MISSION BAND CONCERT AT UNION ROAD.—An entertainment of more than usual merit was held at Union Road Methodist Church on Wednesday night May 5th. This beautiful and cozy little church might well be taken as a model and it reflects much credit on the people of Union Road for their zeal and piety in making their place of worship in keeping with their assistance in the preparation of the programme and the young men who assisted them, are to be commended on the care and energy given to the practising, and congratulated on the very successful presentation of recitations, solos, duets and choruses. The recitations by three little tots was a source of pleasure to all. Much praise is due Mrs. Geo. Dust Causes Asthma. Even a little speck too small to see will lead to agonies which no words can describe. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. D. Kellogg's Asthma Remedy brings the user to perfect rest and health. It relieves the passages and normal breathing is firmly established again. Hundreds of testimonials received annually prove its effectiveness.

AN ORGANIZATION MEETING. A meeting for the purpose of organizing Morell School Fair was held in Mount Mary School on Friday, April 7th. The meeting was called to order by Inspector Cyrins, who explained the good of School Fairs, and urged the teachers and pupils to make this fair even better than their last one. Teachers and three of the following schools were present:—Bangor, Marie, Milburn, Morell East, Morell Rear, Mount Mary, Sinnott's Road and St. John's Harbour. The most important business of the meeting was the election of officers and the choosing of a prize list.

FROM BELGIUM.—A sixteen year old Belgium boy, Marcel Alexander, arrived in Charlottetown on Saturday night from Brussels and left Monday for Montague, where he will reside for sometime with Rev. Christopher Graham, Methodist Minister. This lad who is very bright for his years and is able to speak three languages, Flemish, French and English first became acquainted with Rev. Mr. Graham when the latter was in charge of the "Y" but in Belgium during the war. He intends becoming a Canadian citizen. His parents died during the war and he has recollections of the awful scenes in Belgium during the German invasion which he will never forget. One of the events which is deeply rooted in his memory is the spectacle of the German army marching in Brussels. For three days and nights the helmeted legions of the Kaiser kept marching into the city in one steady stream until the sight and sound became monotonous almost beyond endurance. What that army's entry in the city meant to the many homes in Brussels is a matter of history and the eternal shame of the German Nation. Master Alexander came to Canada via Quebec on the S. S. Scotia. He spent Sunday in Charlottetown the guest of Mr. and Mrs. R. C. Siddons.

Miller's Worm Powders act mildly and without injury to the child, and there can be no doubt about their deadly effects upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in numberless cases and have given relief to thousands of children, who, but for the good offices of this superior compound, would have continued weak and enfeebled.

LABOR FOR FARMS AT TWOPENCE A DAY. LONDON, May 9.—The executive committee of the Labor Party has sent a formal protest to Viscount Milner, Secretary of the Colonies, against his instructions to magistrates in British East Africa to "induce" the native chiefs to procure native labor for the farms of white settlers at wages ranging from two-pence to three-pence per day. The committee argues that such an "inducement" is tantamount to

HEARD IN Y. M. C. A.—"And what can I do for you?" said the motherly lady behind the counter "Dye keep tooth brushes?" asked the big trooper. "Yes." "I'd like one please." "Certainly, and what kind would you like, a soft haired one or a stiff one?" "Bless you, ma'am," replied the soldier, "I don't want to use it—it's for kit inspection."

DANCE.—The local Veterans are giving a grand dance next Friday night in the old Government House. Those intending to attend are advised to get their tickets at once. Help the Veterans by your attendance and at the same time you will be bringing back pleasant memories of the olden times.

THE NEW G. W. V. A. HOME.—The local branch of the G. W. V. A. have purchased the dwelling house of Dr. S. R. Jenkins on Gratton Street as a Home. It is understood that at a meeting of the Association held last night the Executive endorsed the purchase of the property, and at the same time complimented them for their nerve in doing so. It was felt by many present that the taking over of the property was a big undertaking and that the price paid was high. There was no doubt, however, in the minds of those present, that by hard and enthusiastic work, the property will be paid for sooner perhaps than expected.

