FILM STAR AT PRINCE EDWARD

Miss Agnes Ayres Tells Of Hollywood Celebrities And Delights Audience With Short Account Of Her Screen Career.

The motion picture fans of Charlottetown, or as many of them as could crowd into the Prince Edward Theatre yesterday afternoon and evening were present to see and hear Miss Agnes Ayres, famous motion picture star.

Mr. C. J. Gallagher, manager of the Prince Edward, introduced Miss Ayres to her expectant audience.

Her first words and smile won the hearts of the crowd which listened intently while she told of her experiences in several of the pictures in which she played a prominent part.

Commenting on the character of Jack Holt, she mentioned that the first all-talkie to be held in Charlottetown, (July 29, 1929) was "The Donovan Affair", in which Miss Ayres played a major role with Jack Holt and Dorothy Revler.

Miss Ayres outlined the plot and part played by herself in several other popular pictures, such as "The Ten Commandments" in which she acted the part of a leper. The leading role in "The Modern Cinderella", was played by her. "The Affairs of Anatole" and "Forbidden Fruit" were also reviewed by the visiting star.

Miss Ayres never had a double act for her in any of her plays, often risking her life by performing daring stunts before the camera. Jumping from a thirty foot bridge and driving a racing car 105 miles per hour were feats all in a days work.

An interesting anecdote relating to the filming of "The Sheik" was told by Miss Ayres. The delighted fans heartily applauded Miss Ayres when she concluded her performance by giving her impression of Pola Negri singing, "Paradise". "The Crooked Circle" a mystery drama with Ben Lyon, Zasu Pitts, James Gleason, and Irene Purcell was the picture part of the programme, and caused a great deal of merriment in the audience.

Moslem Revolt Nipped In Bud

(Canadian Press Cable)

ALQAR, Rajputana, North India, Jan. 18.—The revolt of recalcitrant Moslems in this state against the Government has virtually ended. The British troops called in to restore order among the Moslems will be removed shortly and all outward signs of dissatisfaction have disappeared.

For a few days the revolt threatened to reach serious proportions but the immediate massing of troops, aided by aeroplanes to reconnoitre the impassable districts for possible gatherings of revolting natives soon eased the disturbance. The disorders broke out because the Hindus refused to join in anti-government activities of the Moslems.

them. If the jury considered that the explanation given might reasonably be true, though not convinced that it was true, it would acquit the accused. The jury was asked to consider if the prisoners' explanation was reasonable or not.

GO TO SCHOOL WITH MECCA & MUSTARD

Busy Mother of 6 writes—

"Just a line from a busy mother with six little ones, all subject to chest colds and bronchitis. I was told to use Mecca and Mustard for their colds. After trying so many other things, I found just marvelous results. The poultice loosened up the cough and breathing was much easier. They go to School with it on and there is never any danger of taking fresh cold, as after the old-fashioned Mustard Foulities. I am so thankful I ever tried it and feel I must tell you so. Surely this is heart-felt appreciation of Mecca. If your family is suffering from colds on Chest, Bronchial Troubles, 'Flu, Grippe, Lumbago, Chills and Aches, use Mecca and Mustard. The mustard opens the pores and enables the powerful healing, soothing properties of Mecca to penetrate—removing congestion and healing the painful inflammation. Sold by all Druggists—25c, 35c (Tube), 50c and \$1.00.

TWO BREAKS.—City police are working on two breaks which were discovered yesterday morning, one at the office of the Harris Abbotir Co., Ltd., from a safe in which \$85 was stolen, the other at the office of Mr. E. R. Brow from which a highly prized clock was stolen. As a clerk was at work in the Harris Abbotir office till an early hour this morning, police believe that the thief had concealed himself in the warehouse, and when danger of observation was over ransacked the desks of the office. It is believed that the safe from which the money was stolen had been left unlocked. Strangely enough no locks or windows were broken. It is believed that the intruder left the building by the rear door. A window in the rear of Mr. Brow's office had been left open accidentally, and the thief was able to climb through the opening. A number of drawers in the office were ransacked.

