

Georgetown And Vicinity

The regular monthly meeting of the Georgetown Branch No. 16 of the Canadian Legion, B.E.S.L., was held on Wednesday, December 4th in the Club rooms. Twenty eight members were present. In the absence of the president and vice-president, Comrade Neil Wight, a member of the executive was appointed chairman for the meeting. Motions covering the date of the annual meeting, which will be held on Wednesday, Jan. 8th, 1947, and the procuring of the Town's Auditors, to audit the Branch's books, for the year were passed. A great deal of routine business was then disposed of and the treasurer's financial report was presented and adopted.

The adjourned nomination day, from Nov. 27th was reopened on Wednesday and legal advice, re- the legality of the nominees was put in evidence. Nominations which were entered on Nov. 27th were declared null and void and notice has been posted for a new nomination day to be held on Saturday, Dec. 14th.

In Memoriam

MR. MURDOCH NICHOLSON

On October the second in the Montague Hospital the death occurred of Murdoch Nicholson, long-time resident of the Whinn Road.

Mr. Nicholson was born on November 14, 1865, on the farm where he lived all his life. He was one of seven children of whom only one has survived him, his twin sister, Mrs. Dan Stewart, now living in Cambridge, Mass.

In 1892 he married Sarah Nicholson, who passed away three years ago after a long illness. They have one son, Dr. Daniel Nicholson, who is Professor of Pathology in the Faculty of Medicine in Winnipeg, Manitoba.

Mr. Nicholson always resided on the farm on which he was born and was known throughout the district as a successful farmer. Through his industry and good judgment he improved his farm and home and was always a centre of attractiveness and hospitality.

During his later years Mr. Nicholson made number of trips away from home. He twice paid long visits to his son in Winnipeg and also visited New York, Boston and Vancouver at various times. But he always remained loyal to the Island and was glad to return to his home.

Although he had been ailing for the last year he was confined to hospital for only a few days. The funeral was held on Saturday, October 31st, at the residence with burial in the family plot at Valleyfield. His son Dr. Nicholson arrived by plane from Winnipeg in time for the funeral which was conducted by Mr. MacLean of Montague Presbyterian Church and the Rev. Mr. Sterling of Valleyfield United Church.

UNWELCOME VISITOR COMES TO CANADA

Two specimens of an unfamiliar tick discovered in Toronto, Montreal and other parts of Eastern Canada, recently have been identified by Dr. C.R. Twinn, Division of Entomology, Science Service, Dominion Department of Agriculture, as the brown dog tick. The discovery is an interesting one, says Dr. Twinn, because the species in Canada has been recorded only in a few places. The brown dog tick is an Old World species which established itself in the southern States, and is now spreading northwards. The normal host of the tick are these animals and their surroundings may come heavily infested. A particularly troublesome feature is that the various life stages of the tick may become established in homes where infested dogs are kept. In other words, this tick is a domestic pest. Where prevalent, the ticks may occur in great numbers around baseboards, windows and door casings, curtains, and furniture. A favourite hiding place is also under the edges of rugs.

MISS ANNIE LEARD

Miss Annie Leard, passed peacefully away at her home in Beauceville on Wednesday, Nov. 27th. Some time ago she suffered a slight stroke from which she rallied and was able to attend quite regularly worship on Sundays in United Church of which she was a devoted member. She was a loyal member of the Woman's Missionary Society and took a great interest in the work. She was of a kind disposition and won for herself many friends and will be greatly missed in the community. She was the daughter of the late Mr. and Mrs. Thomas Leard and was born in Tryon 80 years ago. When very young her family moved to St. John, N. B. where she spent her girlhood days. Later they moved to New York, where she resided for 31 years. In 1915 she with her father and family moved to Beauceville, where she lived until the time of her death. Just last year she visited her former home in St. John, N. B., returning to the Island by airplane and enjoying the trip very much. In her declining years she was tenderly cared for by her cousin, Mrs. Edna Jenkins and Mrs. Percy Affleck. Three sisters and a brother predeceased her within recent years. Her funeral was held in Beauceville United Church on Friday afternoon and was largely attended. The service was conducted by her pastor, Rev. J. M. Baxter assisted by Rev. C. A. Britten. The minister took his text from Psalm 137, V. 2 and in his discourse referred to the fine Christian character of the deceased. Bymarks were, "The Lord is My Shepherd, There is A Land That is Father Than Day, and Safe in The Arms of Jesus, Fall bearers: Ralph Callbeck, Ivan Dawson, Walter Brown, Lloyd Affleck, Harry Gault, and Arvid Henderson. Many beautiful floral tributes covered the casket. Interment was in the family plot in Beauceville Baptist cemetery.—B.