RIFLE SHOOTING.—All persons, (except those belonging to the Artillery Club) in this City, who intend to do some rifle shooting on the Range this summer, are asked to be present at the meeting of the Charlottetown Civilian Rifle Club to be held in the City Court House (City Building) tomorrow night at 8 o'clock. As there are no Military Rifle Clubs in the city with the exception of the Artillery Club, all ex-officers and men of former units (other than Artillery) are asked to be present as well as civilians, in order that they may be organized and so help make this a bumper year on the Range.

INFANTRY REGIMENT.—We understand that Lieut. Colonel R. H. Campbell who went overseas with the 105th Battalion has been given command of the 1st Battalion of the Prince Edward Island Regiment of Infantry. We offer the Colonel our congratulations. We believe that when the bugle sounds the "assembly" for annual training, that many men of the good old 105th Battalion and other units, as well as the young men attaining military age, will respond to the call of what is not only a duty but a privilege.

EMPLOYMENT OFFICE.—The Dominion Government undertakes to run Employment Offices in every province for one year. At the end of that year they agreed to keep them open if necessary on the condition that the local governments would then undertake half of the expense. In all the provinces, with the exception of the three Maritime Provinces the local governments have now assumed half of the necessary expenditure, and a certain number of their employment offices are now operating. The offices in the Maritime Provinces are still closed, with the exception of that in Moncton, where the Town Council of that place have under-

taken half of the expenditure, the balance being borne by Dominion Government. We trust that the local governments of the Maritime Provinces, must consider that there is not enough unemployment to warrant the offices being kept open. We trust they have given the matter proper consideration; if they have not done so they should do so at once. If there is sufficient unemployment to warrant it, they should in some form be reopened, but if not they should remain closed, as we do not consider these offices should be kept open just for the sake of giving good jobs to a few men and numberless young ladies. Some of these post war Government positions are necessary, while others are a huge joke, there being little or nothing for the employee to do, but draw a big salary. It is up to Dominion government and the public at large to see that in the latter cases this waste of the peoples money ceases at once.

member of his flock. "But," said the wayward one, "you have always told us to love our enemies." "Yes," answered the good man, "but not to swallow them."

SERVICE BADGE.—In one of our late issues we stated that the holder of the G. W. V. A. rooms had two classes: "A" service badges, which had been picked up. A comrade lost his badge while here last winter, and seeing our notice, he wrote the local branch here quoting number of the badge, and in explanation the badge was found to be his. The service badge is of service to our comrades in this way. The tanto, has still one lost badge on hand and he will be pleased to hand same over to the comrade who can prove his ownership.

Irrevocable Split in Liberal Organization

LONDON, May 9.—The press and politicians are emphatic in the view that the Liberals Party conflict means an irrevocable split in the organization. There is a disposition to regard the situation as even more dangerous for Liberalism than the Home Rule secession. Steps have already been taken to organize purely Coalition Liberal election machinery. Attorney-General Hewart and his colleagues are angry over the Leamington treatment. One joins the Sunderland union with the Leamington experience as a visible sign that public opinion is bursting party fetters, and some independents profess to be jubilant over the withdrawal of the Coalitionists as clearing the situation.

The Daily News, which calls the Leamington incident a coalition rout, finds in the Prime Minister's position a "reason why the vote against Coalition was salutary and necessary." "Let Liberalism fight and lose for a while if it must," it says, "but let it at least not surrender its soul to reaction." The Times is against Coalition, and thinks that the morale of the Liberal split is that a great part of the nation is tired of the insincerities of the present system. The Mail says that Coalition is not justified now, as it is an act of acrimony. Public opinion is not in a state of Coalition, though the Government may be. The Chronicle regards the proceeds as extremely regrettable, and the methods of opposition by the Liberals as an unmistakable confession of weakness.