Mr. J. A. McAdam, Selkirk, was taken to the City Wednesday and entered the City Hospital for treatment. He was taken from the C. N. R. Station to the Hospital by A. A. Hennessey's ambulance.

PRODUCTION LEVEL IS WELL MAINTAINED

Encouraging Reports Submitted At Annual Meeting Of Kensington Dairy Association.

The annual meeting of the Kensington Dairying Association took place Tuesday, Jan. 17th, in the King George Hall, President Wm. L. Johnson presiding. The meeting, which was fairly well attended by the patrons and shareholders, was favored with the attendance of Hon. Thomas MacNutt, Minister of Agriculture and a former president for many years of the Kensington Dairying Association, also Dairy Instructor W. L. Brenton and Mr. S. C. Wright of the Dominion Staff Cow Testing Association.

The reports of the officers showed that the year 1932 had been highly successful for the Association so far as quantity of dairy products manufactured were concerned. The Kensington plant made an increase over the previous year of over 20,000 lbs. of butter, while the Hamilton Plant had an increase of over 18,000 lbs. cheese. The patrons of Hamilton Cheese Factory received an average of sixteen cents per pound for butter fat, this being the highest price paid by any cheese plant in the Province for the season of 1932. The Kensington butter patrons receiving an average of nineteen cents per pound for butter fat.

Mr. Harold Laird, Kelvin, was banner patron in Kensington Factory and James F. Donald in Hamilton Factory for 1932.

During the year the Association installed a new 25 h.p. boiler purchased from Bruce Stewart & Co., also a new Leonard Automatic Steam Engine to increase needed power facilities. Both plants were reported to be now in excellent condition.

The Secretary's report showed that the Board had effected a considerable decrease in the hauling costs of both cream and milk for 1932.

The Minister of Agriculture, Hon. Mr. MacNutt, in a helpful and practical address commended the reports of the officers and exhorted the patrons to hold firm to the all important basic industry in our Province, the dairy industry. He also strongly appealed to all the patrons to stand co-operatively and loyally in support of their own Association which has faithfully served the dairymen for the past forty years.

Instructor W. L. Brenton gave an interesting address on dairy and factory problems, dealing with present conditions in general. He highly commended the work of both makers Messrs. Leo Hughes and Cyril Connick, the latter having made 100% grade one cheese this season.

Mr. S. C. Wright gave an encouraging report of the work in his department and urged the patrons to take full advantage of service rendered by the Department.

A hearty vote of thanks moved by Mr. James Pendergast, seconded by Mr. C. M. Howatt, was tendered to the above named visitors for their attendance and valuable addresses.

Resolutions of condolence were moved by Messrs. Harry Brown and John Howard to the relatives of the late Herbert R. Baker and late Mrs. MacNutt. It was agreed to hold a meeting in Malpeque Hall at a later date.

The following Board of Directors were appointed for ensuing year: President, Wm. L. Johnson; Vice-President, John Simpson, James F. Donald, James Pendergast, William Casely, Wesley Heaney and Percy McGougan. Messrs. Harry Brown and James F. Donald were appointed representatives to the Provincial Dairy Association meeting in Charlottetown.

Fine Spirit Of Cooperation And Tolerance Is Fostered In Maritimes

Part Of The Long Tradition, Romance And History Of The Seaboard Provinces, Moderation And Co-operation May Be Called The Spirit Of The Maritimes, Declares Mr. Justice A.K. Dysart, Of The Court Of King's Bench, Manitoba. In Address At Annual Dinner Of Maritime Prov. Association At Winnipeg, Rev. S.J. Bonnell Among Speakers.

WINNIPEG, Jan. 19.—The splendid spirit of cooperation and tolerance without which it is very doubtful if confederation would ever have been achieved, was fostered in the Maritime Provinces, Mr. Justice A. K. Dysart, of the court of king's bench, told the Maritime Provinces Association at their annual dinner here tonight.

Part of the long traditions, romance and history of the seaboard provinces, moderation and co-operation may be called the spirit of the Maritimes, the speaker continued, for while it is not exclusively, it is distinctively Maritime.