LA GUARDIA TO RESIGN

NEW YORK, Dec. 1 —(AP)—Fiorenzo H. La Guardia said Saturday he would announce his resignation as director-general of the United Nations Relief and Rehabilitation Administration in a speech opening U.N.R.R.A.'s council meeting in Washington Dec. 10.

Alberton

Many friends regret to hear of the serious illness of Mrs. Joseph Keffe and wish her a speedy recovery.

Citizens in Alberton extend a warm welcome to Mr. and Mrs. Emmet McCue who have taken up residence in their newly completed home here.

Mrs. McFarlane, Bedeque, was a weekend visitor to Alberton, the guest of Mr. and Mrs. Eric Corbett.

Mr. and Mrs. Jack Irving and family have moved to Coleman. Mr. Irving and his brother intend opening a grocery store in the near future. Their many friends here wish them much success in their new undertaking.

We are glad to hear that the condition of Mr. Campbell, Station agent Alberton, P.E.I., is much improved. He is being replaced by Mr. Roy Gallant, Wellington.

Mr. and Mrs. Elijah Rayner are the guests of Mr. Rayner's parents, Mr. and Mrs. Joseph Rayner. Mrs. Elijah Rayner is one of the war brides who came from Holland a few months ago.

Friends in Alberton welcome the return of Mr. and Mrs. Waido Mathews (P.I.) who have taken up residence in the Larkin Apartments.

Mr. and Mrs. Austin Murphy are spending the winter months with members of their family in New York City.

Mrs. James Murphy left recently for Boston, Mass., where she intends spending the winter with friends.

Miss Estelle Haines, Junior Red Cross nutritionist for P.E.I., spent the week-end in Alberton. On Monday, she carried out a program in Union School, which is one of the ten schools chosen by the Department for the "Hot Lunch Project." This plan is being strongly supported by the teacher and also the Community Club of that district.

The ladies of Union Community Club held an auction sale of food and live fowl in the school house on Monday evening. Mr. Don Campbell acted as auctioneer. After a very successful sale, lunches were sold by the committee in charge. Proceeds amounted to twenty-five dollars.

A short course has opened at Alberton, P.E.I. The first day of the course was Credit Union Day and the following was the schedule of classes: Morning session opened with Registration for General Assembly and introductory talk. Next the division of the class into three groups: (a) Credit Union Directors, (b) Members of Credit Committees, (c) Members of Supervisory Committees and Treasurer. The afternoon session: (a) Duties and Powers of Directors by Reverend M.E. Francis, (b) Duties and Powers of Credit Committee by Mr. Dennis, (c) Outline of Credit Union bookkeeping and audit procedure by Mr. Leo J. Corcoran, (d) Problems of Directors. Reverend M.E. Francis, (e) Problems of Credit Committee by Mr. Dennis, (f) Outline of Credit Union bookkeeping and audit procedure by Mr. Leo J. Corcoran.

Crystal Dairy Plant Damaged by Fire

Approximately \$2,000 damage was done to the Crystal Dairy located on East Street, Summerside by a fire which broke out about 7:30 Tuesday morning. The plant is owned by Mr. William Sturdy and it only opened for business last July. Although the boiler room was destroyed and the upper part of the building and living quarters was badly gutted the main plant was not damaged.

