Black Hawks Defeat Red Wings 2-1

St. Michaels Win Opening Game Of Junior Series

Blank Edmonton Athletic Club, Champions Of The West, 5-0

(C. P. by Guardian's Special Wire) WINNIPEG, April 3.—Toronto St. Michaels College Eastern Canada title, came through with a 5-0 victory over Edmonton Athletic Club last night to take a one-game lead in best out-of-three game series for the Canadian junior hockey championship.

Outskating the Albertans in a hectic second period, St. Michaels notched three goals to add to a single in the first and third periods for the wide margin of victory.

Teno Outstanding

Shows from Edmonton sticks on Harvey Teno in St. Michaels goal were almost as many as from Irish muckers on Freddie Layetake in the Edmonton net. But Edmonton could not fathom St. Michaels defense nor get past the wily and sharp-eyed Teno.

"Pop" Kelly, St. Michaels right winger, was in on nearly every east-west attack that brought results. The western champions checked Kelly closely but he beat them most of the time.

Warfare Threatens

Warfare threatened for a few minutes in the second period and the game had to be stopped while penalties were swept from the ice. Edmonton was short Bill Carey and Gordon Watt when Neil Colville tore through on Teno. Nick Metz bodied him and they both went down after Metz had thrown his stick to stop the Colville shot. Metz was chased for 10 minutes and Colville drove a minor. Anger at Colville also being sent off caused the booing from the crowd and the avalanche of peanuts.

Lineups:

St. Michaels: Goal, Harvey Teno; defense, Reg Hamilton, Johnny Hamilton; forwards, Art Jackson, Pop Kelly, Nick Metz. Subs, Mickey Drouillard, Johnny Acheson, Lefty Bauer, Don Wilson.

Edmonton—Goal, Fred Layetake; defense, Gordon Watt, Neil Colville; forwards, Morye Rimstad, Mac Colville, Bill Carey, Subs, Andy Maloney, Walter Rimstad, Bill Oake, Alex McSporon.

For Maroons? Bert Connolly Likely To Be Missing From Moncton Hawks Lineup Tonight

SAMMY McMANUS

(C. P. by Guardian's Special Wire) TORONTO, April 3.—Moncton Hawks may have to get along tomorrow night without Bert Connolly, one of the highest scoring wingers on the club, when they face Fort William in the deciding game of the Allan Cup finals. Connolly's nose was fractured last night in the second game.

Coch Pery Nicklin of the Hawks, defending Canadian amateur senior champions, said tonight three bones in Connolly's nose were broken. He was doubtful about the forward playing but said Connolly himself wanted to play so badly that a decision would not be reached definitely until shortly before game-time.

Expect Shifts

Some shifts will be made in the Hawk front lines to make a place for Monty Muckle, should Connolly be kept on the bench. Muckle, former Winnipeg junior star, was used regularly last season but has seen only a little action this year. He is a right winger.

The big team from the Maritimes, supremely confident of victory after trying up the series last night with a 4-2 win over the western champions, will start the deciding game heavy favorites whether Connolly plays or not. The Forts won the first game Saturday night by 3-2.

Herd Goals Sensational

Gordon Haquouil, one of the best amateur goalkeepers to show here all season, has been the chief source of worry to the Hawks. In the first game Haquouil gave a sensational display in the third period to save off the rallying Hawks and kept them from victory. He was just as good last night.

Ross Knowles and Bobby McCann have given Haquouil fine protection on the Lakedead rearward, but the forward lines have been outskated in both games by the fleet Hawks. Dud James, slight centre of the champions, led the comeback drive last night with two goals and an assist and his mates outplayed the Fort William front lines consistently.

Not only the historic Allan Cup will be at stake tomorrow night when the intersectional rivals clash again, but the right to represent Canada in the first international series for the North American amateur title. Detroit White Stars, United States champions, will play the Canadian title-holders in the first game of the series here Saturday night.

West Indies Cricket Star To England

(C. P. Cable by Guardian's Special Wire) KINGSTON, Jamaica, April 3.—George Headley, Jamaica's "Black Brindley" sailed tonight for England to join the Halsingden Cricket Club of the Lancashire League.

