Canada And The Atlantic Combine

Lloyd's List Weekly says: The speech which Mr. Charles Lomdson, the Chairman of the Anchor-Donaldson Line, made of the trial cruise of the company's new liner Letitia contained some very pertinent remarks on the subject of the attack which the Canadian Government has made on the British steamship companies serving the Dominion. The Preston report and the many speeches in the Canadian House of Commons which have followed it all make great play with the word "combine". Now, the first object of a "combine" is to eliminate unnecessary competition between its constituent members, and if it does not, within a reasonable time, succeed in effecting this it may be said to have signally failed. The Atlantic Steamship Conference has been in existence for many years; has it eliminated competition between its members? On this side of the Atlantic it is well known that it has not, but it is a people of a vast sub-continent like Canada are less familiar with shipping affairs than are the inhabitants of these islands, and for that reason a concrete example given by Mr. Donaldson of what is happening every day, under the supposed "tyranny" of the "combine" has a special value. The Anchor-Donaldson Line runs a weekly service of steamers from Glasgow to Canada. So does the Canadian Pacific Ocean Services. The combined cargo capacity of the two steamers sailing in any one week is from 10,000 to 12,000 tons. The average volume of cargo available for them is, Mr. Donaldson asserts, about 1000 tons. Both the companies are members of the "combine", and, confronted with these significant figures, one might suppose that any inhabitant of the North American Continent—the home of combines—would ask, why do not the companies reduce their sailings to one a week? The answer to that is, of course, that the North Atlantic Conference is not a combine. It is not an organization aiming at the restriction of trade; its purpose is rather to prevent the extinction of its members—and particularly of its weaker members—by the fierce and unmerciful competition which invariably develops in any ocean trade which is not carried on under some form of amicable agreement between the companies engaged in it. Freight wars may be productive of temporary advantages to shippers, but, if carried on to the bitter end, they may so impoverish the combatants that capital may not be available for the essential development of the services which they are concerned. It is doubtful if the carriage of cargo at uneconomic rates can ever confer permanent benefit on the shipper, and that, it may be said, is the weakness of the subsidized service which is projected by the Canadian Government. Supposing it to be successful, it could only result in the withdrawal of unsubsidized shipping now in the Canadian trade, and so the Dominion would be compelled either to accept a reduction in its facilities for ocean transport or to maintain those facilities by subsidizing them and more shipping. The latter alternative is a startling one when we consider the enervating effect of subsidies on the efficiency of the subsidized.

habitants of these islands, and for that reason a concrete example given by Mr. Donaldson of what is happening every day, under the supposed "tyranny" of the "combine" has a special value. The Anchor-Donaldson Line runs a weekly service of steamers from Glasgow to Canada. So does the Canadian Pacific Ocean Services. The latter alternative is a startling one when we consider the enervating effect of subsidies on the efficiency of the subsidized.

Watch Your Daughter

Chatham, Ont.—"I gave Dr. Pierce's Favorite Prescription to my daughter and it did her a world of good. She had always been delicate, had functional disturbances and was very nervous and weak. She also had a lot of trouble with her stomach. But after I began giving her the 'Favorite Prescription' she did not suffer, her nerves were good, she began to get stronger and finally developed into a healthy, robust girl. And what 'Favorite Prescription' did for my daughter, it will do for other girls if they will only try it."—Mrs. Fred Crouchman, 30 Adelaide St. N. All dealers. This Prescription is made in Dr. Pierce's Laboratory in Bridgeburg, Ont. Send 10 cents there if you wish a trial package of the tablets.

Ellis Prepares For Execution

FREDERICTON, April 21.—Arthur Ellis, the official Dominion hangman who slipped into Fredericton quietly on Saturday afternoon, registered at an hotel under an assumed name, and spent the weekend incoognito, started today to make arrangements for the execution of Harry D. Williams. Ellis placed the order for the lumber with which to erect the gallows. Present plans are for Williams to be hanged at 8 o'clock on Thursday morning.

"INFERNO" UNSURPASSED IN SCENIC SPLENDOR

Fox Picture At Prince Edward Makes Big Hit With Large Audiences.