The blaze originated in the boiler room which is in a one storey lean to attached to the main building and from there spread to the upper part of the main building. All Mr. Sturdy's furniture and his wife's and his own clothing was also nearly lost but he managed to save it even though some of the bills were scorched. It is understood that there is \$1,200 insurance on the building. Carpenters are now at work later rebuilding the boiler room; but it will be some time before the living quarters can be reoccupied.—B.

Mr. and Mrs. Erskine Hardy of Hills River motored to Summerside on Friday.

Miss Ella Metherall recently returned to her home in Mill River after spending a very pleasant few days with her brother James and family, of Bedford, N.S.

Mr. and Mrs. Curtis Dymont of Bloomfield Station, were visitors to Summerside on Monday.

Miss Ella Metherall recently returned to her home in Mill River after spending a very pleasant few days with her brother James and family, of Bedford, N.S.

Messrs. Frank O'Holloran, Leslie O'Holloran, Ralph and David MacDougall of Bloomfield left recently for St. John, N.B., where they intend working for the winter months.

The many friends of Jackie Clarke of Hills River are pleased to welcome him home again, after being a patient in the P. C. Hospital for the past two weeks.

Mr. Ambrose Murphy of Carleton Sliding was a recent visitor at the home of his brother, Mr. Daniel Murphy of Mill River.

Mr. John Pincus of Bloomfield is at present a patient in the Western Hospital at Alberton.

Mrs. Harry MacAusland and Mrs. Erskine Smith of Charlottetown, recently spent a week with the former's parents, Mr. and Mrs. William Smith of Bloomfield.

Mr. Fred MacRae of Summerside was a recent visitor at the home of Mr. and Mrs. Robert Hunter of Rosebank.

Miss Florence Doyle of U.S.A. is spending the winter months at the home of her parents, Mr. and Mrs. Michael Doyle of Lot 7.

A very delightful birthday party was presented in honor of Miss E. Van Nieuwenhuisen recently. A delicious decorated cake was made for the occasion by Mrs. Robert Shaw. Many happy returns of the day were extended to the boys by those present.

Winter crippling was once thought to be caused by a lack of exercise but is now known to be a deficiency disease (rickets). By feeding adequate minerals and vitamins pigs can be grown and fattened in small pens without sunshine or much exercise. It is a good plan to provide separate attention to ensure proper mineral and vitamin content of feed to prevent crippling, says E. Van Nieuwenhuisen, Dominion Experimental Station, Scott, Sask.

Proper Feed Helps Hogs in Winter

Many farmers when feeding pigs during the winter months may become discouraged by difficulties encountered due to weather conditions. In addition to a slightly greater feed requirement, special attention is necessary to ensure proper mineral and vitamin content of feed to prevent crippling, says E. Van Nieuwenhuisen, Dominion Experimental Station, Scott, Sask.

nursing sows usually happens suddenly while nursing a litter of pigs or soon later. This is usually traceable to a deficiency of calcium in the diet during the gestation period. It is a concentrate is not used before farrowing one per cent ground limestone in the chop will be helpful to both sow and unborn litter and should be continued during the nursing period.

CLEAN QUARTERS NOW FOR LAYING PULLETS

The cleaning of the laying pens to house well reared, vigorous flock of pullets for fall and winter production is an important factor in poultry management. Sanitation helps in the production of a top quality product.

The time of the clean-up will depend upon the plan that the flock owner has for the management of the flock. At the Poultry Division, Dominion Experiment Station, Nappan, N.S., the months of August and September are most suitable for the flock.

After the disposal of the surplus stock, all the litter and house equipment is removed. This allows for the thorough scraping and scrubbing of the interior with a stiff brush and a proper cleaning solution. After the interior is cleaned and drying out, the other equipment is disinfected and when clean and dry is put in place again. The use of a hose with a good force of water is practical for good cleaning.

Love is about the best cleaning
