Prorogation By May 19 Unlikely

OTTAWA, May 5 (CP)—Both Conservative Leader Macdonald and J. S. Woodsworth, C. C. F. Leader, told the House of Commons today they saw little possibility of concluding the work of Parliament in time for prorogation by the King on May 19.

John Blackmore, Social Credit leader, said he was not hopeful of concluding but his group was willing to try.

In a debate of nearly an hour, the three leaders not only discussed the possibility of early prorogation, but opposed the government's plan to adjourn Parliament during the period. Their Majesties will be in Canada.

The debate arose over a motion by Prime Minister MacKenzie King that the house sit tomorrow from 11 A. M. to six P. M. with an hour for lunch. Mr. Woodsworth protested vigorously at the extra day's sitting, but Dr. Manion did not object to sitting on Saturday and the motion carried.

CROWDS MASS FOR FAREWELL TO ROYALTY

King and Queen Sail Today On Six Weeks' Visit To Canada And U. S.

(By GUY BOADES
Canadian Staff Writer)
LONDON, May 5 (CP Cable)—London and Portsmouth prepared tonight for an elaborate farewell to the King and Queen who sail tomorrow on the first visit of a reigning British Sovereign to Canada, the United States and Newfoundland. The darkness and severely alien when spectators started to occupy vantage points from which they might see the state procession as it moves from Buckingham Palace to the decorated caverns of dingy Waterloo station where Their Majesties will board the royal train.

Transportation from London to Portsmouth poured into the South Railway Company offices and the road announced it would accommodate the thousands wishing to go to the ancient naval base to catch a glimpse of the departing party and of the elaborate naval farewell.

From ancient Portsmouth Their Majesties will sail aboard a Canadian ship, the Empress of Australia. As they steam from the city on their historic voyage, they will pass the chief landmarks of British naval history.

Richard Coeur de Lion chartered the port in 1194. From that time Lord Nelson and other admirals who made the Royal Navy world famous.

Ashore there, embedded in concrete, lies the famous Victory Bell, a remnant of the Battle of Trafalgar, and still maintained on the strength of the navy.

On their wayward through the channel, Their Majesties will pass another ancient port—Plymouth—where Drake played bowls before destroying Spanish Armada and from which Sir Walter Raleigh, Sir Humphrey Gilbert and other famous seamen sailed.

As citizens took to the streets for a long walk under clear and sunny skies, Their Majesties sailed early tonight with a few of their closest relatives. Previously the King received Prime Minister Chamberlain in a farewell audience and signed a number of state papers.

In a small group, spectators gathered along the procession route. The Mail, Admiralty Arch, Trafalgar, Whitehall Bridge Street, Westminster Bridge, Bridge Road, and York Road to the station, ready to guard the route. Streets through which the procession will move will be closed to ordinary traffic.

Workers finished hanging drapes and flags and laying a crimson carpet along platform 11 from which the decorated royal train will depart.

The locomotive—lighter than usual because it must cross a small bridge to reach the Portsmouth dock—will carry on its front a great device showing the royal crest, the Union Jack, the Canadian Ensign and the Stars and Stripes.

In advance of the train, 20 large trunks carrying the Queen's gowns and the King's uniforms, formal clothes and everyday wear, and 80 trunks of baggage were sent to Portsmouth today.

It was announced tonight the King and Queen would return to the Empress of Australia from Portsmouth at 3 P. M. (10 A. M. AST). Their Majesties are due at Quebec May 15. They will journey through the Atlantic to the Pacific coast and back again to Niagara Falls, where, on June 8, they will enter the United States for a four-day tour after which they will go to the Maritime Provinces and Newfoundland. They will be away from England six weeks.

Charge Against Senator Logan Is Withdrawn

OTTAWA, May 5 (CP)—Another chapter in the famous Gypsum Queen repatriation case, which had begun during the Great War, was closed today when a charge of false pretenses against Senator Logan, N. S., one of its two principal figures, was withdrawn.

In the same Magistrate's Court where the other principal, Captain Freeman Hatfield, also of Parrabro, was sentenced two years ago, now charge against Logan, was withdrawn. The charge arose from payment of \$1,276 by the repatriation commission for Canada to Captain Hatfield for the loss of his schooner Gypsum Queen in 1915 off the coast of Ireland.

The court against Senator Logan was withdrawn by Crown Attorney Raoul Mercier and with the approval of the Minister of Justice for Canada and the Attorney General for Ontario. Mr. Mercier said withdrawal of the charge was subject to the right of the Crown to lay a later charge should new evidence warrant such action.

Sensor Logan, 31 since the charge was laid against him in September, 1937, did not appear in court but was represented by Roydon A. Hughes, his counsel. The Senator's illness caused repeated adjournments during the past two years.

Postpone Inquest Into Girl's Death

TRIMMINGS, Ont., May 5—Inquest into the death of Georgina Gibbs, 22, formerly of Campbellton, N. B., who died Thursday night from injuries received in a stabbing, has been postponed for at least a week, Chief Coroner E. R. Tucker announced today.