Regardless of one's beliefs about the Hereafter, the William Fox screen version of "Dante's Inferno" is bound to appeal as a dramatic spectacle and an example of the amazing latitude of the film. This seemed to be the consensus of opinion yesterday when the picture opened at the Prince Edward Theatre. The classic is made the background for a modern setting. For massive scenery and sheer spectacular magnificence, the picture stands second to none. In addition, the story is interesting and the acting is well done. Henry Otto, the director with a flair for spectacular pictures, was behind the megaphone while the Inferno was being made. His directing hand shows in the directing of the picture. His directing scenes of Hades, with its vast throngs of tortured souls, again in the effective make-up of the characters and still more in the fantastic continuity which shifts from one grotesque chamber of Hell to another. Lawrence Butz as Dante is peculiarly well cast, and Howard Gaye as Virgil is possessed of the same essential dignity and poise. In the roles of the moderns, Ralph Lewis por-

AT THE "Y"

HAPPENINGS Gym 10 till 12—Special classes. 3.30 till 5—Intermediates. 5 till 6—Business men. 6 till 7—Girls basketball. 7 till 8—Ladies volleyball. 8 till 9—Senior class. Bowling 7. Central Christian vs. Zion. Social 6. Junior leaders supper. Meetings 8. Charlottetown lawn tennis club. General Pool, billiards, bowling, showers checkers, ping pong at your convenience. GYMNASIUM EXHIBITIONS The Juniors had a workout yesterday afternoon but are not quite satisfied with the way things went, so they have decided to get in an extra practice starting at half past six Friday night, and any Junior who wishes to take part must be there as near on time as possible. The clowns have been rehearsing their parts and intend to be able to make the most solemn laugh. The orchestra (or rather minstrel troupe) are going to put across some clever specialties between the various performances which in itself will be very amusing. The Intermediates and Seniors are having practice today and all is set for the big show on Friday night. COMMERCIAL LEAGUE Majority for Prowse Bros., 248 pins. Patons. H. Doucette 151 113 120 J. R. Gas In The Stomach Is Dangerous

Recommend Daily Use of Magnesia To Overcome Trouble Caused by Indigestion. Fermenting Food and Acid Gas and wind in the stomach, accompanied by that full, bloated feeling after eating are almost certain signs of the presence of excess acid in the stomach. This is the so-called "acid indigestion". Acid stomachs are dangerous because they create a delicate lining of the stomach, often leading to gastritis accompanied by indigestion and stomach ulcers. Food ferments and rots, creating the distending gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive pills which have no neutralizing effect on the stomach acids. Instead get from any drugist a few ounces of Bisulphated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and acid right out of the body, and sweeten the stomach. The excess acid and prevent its formation and there is no sourness, or indigestion, or flatulence. Bisulphated Magnesia (in powder or tablet form) never lingers in the stomach, is harmless to the stomach, inexpensive to take, and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

POSTPONED MEETING of the Ch'town Tennis Club will be held tonight in the Y. M. C. A. parlors. —598

BANKER'S DANCE AT DIXON'S to-night. Good music and refreshments.—593.

BASEMENT BARGAIN 25 Ladies Suits at \$9.98 each. S. A. MacDonald's. 602-4-23-21

FOR SALE—House and lot, on Upper Prince Street, Charlottetown. For further particulars apply to McLean & McKinnon, Charlottetown. 516-4-2-41.

WRITE FOR PRICES of Farm Fence delivered at your station. The Rogers Hardware Co. Ltd. 572-4-22-31

SALE POSTPONED.—Owing to the serious illness of Joseph Dris coll, Claremont, the Auction Sale advertised for Saturday 25th inst, has been postponed until Tuesday, fifth day of May next. 601-4-23-11

FREE BOOKS.—In connection with Robin Hood Flour Advertising Campaign, Charlottetown groceries are giving free picture book absolutely free with each twenty four pound bag of Robin Hood Flour. Order quick the supply of books is limited. 580-4-22-21

RADIO MEETING—Quite a number of enthusiastic radio fans attended a meeting held last night in the Sons of England Hall for the purpose of extending the Charlottetown Radio Club and discussing plans for building a high power broadcasting station. A number of committees were appointed to deal with matters pertaining to the organization.

THE STEAMER "DIEUZE" consigned to Carvell Bros., and now loading at their wharf, is the first opportunity to get Island Produce and cattle direct to the Newfoundland market. This steamer will remain here until Saturday and shippers are advised to book their requirements at once as the space is being rapidly taken up. 587-4-23-21

NEW RESIDENTS—Mr. and Mrs. Claude de L. Black left today for Summerside, P. E. I., where they will make their future home. Mr. Black has secured a position as job man on the Summerside Journal staff, and Mrs. Black will be linotype operator.—Amherst News.

LIQUOR SEIZURES—The Prohibition Officers made their second liquor seizure for this week yesterday morning, when they confiscated, in the local C. N. R. Hotel, five apple barrels consigned to a person in this city and described in the bill of lading as containing battery supplies. Each held a ten gallon keg of rum.

FUNERAL NOTICE—The funeral of the late George Davis will take place this afternoon from MacLean and MacDonald's Funeral Home, Kent Street, leaving at 2.30 for St. Paul's Church for services at 2.30. Interment will be made in the People's Cemetery.