The share and influence of Maritimers in the achievement of confederation, Mr. Justice Dysart said, was far in advance of what

their numbers would indicate.

A former prime minister of Canada, not a Maritimer, was his authority for the statement that when a debate is in progress in the House of Commons, the best contributions to a national problem come from Maritimers.

Mr. Justice Dysart, who is honorary president of the association, introduced by President R. D. Bell, and a vote of thanks was offered him in a brief speech by Chief Justice D. A. MacDonald, of the court of king's bench. Other distinguished speakers of the evening included Dr. W. C. Murray, president of the University of Saskatchewan; Archbishop A. A. Sinnott of Winnipeg and Rev. J. S. Bonnell.

ACQUITTED ON TWO CHARGES

Earl And Elmer Lund, Hinson Roberts And Amand Gallant Were Found Not Guilty In Liquor Stealing Case.

After deliberating for more than an hour following a two days' trial in the Supreme Court, a jury brought down a verdict of acquittal for Earl Lund, Elmer Lund, Hinson Roberts and Amand Gallant, who were charged with breaking into and entering on Oct. 30 last the Vendor's store on Great George Street, and with having stolen goods in their possession knowing them to be stolen.

Early in the afternoon the defense completed its case. Mr. R. R. Bell, counsel for the accused, then delivered his address to the jury, and was followed by Mr. M. A. Farmer for the Crown. Mr. Justice Arsenault then gave his charge and the jury retired to deliberate.

Mr. Bell, in his address, stated that the R. C. M. P. in their testimony gave no evidence that the accused made the break. The fact that liquor was found in the car with the accused was no proof that they knew the goods were stolen. Roberts told the officers where the rest of the liquor was. Elmer Lund was arrested on the island. It was for the jury to decide if he was hiding the liquor. It was not an uncommon thing for people to find liquor. The accused had no reason to believe that the liquor was stolen, and were taking it away to make what money they could from it.

Mr. Bell reviewed the evidence in some detail. Some person knowing that the Lunds were absent from the island might have brought the liquor to the shack at night, with the intention of taking it away later. Gallant, who had been at North Wiltshire on Saturday night had

been at the Palace Cafe with Lund and Roberts till 1 o'clock. Gallant got home at 1:10 a. m., slept with his father all night, got up at 8:30, went to Mass at 9:30, and prepared to go to Wellington to visit his mother in the afternoon. None of the accused had previous court records. All were sober on Saturday night.

Mr. M. A. Farmer in his address pointed out that in the preliminary hearing, Mrs. Lund, who did not give evidence at the trial, stated that the boys came home at 11:30 or 12, whereas defense witnesses had testified that the accused came home at 1:10. It had been necessary for the defense to change its story, due to the fact that Crown witnesses had seen the accused in the Palace Cafe after 12 o'clock; hence the truth of both stories told by the defense might well be questioned.

Mr. Farmer reviewed the main points of evidence, and pointed out that there were discrepancies in the evidence given by Gallant and Elmer Lund. One said that the bags had been filled before Lund arrived at the shack, the other said that they had been filled afterwards.

In his charge to the jury, Mr. Justice Arsenault made reference to the fine reputation of the Royal Canadian Mounted Police, and to the difficulty of the prosecution in getting evidence as use was not made of finger prints in this province.

After reviewing the evidence, Judge Arsenault stated that if the story of the defense was to be believed, the accused could not have been at the island on the night in question. Although several bottles had been opened at the shack there was no evidence that the accused had been drinking. Certain of the accused might be eliminated and certain others convicted. The jury might convict one or more on the first charge and one or more on the second. Earl Lund, Roberts and Gallant had been found with liquor in their possession. The question was whether they knew this liquor had been stolen. It was for the Crown to satisfy the jury that the young men knew that the liquor had been stolen. There was no excuse for the young men for taking the action they did. Their omission to inform the police, however, did not constitute a crime. As the Crown had proved that three men had been found with recently stolen liquor in their possession might in the face of any explanation convict
