To the Electors of Charlottetown and Royalty.

GENTLEMEN.—A large convention of the Liberal-Conservative party held on Wednesday night, I was unanimously nominated to contest this district in their interests on the 16th inst.
I have consented to offer and am now a candidate for your suffrages.
It is but right that I should state my views on public questions as strongly as possible.
1. I am opposed to the Legislature appropriating the moneys belonging to this city for revenue for the whole province. This city has to keep up its own institutions and has a right to all its revenues.
2. I am opposed to members of the government and members of the Legislature being paid public moneys contrary to law.
3. I believe that the policy of burdening this province with a public debt and paying large sums annually for interest, is ruinous to both town and country, and if elected I will do all in my power to make revenue and expenditure meet.
4. Should you honor me with your support I shall endeavor to promote the best interests of Charlottetown and Royalty in particular and the whole province in general.
As the time for canvassing the district is very short, it will be impossible for me to personally canvass all the electors; therefore I take this means of soliciting the votes and influence of electors in this contest.
I remain, Gentlemen,
Yours respectfully,
P. B. BROWN,

ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

On the first page of this issue appears the 24th annual report of the Mutual Life Assurance Company of Canada. The whole report must be most gratifying to the policy-holders all of whom are at the same time the sole shareholders and proprietors of the company. The Mutual Life of Canada has always been noted for its economy in management and great care in selecting risks. As a result its interest income alone is sufficient to pay all its death claims or all its expenses and still leave a large surplus. This places the company in a unique and enviable position in this province and is a sufficient testimony to the excellence of its management. On examining the company's assets one is impressed with the absence of anything speculative. This sound, conservative policy has not prevented the Mutual Life of Canada from being aggressive,—it is right in the forefront of competition—indeed, it had made a greater net gain in Canadian business in force during the past five years than any other company doing business in Canada (computing by the last five yearly Government Reports). Last June, the company established an agency in this province under the management of Prof. J. O. Arsenault, whose office is in the Y. M. C. A. Building, and since that time the company's business in this province made unprecedented progress. The Guardian congratulates Mr. Arsenault upon his marked success and upon the exceptional advancement of the company hereabouts. The Mutual Life's future will no doubt be proportionately as successful as its past.

ADDRESS TO A. W. ROBB.

Charlottetown, P. E. I., March 12th-04.
Mr. A. W. Robb,
Dear Sir and Brother:—In view of the early severance of your relationship as Secretary of the Y. M. C. A. of this city, we attempt to embody in this manner a sense of the loss to the city and this Association through your removal to another sphere of labor.
We recall that when our Association work was disorganized, and peculiarly uninviting, you came to us at the call of duty, and were not afraid to face the problem; that you manfully undertook the re-organization of the work; and its present condition is a standing testimony to the success of your efforts.
By your personality and vigour, you were able to rally to the cause the assistance of Christian workers, the young men and the ladies, and this unity of effort has in a large measure accomplished the results we all wished and prayed for. The large place which our institution now holds in the hearts of all true citizens, is most gratifying to the Directors, and also speaks volumes for your efficiency as a leader.
Our rooms are now a centre of social, physical, educational and spiritual life, and the Association has become in verity a Young Men's Christian Association. The social features of the work have proved very inviting. The educational work has been well maintained, the reading room and library equipment meeting with much public appreciation. The physical work has in a greater degree than ever before, accomplished the work of building up strong bodies. The classes have been more largely attended than at any previous time in our history. We have looked upon you as an ideal physical instructor.

We feel that the spiritual work of an Association is a true index of its value and worth. In this regard we are gratified to know, that during your term, and largely through your efforts, many young men have been led to definite decisions for Christ. If "one soul is worth more than the Kohinoor", who can doubt the ample return of value to this community through the spiritual awakening of many young lives.
Your relations with the Board have been peculiarly harmonious and pleasant. We have admired you for your earnestness and devotion; for your good common sense, which has helped us to solve many a problem; and for your executive ability, so essential in an Association's Secretary.
Personally, we are under a deep sense of our loss. To have laboured individually with you has been but to endear you the more to us. To have known and communed with you as "Friend", is a privilege that will ever cause us grateful thoughts. We feel the richer for our personal contact with you, nor will absence weaken the tender yet enduring tie that binds our hearts together.
Be assured Dear Brother, of our prayers and sympathies, as you enter upon a broader field of duties, and our continued interest in your personal welfare.
We wish for yourself and Mrs. Robb long lives of usefulness, and the largest measure of success in all future work.
Signed on behalf of the Board of Directors:
W. A. HAWLEY
R. T. HIGGS
W. C. TURNER
J. K. ROSS.

Mrs. McLeod wife of George S. McLeod, of the Provincial Treasurer's Department, received a despatch yesterday announcing the death at Boston Sunday of her brother Charles E. Small son of the late Chas. Small of Marshfield. The deceased who was in his 23rd year had been a resident of the United States for about ten years. The remains left Boston yesterday for the Island, and will be taken on their arrival to Mrs. McLeod's residence on Alley Street.

**DR. CHASE'S SYRUP OF
LINSEED AND
TURPENTINE**

The sales of Dr. Chase's Syrup of Linseed and Turpentine during 1903 were over forty per cent. larger than in 1902. This means that nearly half as much again was used. Can there be better proof of the merit of this great family medicine?
It is undoubted the far-reaching effect of this preparation that makes it so popular.
People soon find out that it is far more than a mere temporary relief and that it can be absolutely depended on in serious and severe cases of throat and lung trouble.

Mrs. J. Provost, Renfrew, Ont., states:—"My fourteen-year-old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. We had about given up all hopes of his recovery when I heard of Dr. Chase's Syrup of Linseed and Turpentine. After using one bottle there was a great change in his condition, and I can positively say that he was completely cured by two bottles and he has not been troubled since. I never saw medicine take such quick effect and can sincerely recommend it."
Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, family size (three times as much) 60 cents, at all dealers, or Edgerton, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase the famous receipt book author, are on every bottle.

A sure indication that spring is coming is that the small boy is out on the door step and sidewalk with his Marbles, and the game is in full swing. Carter & Co are headquarters for his supplies in Marbles. All kinds, 200 dozen of Rubber Balls daily expected. Bouncers they are too, and a big ball for a small price.
