FREE STATE ELECTION NO LANDSLIDE

So Far Government Has 21, to 31 For All Other Parties. — Government Cheered by Indicated Return of All Ministers.

DUBLIN, Irish Free State, Sept. 17. — First returns from Thursday's Free State parliamentary elections indicate that there will be no landslide in the direction either of the government party or Republicans. Figures at 3 o'clock this afternoon stood as follows: Government 21; Fianna Fail 17; Independents 7; Labor 3; National League 2; Irish Workers 1, and Farmers 1.

The government's confidence increased as tabulation of the votes cast in Saturday's elections seemed to assure the return of all the ministers. Cosgrave himself led the poll in Cork City with a substantial balance over the Republican candidate, former Lord Mayor French, who took second place in the preference. Full significance of the voting will not be disclosed before two or three days at least. Belated despatches show that there was disorder and bloodshed at some points. John Curran, a laborer, was fatally shot at Raphoe, and William Grogan was killed in a scuffle between rival parties at Killoke, county Kildare. Two other men were wounded in the Raphoe affair and three arrests were made. Perusal of ballot slips revealed that many voters preferred to give their political views than vote. One citizen in North Dublin scratched out the names of all the candidates and deposited with the ballot a photograph of the Prince of Wales marked "God bless him."

48 Hours Saved By Air Mail Delivery

(Special to the Guardian) TORONTO, Ont., Sept. 17.—Transit of Toronto mail from Father Point to Montreal by plane, and thence to Toronto by train was effected for the first time this morning when 119 pounds of business mail arrived here at 7:30 saved something like 48 hours on delivery. Postmaster Lemon said today.

New Members Make Official Entry To League Council

(Special to the Guardian) GENEVA, Sept. 17.—Canada, Cuba and Finland, the three newly elected non-permanent members of the council of the League of Nations, made their official entrance to the council today when as the result of the annual election the League's governing body met for its first meeting of its 45th session. Hon. Raoul Dandurand, Minister without Portfolio in the Mackenzie King Government and Government leader in the Senate, represented the Dominion, while Aguer Bethancourt represented Cuba. With the Finnish delegation Messrs. Dandurand and Bethancourt were welcomed by President Villagas of Chile. M. Villagas was asked by the Chinese representative to continue as president of the council despite the fact that it was China's turn to preside. On the motion of Sir Austen Chamberlain, British Foreign Secretary, the council postponed until December, the British proposal that the council hold three sessions yearly instead of four.

Hon. Robt. Rogers Returns From East Enthusiastic

(Special to the Guardian) WINNIPEG, Man., Sept. 17.—Hon. Robert Rogers returned today from the east enthusiastic over the interest felt in the approaching Conservative Convention. "It is not correct to say that Ontario is behind in the appointment of its delegates or is but lukewarm toward the convention," said Mr. Rogers. "By the middle of next week every constituency in Canada will have named its delegates and I expect between 3,050 and 4,000 from east of Manitoba will be here." This includes delegates, alternates, and those accompanying them for if any persons are sufficiently interested to travel from the east as far as Winnipeg to listen to the proceedings of the Conservative Convention I think they should be counted.

War Scare Is Said To Deepen

MOSCOW, Russia, Sept. 17.—The Russian war scare has been appreciably deepened by the French outburst against Ambassador Rakovsky in connection with his recent signature of a Communist circular calling upon the workers to sign, Maxim Litvinoff, assistant Foreign Minister, told the newspaper today in an interview published today. "Today's events in France," he said, "only make graver the present war scare in Russia. Only native people could believe that today's anti-Soviet campaign in France is directed against Rakovsky alone, because he signed the oppositionist programme."

Visit Of Railway Ticket Agents

A party of 24 Canadian National Ticket Agents from offices in the Canadian and United States West will arrive in Charlottetown on Wednesday evening, the 21st inst., and remain here until Thursday evening, when they will go to Summerside, remaining there until Friday p. m. when they leave for the Mainland. This is following up the policy of the Railways to have their principal ticket agents, who deal direct with the Public, conversant with conditions all over the System and thus be in a position to give first hand information to the travelling public. They are thus in a position to give good publicity to the Province in which they visit.

THE PRIDE OF DETROIT FLYERS HOMEWARD BOUND

TOKIO, Sept. 17.—William S. Brock and Edward F. Schlee, who flew from Harbour Grace, Newfoundland, to Tokio in the monoplane "Pride of Detroit," sailed for home this afternoon on the steamer Korea Maru.

MR. SNOWDEN DENOUNCES THE PROTOCOL

He Asks Whether Britain Can Afford The Obligations Incurred and Declares Disarmament is the Only Way to Get Security.