HEARING FAMOUS LECTURER—Rev. Dr. Heartz left Amherst Saturday for Halifax to hear the famous Scottish preacher, Rev. Dr. Moffatt, in a series of lectures, which begin Sunday. On his return to Amherst this week, Dr. Heartz will leave for Toronto to attend the annual meeting of the Mission Board of the Methodist Church. This will be Dr. Heartz' forty-second annual attendance at the meetings of this Board—a record for the Methodist Church at least.—Amherst News.

FIRST VESSEL IN PORT—To the S. S. Dieuze, out of Halifax first for port of Charlottetown for the shipping season of 1925. The Dieuze is a wooden hulled freighter and is in command of Captain Dicks. She is lying at Carvell's Wharf and will probably leave on Saturday for St. John's, Newfoundland, with a full cargo of potatoes, hay, cattle, sheep, swine and small sundries.

GOVERNMENT OFFICES DIRECTORY—Visitors having business to do in any of the Provincial Government offices in the Colonial Building are finding a great convenience in the directory board which has stood at the bottom of the main staircase since the opening of the building. This board, which gives in large and easily read letters, the floor and the door number of each of the offices in the building. It is the work of Mr. Wallace Scantlebury, sign painter.

PLEASED WITH VISIT—Mr. V. Ralston Jarvis of Toronto who spent the winter in Bermuda is making a second visit to this province. He is delighted with the bracing air of Prince Edward Island and believes the Island has a great future as a tourist resort. Mr. Jarvis has been engaged in educational work in Bermuda and is an authority on the island's natural phenomena of the island, nature's fairy land, in the midst of the Atlantic. He hopes later to give an intimate travel talk on these Isles of enchantment. He is registered at The Russ.

WAR ANNIVERSARY—Yesterday a wreath was placed on the wooden Cross standing before the South African monument by a number of the members of the 1st Canadian overseas division, and another on the bronze tablet in the Provincial Building. Both these acts were in commemoration of the tenth anniversary of the second battle of Ypres, in which the Canadians played such an important and heroic part.

The greatest fence value ever offered

FROST FENCE costs no more to buy, but it lasts years longer. Every extra year of service reduces the actual cost of your fence. Ask the farmer who has Frost Fence!

Frost Fence lasts years longer because— 1. It is made of Frost wire, drawn, tempered and extra heavily galvanized in our own factory, expressly for fence service. 2. The waved laterals have precisely the right temper for real spring action, giving and taking with all strains, preventing permanent sag. 3. The genuine Frost lock cannot budge; cannot slip; it holds every wire permanently in place and prevents undue strains on any part of the fence.

Frost Fence costs less because— 1. It is woven in the largest, best-equipped factory in Canada. 2. Immense purchases of raw material make low cost possible. It is the greatest value ever offered the farmer. Immense purchases of raw material and large sales enable us to accept a small profit—the lowest profit the farmer pays—the greatest value ever offered! 3. We make the wire in our own factory; we save you the profit we would otherwise have to pay an outside maker. Read the letter at bottom of this announcement—"Without a Fault"—written by a fence builder of long experience. Look for the yellow tag. It is not genuine Frost Fence unless it bears this tag.

Stock Markets

MONTREAL, April 22.—Dominion livestock fresh receipts of livestock on the market this morning amounted to 3 cull c.132 calves and 151 hogs. Prices were generally level with yesterday's quotations. The best lot of calves sold for \$6.50 and the poorer ones were unsold at 10 o'clock. There were hardly enough hogs on sale today to establish a market.

A Battery Which Will Give Service

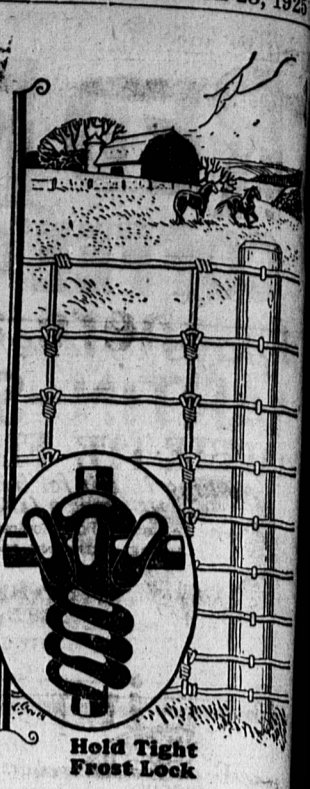

A battery is one of the principal accessories of your car. It must be powerful durable and above all reliable. All these and many additional qualities will be found in the HART product. If you have not yet purchased your battery you will do well to see the HART and let US QUOTE you prices. We also repair batteries of every make and have a large number now ready for service. See us before buying. Phone McEwen 590 Ch'Town Garage Battery and Car Repair Dept.