Counted among the greatest cricketers in the game, Headley will be missed by the Leeward Islands where his clubs are lamenting the loss of many fine players who have gone to the Old Country and a movement toward stopping the exodus is gaining strength.

Amherst Plans For Boxing Championship

(C. P. by Guardian's Special Wire) AMHERST, N. S., April 3.—Amherst plans big things in sport for the coming season according to N. S. Sanford, President of the Athletic Association. Choosing a boxing chairman will be one of the first duties of the organization when the semi-annual meeting will be held soon. A team will be groomed to attend the Maritime boxing championships in Saint John towards the end of the month. Harry Burns, Maritime featherweight champion, Arthur Jardie, Maritime lightweight champion, Babe Ackles of Northport, Wilbur Harper and others will be under local colors. There will be special plans for track and field events. Basketball and baseball will come under discussion at the meeting.

HOWIE MORENZ

(C. P. by Guardian's Special Wire) MONTREAL, April 3.—(C.P.)—The chunky form of Howie Morenz, star centre of Montreal Canadiens since 1923, may be clad in Chicago Black Hawks livery when the 1934 National Hockey League season opens. It was learned here today that Major Frederick McLaughlin, owner of the Hawks, has asked Canadiens officials to name a price for Morenz. Canadiens officials could not be reached immediately for comment. Hockey observers here expressed the opinion that Canadiens would probably send Morenz to the Hawks if they could make a deal for Harold "Mush" March, right winger, or Paul Thompson, star left winger, and a large bundle of cash.

The veteran speedball from Stratford, Ont., has not had a very good season with the Flying Frenchmen. The flying figure of Morenz, which streaked like a red comet through the Hockey firmament for many seasons past, was noticeably slower this year. Howie was out of the game for several weeks with an ankle injury and then climaxed the season with a fracture of the right thumb in the final game with Hawks in the play-offs.

Thompson's Goal Second Overtime Ends Deadlock

Cude Brilliant In Defeat As Chicago Takes Stanley Cup Series Opener.

(C. P. by Guardian's Special Wire) OLYMPIA, Detroit, April 3.—The stiff-checking Black Hawks from Chicago defeated Detroit Red Wings 2-1 here tonight after 20 minutes and 10 seconds of overtime in the first game of hockey's classic Stanley Cup series. Paul Thompson, Hawk right wing star, scored the winning goal on a pass from Doc Romnes.

In front of the great Charlie Gardiner, fighting to retain his own prestige in the face of young Wilf Cude's challenge, the team that finished second in the National League's United States section, then eliminated Montreal Canadiens and Maroons in turn to qualify for the final, fought along straight defensive lines.

Cude Brilliant

Cude gave a brilliant exhibition in the Detroit nets to stand off the Hawks drives after Lionel Conacher had scored on him late in the first period. Then the Wings sent up a counter-attack and Gardiner came to the rescue. It was along in the third period before Herb Lewis connected with the tying goal.

A tumultuous crowd of more than 14,000 threw papers and other debris on the ice when Lewis shot the puck into the open Chicago net after Teddy Graham had rushed in behind the Hawk net and passed to Larry Aurie who feinted Gardiner out of position before slipping the disc over to Lewis.

Await Breaks

That goal sent the battle into overtime. During the first 20-minute overtime session, the teams struggled evenly in a defensive way. They watched for openings but both Gardiner and Cude were unbeatable when attacks got close to them.

The second overtime stanza had just started when Romnes and Thompson combined. The slender Detroit netman, hero of the Red Wing victory over Toronto Maple Leafs in the N. H. L. series, had no chance to get Thompson's shot. Conacher's first-period tally was by far the most spectacular play of the game. The 200-pound veteran defenceman broke away from a scramble almost in his own goal-mouth. He outsped the Red Wing forwards and by sheer weight smashed his way between Graham and Doug Young. His hard shot caught the corner of the net.

The victory gave the Hawks a good edge in the five-game series. The second game will be played here Thursday night and then the teams move to Chicago for the next two games, playing Sunday and Tuesday. If a fifth contest is necessary to decide supremacy, it will be played in Detroit.