The inquest, originally was scheduled for today but the Coroner said that Frank Kramerich who is charged with the girl's murder and who is still in hospital suffering from allegedly self-inflicted wounds, had decided to exercise his legal right to sit at the hearing. He is not ready to leave hospital yet but the coroner said he believed Kramerich would be well enough to attend an inquest hearing by next Friday.

Missing Maritime Plane Is Located, Passengers Safe

JOGGINS, N. S., May 5 (CP)—Three occupants of a Maritime Airlines passenger plane walked nearly 20 miles to a telephone today to report the plane missing since yesterday afternoon, had landed safely at Sand Cove, isolated Chignecto Bay.

The co-pilot, Bill Arrowsmith, also a pilot of the Maritime, was believed to be Harry Axill of Moncton, who took off from Halifax Airport about 290 yesterday on a regular flight to Saint John.

Fog closed in on the plane shortly after the take-off. Pilot Frechette said, "We tried to get back but couldn't make it. We were completely fog-bound but we were completely lost. We saw it was impossible to fly to try to make Saint John."

Frechette then headed for Moncton, N. B., but when he found the plane on the Chignecto Bay shore he decided to set the plane down there. The landing was made without mishap.

Five miles from where they came down, the three occupants of the plane were found. They were taken to the nearest telephone where they were able to call for help. They were taken to a hospital where they were treated for minor injuries. They are now being cared for at the hospital.

Supreme Soviet Is Summoned To Meet By Stalin May 25

MOSCOW, May 5 (AP)—Russia's Parliament—the Supreme Soviet—was summoned today to meet May 25, but British circles in Moscow asserted there was no clarification tonight of the Soviet attitude toward the Anglo-French alliance.

A London report that Britain now favored a triple military alliance with Russia and France was received shortly by Soviet leaders.

Convocation of the Supreme Soviet tossed a new complication into an already enigmatic diplomatic situation, although observers pointed out this session was overdue. The last was held in August, 1938.

The call was issued almost immediately after Poland's foreign minister, Joseph Beck, announced in Warsaw his firm rejection of Germany's demands concerning the Free City of Danzig and Pomorze (the Polish Corridor).

Even efforts to learn merely whether a British note, dispatched from London in reply to Soviet proposals, had arrived were unsuccessful.

MAY CANCEL BISLEY SHOOT

Will Depend On Developments In International Situation.

LONDON, May 5 (CP Cable)—Cancellation of the regular program and possible complete cancellation of the Bisley shoot is in respect on developments in the international situation. It was revealed today by Major-General Sir Alan Hunter, Secretary of the National Rifle Association.

Such a demonstration, they said, might be planned as a cue for Premier Mussolini to intervene, as the Czechoslovak crisis, with proposals for a settlement.

Whether Poland would agree to foreign mediation was highly uncertain, and most observers regarded it as unlikely, but Mussolini was regarded as the logical choice because Italy belongs to the Rome-Berlin Axis and has historical ties of friendship with Poland.

It was doubted in foreign circles that Hitler planned any direct action against Danzig and Pomorze (The Polish Corridor). As a restraint against such a move, it was pointed out that it was accepted as a fact that Colonel Beck's speech was made with the full agreement and approval of Great Britain and France.

Poland's Position

Questioning Germany's aims throughout, Colonel Beck enumerated Poland's position as follows:

1. Danzig—"We have stood and we stand firmly on the ground of the rights and interests of our overseas trade and our maritime policy in Danzig."

2. Communications through Pomorze—"We have no ground whatever for restricting our sovereignty on our own territory."

3. A new contractual settlement of Polish-German relations—"Two conditions are necessary, if this is to have real value: 1. Peaceful intentions, 2. Peaceful methods of action."

"Peace is a valuable and desirable thing," the Foreign Minister declared.

Honor At Stake

"However, peace, like most of all things in this world, has its price, high but definable. We in Poland do not know the conception of peace at any price. There is only one thing in the life of man, nations and states which is without price—that is honor."

He charged that Hitler had used the Polish-German Agreement as a pretence for "a one-sided" denunciation of the Polish-German Non-Aggression Treaty.

"The German Government, he said made its decision 'without consulting the views of either the British or Polish Governments as to the character of the agreement concluded.'"

"It was not difficult to do so, for I expressed immediately on my return from London my readiness to receive the Ambassador of the Reich, who did not avail himself of the opportunity until this day," Colonel Beck declared.

The Ambassador, Dr. Adolf Hans Vogt, Molke, returned to Warsaw today.

U. S. To Accept Refugee Children

WASHINGTON, May 5 (AP)—Legislation to permit 20,000 German refugee children to enter the United States was approved late today by a joint subcommittee of the Senate and House of Representatives immigration committees.

The measure, which now goes to the full committee, would permit entry of 10,000 German refugee children under 16 years of age in each of the years 1941, and 1942.

