of world capitals by various associated press bureaus.

France, it was learned, will submit a concrete political proposal for protecting nations faced by aggression or invasion. The Paris government will reject any plan for proportional cuts in armaments, insisting that some Nations, such as Russia and Italy, have increased their armaments while France has reduced hers 50 per cent.

The French Government, with such friendly nations as Belgium, Poland and Yugoslavia, will contend there can be no essential modification of existing relative armament strength until a practical plan is evolved for mutual armed assistance in cases of aggression.

Germany and her former allies will maintain their position that they have been unjustly disarmed. The Germans point to the reduction of their army to 100,000, the ban on such modern weapons as heavy artillery, tanks and aeroplanes for the trained reserves, and the prohibition against submarines, naval air forces and battleships of more than 10,000 tons.

BRITISH COMMUNITY'S CRIME LESS RECORD

(Canadian Press)

LONDON, Dec. 15.—Rutland claims to be the most virtuous area in England. No resident has been indicted at the assizes for 10 or 12 years and it is a rare occurrence for a court of assize to be held there. There rarely are any local people for trial at the petty sessions. The average number of convictions for drunkenness is about one a year, and almost invariably that solitary person is a non-resident.

RATION EQUALITY ASKED BY BLACKS

(Canadian Press)

SYDNEY, Australia, Dec. 15.—Australian aboriginal blacks, who have been receiving a small allowance of food and blankets from the government now demand rations on the same scale as unemployed white men. To increase the ration standard of the blacks to that issued to white men on the dole system would financially embarrass the Australian government, the officials say.

CENTRAL GUARDIAN

MCLURE AND MACKINNON will open the fur buying season Monday, December 7th. 10613-14

LEVIN is paying highest prices for Silver Fox and other furs at B. R. Holman's Office, Charlottetown. 10898-12-15-16.

A GIFT FOR CHRISTMAS and all the year round is a subscription to The Charlottetown Guardian. Sent it to friends at home or abroad. They will appreciate it.

SPECIAL AT JIMMIE'S SHOE WHINE.—Cigarette Maker, 200 Cigarette Tubes, one package of Tobacco for 55c. 10910-12-15-31.

POLICE COURT—At the Police Court yesterday morning two vagrants were each given eight days in jail. A drunk was fined five dollars and costs or ten days in jail. A second had his five dollars ball bond estreated.

HOW TO PRONOUNCE "DALHOUSIE".—According to the Fredericton Gleaner, a noted Prince Edward Islander, Dr. Jacob Gould Schurman, thirty years president of Cornell University, and afterward United States Ambassador to Germany, is stated on excellent grounds to be the man who secured an authority for the correct pronunciation for the word Dalhousie. When he was a member of the faculty of Dalhousie University, Halifax, N. S., Dr. Schurman wrote to the Earl of Dalhousie and that member of the Ramsay family in reply informed him the name was pronounced "Dalhowse." This, says the Gleaner, should settle the vexed question which troubles some in New Brunswick as well as it did those in Nova Scotia. It is a safe bet, nevertheless, that some still will call it "Dalhoosie."

TEACHERS STUDY GROUP MEETINGS

The monthly meeting of the Teacher's Study Group was held in the Prince of Wales College on Saturday December 12th with fifteen teachers present. In the absence of both president and vice president, Miss Helen Nantes presided. The following committees were appointed: Question box; Miss Wilkinson and Miss MacDonald; Press: Miss MacEachern and Miss MacKinlay. Supervisor MacPhail reviewed briefly last month's topic. A discussion on the different aims in the teaching of History was led by Supervisor MacPhail. A brief outline on "Methods in History" was given by Supervisor Court. Miss Agnes Clements read a very interesting paper on "History." Next meeting is to be held January 23rd at 10.45 A. M. The topic to be discussed is "A assignment to Teachers." Each teacher is asked to read a chapter on this topic from any recognized Method Text.

PERSONALS

Misses Carmelita Solomon, Isobel MacPhee, Messrs James Condon and Henry Sampson motored to Charlottetown from Georgetown. —A.

The many friends of Mr. William Martell of Burnt Point are sorry to hear that he has had an operation in the city hospital. All hope for a speedy recovery.—A.

Reparations And World Business

(By Canadian Press)

BASEL, SWITZERLAND, Dec. 15.—(CP)—Germany is being forced to dump her products abroad in order to pay reparations. Hendryk Colijn, Dutch member of the Young Plan Advisory committee, declared today when the committee opened its discussion of the effect of reparations on world business.

Asserting he spoke as an economist rather than a politician, M. Colijn said enforced German dumping was aggravating international commerce and was one of the elements stifling world business.

The necessary transfer of reparations payments by Germany appears impossible, the Dutchman informed his colleagues on the committee which is studying Germany's capacity to pay.

PROMINENT QUEBEC MERCHANT DEAD

(By Canadian Press)

VALLEYFIELD, QUE., Dec. 15.—The death occurred at his home here early this morning of Adelard Raymond, merchant aged 80. Mr. Raymond was one of the most widely known men in the district and was the father of Senator Don't Raymond and of Maxime Raymond, member of Parliament for the district of Beauhar-

9 Canadians May Be Beatified

FIVE WOMEN AND FOUR MEN BEING CONSIDERED BY CONGREGATION OF RITES

VATICAN CITY, Dec. 10.—Canada may play nine of her men and women on the Calendar of Saints. The Congregation of Rites is considering this number of causes for ratification of Canadian saintly people.