(Special to the Guardian) LONDON, Sept. 17.—The government is chucking over the peculiar predicament of labor on the protocol. No sooner had Ramsay MacDonald, Lord Parmoor and others proclaimed their renewed faith in the protocol and denounced Foreign Secretary Sir Austen Chamberlain for "intemperate language" than Philip Snowden denounced the protocol. He asks whether Britain can afford the obligations incurred under the protocol and puts a series of pertinent questions to what he calls "the uncritical supporters of the protocol."

He adds:—"My doubts about the wisdom of the policy of the protocol do not spring from any lack of enthusiasm for its aims—security, arbitration and disarmament. Of these the last is first. The willingness of the United States to disarm is an acid test of their disinterested support of the protocol. Disarmament is the only way to get security and the only way peaceful acceptance of arbitration can be ensured." Naturally, Snowden's flouting of MacDonald's enthusiasm has caused consternation in labor ranks, and the Tories are waiting with unrestrained amusement to see what MacDonald's report will be. It seems, however, that Snowden's opposition will effectively kill the idea of labor parading the protocol at the next election as the main plank of its foreign policy, as MacDonald now wishes to do.

Only Nine Sailors Were Lost From Japanese Steamer

(Canadian Press) TOKIO, Sept. 17.—Reports received today by the newspaper Ho-Nichi state that the Japanese S. S. "Wusun" Maru which was reported in Vladivostok advices to have sunk with the loss of 900 working men reached Hakodate safely on September 4th after encountering a heavy storm off the Kurile Islands. The newspaper says that the vessel owned by the Kawasaki Steamship Company lost only nine sailors who were washed overboard during the storm. The vessel was carrying 1,000 coolie fishermen from Kamchatka, Siberia, back to Japan. The despatches state that the storm was on August 31.

Again The Axe Swings Merrily

Once more the axe falls on devoted official heads and opens the way for "deserving democrats" and relatives and friends. The political pedigree of the promoted embraces services rendered, and other evidences of fitness for the allotted office. One, at least, Mr. Wonnacott, is son-in-law of Hon. B. W. Leveson-Gower, a qualification the strength of which cannot be doubted. What the others did to earn their way is not stated. The following appointments were made at a recent meeting of the Government:

- Supervisor of Taxes, Provincial Treasury—Lieut.-Col. C. J. Stewart, M. C.
- Clerk in Taxation Office, Provincial Treasury—Lloyd Wonnacott.
- To be a Coroner for Prince County—Dr. J. B. Champion, O'Leary.
- Jailer for Prince County—Antone Arsenault.
- Registrar of Deeds, Prince County—Geo. B. MacNutt.
- Collector of Taxes for Summerside—S. M. Hicks.
- Manager of School Supply Branch—Fergus Robertson.
- Asst. Manager School Supply Branch—Wm. A. Beers.
- Caretaker Agricultural Hall—James McKenna.
- Justices of the Peace—John McRae, Roseberry, Queen's County; Chas. C. Ellis, Dunstaffnage, Queen's County; Roy McKenzie, Borden, Prince County; Patrick McInnis, Borden, Prince Co.
- Clerk of the County Court, Fourth Circuit, Prince County—J. A. Collett, Centreville.

Here is the only woman who may spank a king. Princess Helen of Rumania is a believer of the old adage, "Spare the rod and spoil the child." Her royal son, King Michael I of Rumania, accordingly knows what it means to get a spanking. Thus the other day when the boy monarch was teasing the dog shown in the illustration by pulling its tail he was threatened with both a good smack and the punishment of being sent to bed without supper if he did not stop tormenting the animal. Who won the debate may be surmised from the smiles upon the features of the princess mother and the shepherd dog.

Legion's Tribute To American War Dead

(Special to the Guardian) SURESNES, France, Sept. 17.—Thirty thousand American soldiers who died in France were saluted today by their war-time leader and high officials of France and the American Legion, in the American cemetery here, where 1,507 marble headstones lie row on row. Pershing and Foch who ordered the men forward on their last fight, Edward P. Savage, national commander of the American Legion, General Gouraud, De Beney, Ragenan and Hart were among those who participated today in the tribute to these who died. This regiment of death had paraded for its officers in uniform of war. The positions were "sworn" today. In behalf of all the American soldiers listed as dead or missing after the great carnage, the men of Suresnes took their officers' salutes.

SIR GEORGE TREVELYAN NOW IN 90TH YEAR

Nephew of Lord Macaulay Was Minister in W. E. Gladstone's Government.