BECK LEAVES WAY OPEN FOR NEGOTIATION

Next Move Over Danzig And Polish Corridor Is Up To Hitler

WARSAW, May 5 (AP)—Poland today condemned Germany's demands for Danzig and a soviet right of way through Pomorze and called Germany's renunciation of the 1934 Non-Aggression Pact "one-sided," but declared a willingness for peaceful negotiations.

Colonel Joseph Beck, Foreign Minister, in a 20-minute address before the Sejm (lower house of parliament) and a note delivered to the German Government replied to issues raised April 28 by Chancellor Hitler's Reichstag address and a German memorandum sent to Warsaw.

As a result of the deadlock, diplomats said they believed Hitler might resort, perhaps by a demonstration, to creating a situation in which world alarm might react to bring about international mediation.

Cue To Mussolini

Such a demonstration, they said, might be planned as a cue for Premier Mussolini to intervene, as the Czechoslovak crisis, with proposals for a settlement.

Whether Poland would agree to foreign mediation was highly uncertain, and most observers regarded it as unlikely, but Mussolini was regarded as the logical choice because Italy belongs to the Rome-Berlin Axis and has historical ties of friendship with Poland.

It was doubted in foreign circles that Hitler planned any direct action against Danzig and Pomorze (The Polish Corridor). As a restraint against such a move, it was pointed out that it was accepted as a fact that Colonel Beck's speech was made with the full agreement and approval of Great Britain and France.

German-Estonia Agreement Sought

TALLINN, Estonia, May 5 (AP)—The Cabinet today approved in principle Chancellor Hitler's proposal for a Non-Aggression Pact with Estonia.

The Latvian Foreign Affairs Minister, Vilhelms Munters is expected here tomorrow for a conference on Germany's proposal.

The German press announced Thursday that Germany and Latvia had reached agreement on a non-aggression treaty. Hitler offered such pacts this week to Norway, Sweden, Finland and Denmark as well as Estonia and Latvia.

Acquitted Of Murder

TORONTO, May 5—Dr. Warren Smyder, suspended corner of Mimico and former University of Toronto football star, was acquitted tonight of a manslaughter charge by an Assize Court jury after a 1-4 hours deliberation.

Ready To Accept Alliance With Russia, France

Note Dispatched To Moscow Believed To Call For Mutual Aid Against Aggression.

(By The Canadian Press)
LONDON—Prewar "Triple Entente" of Russia, Britain and France appeared near resurrection as Britain reported ready to sign three-way military alliance; King sails for Canada today.

WARSAW—Foreign Minister Beck declared Poland will not accept Germany's demands in Danzig and the Corridor but is willing to hold peaceful negotiations.

BERLIN—German comment indicates the Government is angry over Beck's speech; Hitler confers with advisers at Berchtesgaden.

MOSCOW—Russian circles silent on reported British decision to enter alliance; Parliament called for May 26.

PARIS—French Government concerned over failure of Yugoslavia to resolve its internal difficulties; Beck speech praised.

ROME—Fascist circles indicate Premier Mussolini has not given up hope of a peaceful settlement of German-Polish issue.

Japanese Bombs Kill Thousands

CHUNGKING, May 5 (AP)—Refugees streamed by the thousands from this wartime capital of China today in flight from Japanese bombers and fires which burned in many sections of the city.

To casualties in Thursday's heavy raid—now estimated to run as high as 3,000—were added hundreds believed to have died in fires started by incendiary bombs. How many actually perished probably will never be known.

(A later dispatch to Shanghai from the United States credited Tsuchida, stationed at Chungking, said there was a new Japanese aerial attack there Friday. The dispatch described the attack as consisting of "intermittent raids."

Poland's Answer To Chamberlain

Poland's answer to Chamberlain's demands for Danzig and rights of way through Pomorze was delivered by Foreign Minister Joseph Beck who condemned them as "one-sided," but he left the way open for further negotiations.

Hitler conferred with his aides at Berchtesgaden and preliminary indications were that he was more pleased with Poland's stand.

The commentary service Deutscher Auslandssender indicated that Beck's address indicated a new basis for further negotiations, that it was evasive and that Germany would insist upon speedy solution of the Danzig problem.

Must Bear Consequences

The commentary said Poland, to whom Britain and France have extended independence guarantees, had made her choice and must bear the consequences.

In addition to Beck's Warsaw speech, Poland delivered Hitler a notice offering to take up negotiations for a new non-aggression treaty to replace the one the Nazi leader denounced last Friday, but only on a basis of absolute equality.

Italians expected the Rome-Berlin reply to Poland's stand would be decided today at a meeting between the Italian and German Foreign Ministers.

Despite the firm stand it was indicated in Rome that Premier Mussolini still held hopes of finding a basis for peaceful settlement of the Polish-German issue.

Italy, meanwhile, pushed her rearmament drive with a \$50,000,000 increase in Army and Air Force estimates for the year beginning July 1.