Most of these have been dead for years, even for centuries. Five are women, four are men.

Together with the United States eight candidates and Mexico's two, the congregation is examining 19 causes for beatification.

Last year eight Canadian and American martyrs were canonized by the Pope in St. Peter's.

Two bishops are in the Canadian list. One is Francis de Montmorancy-Laval, first Bishop of Quebec, who died in 1708. His petition was first introduced in 1880. The other is Vitale Justin Grandin, first Bishop of St. Albert, which later became the diocese of Edmonton. He died in 1902.

The Canadian cause nearest conclusion is that of the Venerable Margherita Bourgeois, founder of Sisters of Our Lord, who died at Montreal, 1700. The cause was introduced in 1878. The congregation has approved her virtues and recognized the miracles wrought by intercession of her. This last was done in August of this year.

The remainder are: Alfred Pampalon, Redemptorist, died at Quebec, 1896.

Frederick Jonscoone, Friar Minor, died 1916, at Trois Rivières.

Venerable Maria of the Incarnation, founder of the Ursuline Sisters of Quebec, died there 1672.

Mary Catherine, Augustinian, Nun died Quebec 1678.

Venerable Mary Margaret Durofret de Lajemmerais, founder of the Sisters of Charity (Soeurs Grises) of Montreal, died there 1771.

Mary Rose Durocher, founder of the Sisters of the Holy Name of Jesus and Mary, died Montreal, 1849.

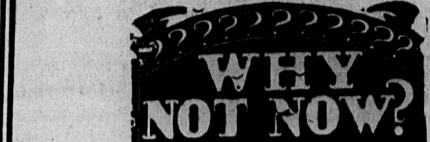

The Congregation of Rites has under consideration 551 similar causes, of which 271 alone come from Italy. France has advanced 116.

NEW INVENTION CUTS FARM COST

(Canadian Press)

EDMONTON, Alta., Dec. 15.—J. Silles, of Clover Bar, Alberta, has invented what he describes as a barge and sweep which eliminates the need of binder twine, a great expense to the farmer during harvest, and which may be made by the farmer himself, thus preventing the necessity of expending money on machinery.

The barge is a huge box on wheels while the grain is being cut it can be attached to a binder or header. The grain runs into a box, in the bottom of which is a large trapry must be raised to 700 pounds.

Hunter River and Vicinity

The Starch Factory at Hunter River has closed for the season. It was reported that over eighty one thousand bushels of potatoes were ground up there this fall, which was a great help to the farmers who have no other market for small or otherwise unsalable tubers. It also was a help to the men employed there who would otherwise have no work.

Canadian Currency Soon Near Par

(By Canadian Press)

TORONTO, Dec. 15.—In the opinion of Finance Commissioner George Wilson, the mind of financiers in New York is in a very confused state, particularly in connection with their view of Canada's ability to meet her obligations in the United States.

The commissioner, commenting on the added amount Canadian provinces, cities and commissions will have to pay on obligations maturing in New York, owing to the discount on Canadian currency, pointed out that at the present time the visible trade balance between the two countries is in favor of Canada.

"The only justification I can see for the present premium on the American dollar is that the invisible trade balance may be against Canada, but we are given to understand this is not the case," declared Mr. Wilson.

If the present rate of discount prevails next year, Toronto will be forced to pay an extra \$1,200,000. The T. T. C's extra burden on this account will be some \$200,000 and that of the Toronto Hydro, \$500,000.

York township lose about \$18,000 in October alone by discount rates. "The situation is," commented Commissioner Wilson, "that American bankers appear to be linking the Canadian dollar with the pound sterling. I can see no justification for that." He believed the situation

Railway Commission Short Session

(By Canadian Press)

CALGARY, ALTA., Dec. 15.—The Calgary sitting of the Royal commission inquiry into transportation problems threatened yesterday to be short and sweet when Justice Hon. L. P. Duff, chairman of the body tendered a lesson in punctuality.

Scheduled to commence at 10.30 a. m., Mr. Justice Duff called the sitting sharp on time but only A. G. Fraser, President of the Calgary Board of Trade, appeared. He took only two and one-half minutes of the commission's time and when no one else appeared Mr. Justice Duff declared the session over.

Bank Closes To Protect Depositors

(By Canadian Press)

CAMBRIDGE, MASS., Dec. 15.—Edwin T. McKnight, President of the closed Medford Trust Company, returned from Miami, Fla., hospital yesterday to plead not guilty to 42 indictments growing out of the closing of the bank. He was released in \$10,000 bonds.

Daniel C. Mulloney, President of the bank, said "Because of extraordinarily heavy withdrawals, the directors of the Federal National Bank of Boston in order to conserve the interests of depositors have voted to ask the comptroller of currency to take charge of the bank."

President Mulloney said he believed that with careful handling of the accounts the depositors would receive 100 cents on the dollar.

Judge James E. O'Donnell of the Middlesex National Bank of Lowell, a subsidiary of the Federal National Bank of Boston, in a statement tonight said the bank would not open its doors tomorrow.
