Red Sox Defeat S'side Kinsmen 10-3. The Summerside Red Sox defeated the Kinsmen Juniors at the High School diamond last night by the score of 10 to 3. The loss dropped the Juniors into third position and victory for the Sox put them right on the heels of their old rivals the Legionnaires. Both teams booted the ball around a lot during the contest, but the Red Sox slammed two pitchers for a total of eleven hits while Daley was holding Frigid's freshmen to six safe singles. Gordie MacKay established what is probably a record for the diamond by hoisting the second pitch of the ball game over the right field fence for a home run. Pope followed with a single but the Kinsmen didn't get another hit off Daley until the fourth when Off-way singled, stole second and went to third on a passed ball and home on a wild pitch. Bobby Gay singled scoring L. Schurman who had walked. The Sox also started off with a bang, Landry doubled, Phaneuf was hit, Gaudet sent Landry home with a single, Phaneuf came home on a passed ball and Schurman drove Gaudet home with a single through short. The victors got another run in the fourth, Phaneuf getting a life when G. Gay dropped his high pop, stealing second and coming home when Landry overthrew in trying to cut him down at third on Gaudet's tap to second. The Sox collected six more runs in the fifth and before the inning was over G. Gay had relieved Williams.

Quickies By Ken Reynolds. Prepare To Install Parking Meters. Mr. W. L. Currie of Jones Electric Ltd. Halifax, was in Summerside yesterday and met Mayor J. F. Arnett, town councillors and town officials to finalize arrangements for the installation of parking meters on Water Street. It is understood that actual installation will not start for about a month. Decision to install parking meters on Water Street to alleviate the long standing parking problem was taken at the last meeting of the Town Council on Monday night. The meters will be put in on a trial basis and if, at the end of a year, they are not satisfactory, they will be removed. Before making a decision the Council sought information from other municipalities that have installed them and in most cases the word received was they have proved satisfactory. - S.