LONDON, Sept. 17.—Rt. Hon. Sir George Otto Trevelyan, of Welcombe, Stratford-on-Avon, who was Chief Secretary for Ireland under W. E. Gladstone's premiership of Great Britain, has entered his 90th year. After a lengthy career as a member of the House of Commons and a Minister in the Government of the day Sir George resigned as M. P. Jan. 30, 1897.

Besides being a statesman Sir George Trevelyan is an author, among his published works being the following: "The Life and Letters of Lord Macaulay," "Selections from the Writings of Lord Macaulay," "The Early History of Charles James Fox," and "The American Revolution," the last named being in four volumes. Replying to congratulations on his 90th birthday from the Liberals of Leamington, Sir George wrote: "I have nearly 90 years ago (in 1849) I well remember enjoying my uncle (Lord Macaulay's) 'History of England,' which even a child might read with pleasure and some understanding, and I remember likewise my pride at knowing that Prince Albert had sent for him to Windsor Castle to urge him to accept the Professorship of History at Cambridge. "And now I have lived to the year 1927 to read my son's 'History of England,' and to see him Professor of History at Cambridge." The son of whom the aged statesman and author refers, George Macaulay Trevelyan, well-known scholar and author of several other works in addition to the "History of England," which was published in 1926, was recently appointed by the King rector of Cambridge University.

Central Christian Church Services

At the Central Christian Church morning service Dr. MacDougall, in speaking of religious experience, that is less than Christian, referred to the fact that some of the blackest things staining the pages of human history have been done in the name of religion and some type of religious experience. He said that many of us see that there is a vast difference between religious experience that is really Christian and much that is not. He said many say that religion is religion—superstition and a cog on the wheels of human progress. Hence, we ought to get rid of all religion and religious experiences, Jesus added a religious experience. His was marked not by faith only in God, but also faith in the hidden world in man. He attracted men to himself because he had genuine faith in the redeemability of man when touched with the life and spirit of God. This the Pharisees, and many so-called religious people since their day, lacked. Hence they repelled people by their religiosity and "holier than thou" attitude. To the extent that one's religious experience is really Christian to that extent one commends the life and experience of Jesus Christ to others.

Golf Title Is Won By President

MONTREAL, Sept. 17.—Mrs. A. E. Mussen, President and founder of the Canadian Women's Golf Association, carried off the championship in the 36 hole touring concluded here today scoring 103—97—200 to take the honors by a margin of seven strokes. Mrs. Mussen's of today was her best round over her home course, Mount Bruno. The triumph of the five times president of the seniors, proved immensely popular. Mrs. Sidney Jones who has twice held the title, was runner up, the Toronto Golf Club Player having two consistent rounds of 104—103—207.

Representation On League Council Raises Debate

(Special to the Guardian) LONDON, Sept. 17.—There is an impression in London that the foreign office was not very anxious to have a dominion representative on the League Council but the accomplished fact is accepted. Despatches from Geneva show that theoretical questions are being debated as to whether Chamberlain can claim to represent the British Empire now that Canada is separately represented. The Times correspondent at Geneva says that in League circles it is thought the dominion membership of the council will commit Great Britain more deeply to the League. It is a fact, says the correspondent, that at Geneva there are often expressions of anxiety as to Britain's devotion to the League and some reassurance is welcomed. The same correspondent also says that a member of the Canadian delegation remarked to him that the "moral Monroe doctrine" to which Canada has in practice adhered, now becomes a hardly practicable policy and that Canada in future will take more interest in European affairs.

Seven Killed In Plane Crash

(Canadian Press) PLAINFIELD, N. J., Sept. 18.—Seven persons were killed yesterday and five injured when a Fokker aeroplane which had flown over all the airways of Europe and had made one famous trip from Holland to West Africa, crashed in an apple orchard near Newmarket. The machine was owned by the Reynolds Airways and was brought to this country from Holland about two months ago. It set out from Hadley Field with its load of passengers seeking their first thrill in the air.

PADEREWSKI SUFFERS SEVERE BURNS ON HAND

PARIS, Sept. 17.—Ignace Jan Paderewski's usual concert tour of America has been postponed until late in the Fall by a severe burn on his left hand, sustained while he was handling gasoline in his villa at Morges, Switzerland, it became known here tonight. Physicians have told him it will take weeks before he is able to touch a piano key with the injured member, and even longer before he can appear in a concert. The accident is the fourth which has affected his hands during the career which is estimated to have netted him more than a million dollars. He split the fleshy end of a nail of a finger on his right hand during a New York concert in 1926, and on that occasion collected indemnity from the insurance company which is said to have placed a valuation of \$5,000 on each finger and thumb.
