Stock Markets At A Glance

WINNIPEG, May 1 — (CP) — Canadian wheat was in keen demand today on the Winnipeg Grain Exchange with traders crediting the United Kingdom with taking 4,000,000 bushels.

CHICAGO, May 1 — (AP) — May rye established a new high over a 17-year period when it hit $1.37¼ today before profit taking caused a recession that carried the price two cents below the high.

MONTREAL, May 1 — (CP) — Current activity in Quebec junior mines was maintained in trading today on the Stock Markets. Trends were irregular with Sullivan issues getting set-backs after steady rises recently. Among the major issues boarded, C.P.R. slipped a major fraction when a number of fairly large blocks of stock were sold for, the street heard, British interests. In the pivotal groups, golds went to a new high for the second day running but adjustments generally were mixed.

NEW YORK, May 1 — (AP) — Stocks generally suffered a profit taking decline in today's market and, while assorted issues in the peace category put up fair resistance, leading rails, steels, aircrafts and coppers were under pressure.

The Associated Press 60-stock composite was off .4 of a point at 64.8, first drop since last Thursday.

TORONTO, May 1 — (CP) — The gold stocks advanced 1.17 in the index today on the Toronto Exchange, ignoring Wall Street's lead towards lower levels. Western Oil issues also advanced while the Base Metals showed practically no change at the close.

Traders again concentrated on the Quebec gold and copper issues, especially those recently in the spotlight on drilling results. East Sullivan swung between its record high of 6.75 and 5.40 and closed at 6.30, unchanged from the previous session. Turnover in East Sullivan totalled 123,000 shares. Eldona was one of the day's features. It traded 217,000 shares and climbed 28 cents to 1.58.