Canada To Send Scholastic Team To Australia

(C. P. by Guardian's Special Wire) AMHERST, N. S., April 3.—(Canadian Press)—Twelve inter-scholastic runners from Canada will go to Australia this year to take part in the Empire Scholastic meet. C. D. Shipley, secretary of the Maritime Province Branch of the Amateur Athletic Union of Canada, said today. Trials will be held in all parts of Canada to determine the National team. There will give an added interest in track and field events in the Maritime Province, Secretary Shipley believes.

Appeal Case Will Open Thursday

(C. P. by Guardian's Special Wire) HALIFAX, April 2.—Hearing in an appeal from the murder conviction against Walter Wilkinson will open Thursday before the Supreme Court of Nova Scotia. The young Glace Bay miner is under sentence to hang May 17 for the murder of his sister-in-law Mrs. William Wilkinson.

He was found guilty at Sydney of killing the woman following an argument at their home last Feb. Mrs. Wilkinson, English-born, was bride, was shot as she sat in a wheelchair, her home after fleeing from her own residence.

Evidence of the neighbor, Mrs. Margaret McLeod, will be put forward as the defence's chief ground for its request for a new trial. Defence lawyers claim her testimony should not have been admitted at the trial. She told of a conversation with Mrs. Wilkinson, a few minutes before she died.

JEAN HARLOW, AUTHOR, HAS WRITTEN A NOVEL

HOLLYWOOD, April 2.—Jean Harlow has written a novel. The platinum blonde actress appeared at her studio today after six months away. Writing of the book, she said, explains her long absence from Hollywood's night life.

The book is going to be published, she said, and she "really believes" it will prove itself good enough to be made into a picture. In that event she may take the leading role. Her story, she said, is not about her own life. Its characters are "purely fictional". Its setting is in New York.

Van Klaveren formally challenged for the Vancouver Irishman's title during the afternoon and posted a guarantee of \$2,500 with the commission.

McLarnin won the 147-pound title by knocking out Young Corbett in one round last May. Efforts to match him against Barney Ross, lightweight champion, recently collapsed.

Gets 30 Years For Misappropriating Funds

(A. P. by Guardian's Special Wire) CLEVELAND, April 2.—Alvaney Johnson, grand chief of the Brotherhood of Locomotive Engineers and C. Shirling Smith, former Moon Jaw, Gaek, banker, were sentenced Saturday to serve from one to thirty years in Ohio State Penitentiary for mis-application of funds and false entry linked with the smuggling of the closed Standard Trust Bank of Cleveland.

Johnson was a director and Smith was president of the institution, successor to the Brotherhood Engineers Bank, which closed in 1931, two years before the bank crisis of last March.

The two were convicted in common pleas court about a month ago. Judge Virgil E. Terrell overruled a motion for a new trial, and sentenced the two to serve the one-to-30 year term on each of nine counts, the sentences to be served concurrently.

A day's execution was granted, and bond continued, pending further legal technicalities.

Arrested For Smuggling Fish

(A. P. by Guardian's Special Wire) PORTLAND, Me., April 3.—Harry Pineberg was held here today in \$15,000 bonds for his appearance in Michigan courts to connection with the smuggling of four freight car loads of frozen fish.

Unable to produce the bonds, Pineberg was committed to jail following his arraignment on a warrant charging him with being a fugitive from Boston, where he was arrested in Detroit officers said.

Participating in the investigation which was climaxed in Pineberg's arrest today at Vancouver, were Owen P. McCanna of Boston, supervisor of Customs Agents in New England, his assistant, Philip P. McWeeny, and Elmer J. Lewis of Montreal, supervisor of the Canadian district. They accompanied the prisoner here.

Customs officials said Pineberg had been active in a wide range of smuggling operations and they indicated other indictments against him are pending.

(C. P. Cable) (By Guardian's Special Wire) DUBLIN, Irish Free State, April 3.—The Irish Free State Government tonight issued an order imposing customs duties of 25 per cent on imported cattle and 10 shillings on imported raw skins or raw hides.

