THIS WASHER MUST PAY FOR ITSELF

A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a fine horse, but I didn't know anything about horses much.

So I told him I wanted to try the horse for a month. He said "All right, but pay me first, and I'll give you back your money if the horse isn't 'right'."

Well, I didn't like that. I wanted the horse, but I didn't want to pay for it until I was sure it was 'right' and that I might have to whistle for it some day if I once parted with it.

So I didn't buy the horse, although I wanted it badly. Now this set me thinking. You see I make Washing Machines—the "1900 Gravity" Washer.

And I said to myself, lots of people may think about my Washing Machine as they thought about the horse, and about the man who owned it.

But I'd never know, because they wouldn't write and tell me. You see, I sell my Washing Machines by mail. I have sold over half a million that way.

So, though I am only fair enough to let people try my Washing Machine for a month, before they pay for it, I sell them, just as I wanted to try the horse.

Now, I know what our "1900 Gravity" Washer will do. I know it will wash the clothes, without wearing or tearing them, in less than half the time they can be washed by hand or by any other machine.

I know it will wash a tub full of very dirty clothes in six minutes. I know no other machine ever invented can do that without wearing the clothes.

Our "1900 Gravity" Washer does a work so easy that a child can run it almost as well as a strong woman, and it doesn't wear the clothes, try the clothes or break buttons, the way all other machines do.

It will wash soapy water clear through the fibres of the clothes like a force pump machine.

So, said I to myself, I will do with my "1900 Gravity" Washer what I wanted the man to do with his horse. Only I won't wait for people to ask me. I'll offer first, and I'll make good the offer every time.

Let me send you a "1900 Gravity" Washer on a month's free trial. I'll pay the freight out of my own pocket, and if you don't want the machine after you've used it a month, I'll send for my money until the machine itself carries the balance.

Drop me a line today, and let me send you a book about the "1900 Gravity" Washer that washes clothes in six minutes.

Address me personally, T. M. MORRIS, Mgr., Nineteen Hundred Washer Co., 357 Yonge Street, Toronto, Ont. (Factory: 79-81 Portland St., Toronto.)

POTATOES PLENTIFUL.—On Thursday the potatoes still continued to pour into Victoria. Wright Bros. received over six hundred and fifty bushels on that day.—V.

PAINFUL ACCIDENT.—On his way to Victoria, with a load of pressed hay on Friday last, Mr. E. Hillier, Tryon, met with a very painful accident. He came to a spot in the road where the hauling was heavy and went to jump off the load to lighten the burden. Somehow he slipped and badly hurt his leg so that he had to be driven home. As far as can be learned no bones were broken.—V.

AGRICULTURAL MEETINGS.—There is no way by which the farmers of Prince Edward Island can increase their yield of grain so easily as through the use of good seed. Small seed may germinate but it will produce delicate plants, and if it is sown thick it will hurt rather than help the crop.

PROVINCIAL SEED FAIR.—The Provincial Seed Fair promises to be bigger this year than ever. The Agricultural Hall at Summerside provides excellent accommodation, and everything is in readiness for the judging. Today agricultural meetings will be held during the afternoon and evening, and on Thursday at 12 o'clock the formal opening will take place.

POLICE COURT.—At the Police Court yesterday, John Sherry appeared before His Honour Stipendiary K. J. Martin on three charges, two in respect of the Prohibition Act and one for the alleged theft of \$100 from the person of George Burge, of St. Peter's Bay.

He is general manager for the large firm of Messrs. J. H. Myrick & Co., besides doing all the buying for the firm.
