The Small of the Back

That is where some people feel weak all the time.
They are likely to be despondent and it is not unusual to find them borrowing trouble as if they hadn't enough already.

The fact is their kidneys are weak, either naturally or because of sickness, exposure, worry or other influences.

"I was taken ill with a kidney trouble," writes Mrs. Thomas Innis, of Wallaceburg, Ont., "and became so weak I could scarcely get around. I had headache and cramps in my stomach, and my food did not digest. I took medicine without benefit, and finally decided to try Hood's Sarsaparilla. After the first bottle I felt so much better I continued to use and six bottles made me a new woman."

Hood's Sarsaparilla
Promises to cure and keeps the promise. Begin treatment with Hood's today.

This Rev. Mr. Ople, Pownal, preached a very timely interesting sermon on Sunday 27th instant. Text: Isaiah 64th chapter, part of 6th verse. "And we will do fade as a leaf." Beginning in the Garden of Eden the graphically and practically described the different passages in the Bible where mention is made of the "leaf" and as the leaf causes the tree to grow vigorous and strong, taller and broader so man ought to endeavour to elevate the human tree, and cause it to reach higher to heaven, and after a life of usefulness to fade and fall as the leaf and as the dead leaf contributes to the new leaf of the tree, so man will rise to the new life beyond the skies. We would also extend a word of praise to our excellent choir, the music and selections are always of a high class and the rendition as near perfection as possible. On this occasion the selections the music and the singing was most appropriate, grand and inspiring. We feel that a synopsis of the performance of the choir, of the able and eloquent sermons will not do them justice. They must be heard to be appreciated.—Com.

PLAIN TALK

To Catarrh Sufferers.

Every person suffering from catarrh in its many forms, know that the common lotions, salves and douches, do not cure. It is needless to argue this point or to cite cases of failure, because every victim of catarrhal trouble knows for himself if he has tried them.

A local application, if it does anything at all, simply gives temporary relief; a wash, lotion, salve or powder cannot reach the seat of the disease which is the blood.

The mucous membrane seeks to relieve the blood of catarrhal poison by secreting large quantities of mucus, the discharge sometimes closing up the nostrils descending to the throat and larynx, causing an irritating cough continual clearing of the throat, deafness, indigestion and many other disagreeable and persistent symptoms.

A remedy to really cure catarrh must be an internal treatment; a remedy which will gradually cleanse the system from catarrhal poison, and remove the fever and congestion always present in the mucous membrane.

The best remedy for this purpose are Eucalyptol, Sanguinaria and Hydrastin, but the difficulty has, always been to get these valuable curative, combined in one palatable, convenient and efficient form.

Recently this has been accomplished and the preparation put on the market under the name of Stuart's Catarrh Tablets; they are large pleasant tasting lozengers, so that they must be slowly dissolved, in the mouth, thus reaching every part of the mucous membrane and finally the stomach and intestines.

An advantage to be considered also is that Stuart's Catarrh Tablets contain no cocaine, morphine or poisonous narcotics, so often found in catarrh powders, and the use of which often entails a habit more dangerous than the disease.

Stuart's Catarrh Tablets are sold by druggists at 50 cts. for full sized package and are probably the safest and most effectual catarrh cure on the market.