The new duties it was said, are designed to prevent imports of the these articles from Northern Ireland or elsewhere by persons seeking to take advantage of a proposed export bounty of 10 shillings on calf skins and a scheme to compensate farmers for loss of diseased cattle.

LABRADOR FURS WERE LEGALLY BOUGHT

(C. P. by Guardian's Special Wire) MONTREAL, April 3.—The real furrier who bought furs imported recently from Labrador, reported branded as "ridiculous" reports from St. John's that Newfoundland laws had been broken.

The furs, he said, had been exported legally from Labrador and he claimed to have in his possession the proper export papers from the Newfoundland authorities. Furthermore he declared he had done all possible to show the furs passed the Canadian customs regularly. The furs were flown here by aeroplane, the Montreal man said, after he had bought them from an importer near Blanc Sablon in Canada territory who turned over Newfoundland export papers at the time of the sale.

Of 48,000 school children recently investigated in Hot, England, only 28 were found to not have sufficient food.

Souris Wolves Defeat Red Point Ravens

On Monday, April 2nd, the Souris Line Road Wolves played the Red Point Ravens and emerged victorious by a 3-0 score. The game was fast with both goals making nice saves. The outstanding players on the Wolves team were the McCormack brothers, Daniel, Peter and John. On the Ravens side the standouts were Smallwood and Thompson. The Wolves were backed up by a hard working defence.

In the first period the play centered in the Ravens territory and late in the period Peter McCormack parked in front of the net, banged in a loose puck, making the score 1-0 in the Wolves favor.

In the second period after the face-off Daniel McCormack, who had thrown shots at all angles at the goalie, circled his own net, stick handed to the defense and drove a hard shot at the Ravens net which the goalie was unable to handle. In a few more minutes D. McCormack relieved Smallwood of the puck and again scored from the blue line. The period ended with the Ravens forcing the play.

In the third period the McCormack brothers made a determined rush which ended in a sensational save by the Raven goalie. Smallwood and his teammates put on the power act in an endeavor to score in the last few minutes but their plays were broken up by the poke checking of the Wolves forwards.

OPPOSED TO AMALGAMATION OF RAILWAYS

(C. P. by Guardian's Special Wire) MONTREAL, April 2.—(Canadian Press)—The board of trustees set up under the Canadian National-Canadian Pacific Act following the report of a Royal Commission, is opposed to "anything in the way of amalgamation or unification involving the taking over of the Canadian National Railways by its competitor," C. P. Fullerton, K. C., chairman of the trustees, writes in the Canadian National Railways magazine published today.

The chairman expressed the opinion that amalgamation or unification is a policy of co-operation as under a policy of amalgamation "an unlimited some form of management under a single administration is not impossible in the future."

It would be a mistake, he said, to disagree with the importance of the plan of single administration management put forth by its proponents. "Many of the arguments are forceful and appealing," the chairman wrote, "and even if, when amalgamation is proposed, they are not characterized by any noticeable degree of modesty, they are not to be lightly dismissed."

May Be Necessary

"There is this to be said," Mr. Fullerton's article stated, "that unless the position of all railways in Canada materially improves within the next few years many experiments, presently unpalatable and presently unacceptable, may have to be tried."

The chairman's article intimated fears of employees of wholesale dismissals because of "propaganda looking to the amalgamation of the Canadian National and the Canadian Pacific Railways" should be allayed. He said conditions of railroad service "should be made attractive to the best of our young men, and this can be done only by the railroads offering at least as much security of employment as do other professions and occupations."

"The propaganda," he said, "is based on the blind assumption that where an enterprise which has been taken over by the expenditure of public money and an enterprise which is still under private ownership find themselves as a result, among other things, of depressed business conditions, conducting their operations on an unprofitable basis, the publicly owned enterprise should be made virtually to surrender its existence as a separate entity, and leave the garnering of whatever harvest is presently available, and its equity in future prosperity, to its privately owned competitor. The underlying idea apparently is that the money of a shareholder has a sacred quality denied to that of a mere taxpayer."
