### MALTEX BREAD

### MALTEX FLOUR

Maltex Flour, which is produced by the scientific treatment of the choicest wheaten flours with the finest barley malt diastase makes a bread of very fine, delicate texture, brown in color, and although containing no sugar, has a slightly sweet, nutty flavor, that is extremely delicious. MALTEX BREAD is proving a happy revelation as far as digestibility is concerned. It is one of the most appetizing and nutritious breads made.

I have secured the sole right from THE MALTED CEREALS CO., Montreal, Que., to manufacture MALTEX BREAD for Charlottetown, P. E. I.

Families who value pure and unadulterated foods should give this Bread a trial.

In Chlorosis, Anaemia, Tiredness, Langour, Brain Fog, Indigestion and Dyspepsia its action is prompt, and satisfactory cures always follow.
