For 33 Years

Shiloh's Consumption Cure, the Lung Tonic, has been before the public, and this, together with the fact that its sales have steadily increased year by year, is the best proof of the merit of

Shiloh

as a cure for Coughs, Colds, and all diseases of the lungs and air passages. Those who have used Shiloh would not be without it. Those who have never used it should know that every bottle is sold with a positive guarantee that, if it doesn't cure you, the dealer will refund what you paid for it. Shiloh

Has Cured

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicine but nothing did me any good until I used Shiloh's Consumption Cure. Four bottles cured me. This winter I had a very bad cold, was not able to work, my lungs were sore on the side and back. Six bottles of Shiloh made me well again. I have given it to several people and every one of them have been cured.—D. Joseph, St Hyacinthe, Que. 60c

MANY will hear with deep regret of the death of Thomas Z. Taylor, aged 70, which took place yesterday morning after an illness of some weeks. The late Mr. Taylor was one of the leaders in civic affairs here for many years and for a long time represented Ward 3 in the council. Deceased was born in this city but spent about twenty years of early life in New Zealand and New South Wales where he was engaged in whaling. Here he was later engaged in the painting business for many years. He was a member of the Masons and was identified with First Methodist Church. He leaves to mourn a widow, nee Margaret Boyle, and one daughter Lillie J, at home. His brothers predeceased him, but he leaves three sisters, Mrs. McCormack, Colorado, Mrs. Farrow, British Columbia, and Mrs. McPherson of this city, and a large number of nephews and nieces.

What Sulphur Does.

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grand mothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and curealll, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur or medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health: sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers," will find in Stuart's Calcium Wafers a far safer, more palatable and effective preparation.

Some Snaps for Men

STOCKTAKING brought to light many matters that in the rush of Christmas business do not get the attention that we want to give them. For example, we find in some places that we have too much of a line—in others that we have too little—in still others we find lines we wish to discontinue. Today, we take our usual cure for this state of things.

MOORE & McLEOD

THE Christmas tree in connection with the West River Presbyterian church Sunday School took place in Afton hall on Thursday night Dec. 28th. The hall was beautifully decorated and a large Christmas tree was loaded with good things for the children. This was unloaded after an enjoyable program of recitations and singing. Zonophone selections by David N. Taylor added much pleasure to the evening. Selections by the choir under the instructions of their organist, Miss Belle Stewart, were well received and greatly applauded. The chair was ably filled by Rev. M. H. McIntosh. After the program was concluded Santa Claus appeared in his fur costume, addressing the congregation and called upon three of the young men to unload the tree. This they did and each of the children was presented with a bag of candy. The entertainment closed with God Save the King.

CAVENDISH Literary Society discussed the all important question of Education at a recent meeting. The question was ably opened by Hon. George Simpson who thought that the time had fully come for introducing an improved system of education into our common schools. He was followed by a number of other speakers who expressed themselves favorably to the consolidation idea with the introduction of nature study as the best means of improving the common schools of the Island and raising the standard of education by placing graded schools within the reach of all. It was the general opinion of all that teachers could not do nearly so good work in ungraded as in graded schools. Some speakers thought education was costing entirely too much for the results obtained. It was also stated that the teachers got little or no training in the art of teaching at the P. W. C. but had to take up their work and learn the art as they went along.
