# HEROIC CONDUCT OF THE CAPTAIN'S WIFE

### She Stood Lashed to The Wheel of The Schooner Gold Hunter Throughout The Big Hurricane To Her Fortitude The Safety of The Schooner is Largely Due.

MAQUAR, Maine, Nov. 27.—To the heroic fortitude of the captain's wife, Mrs. Frank McGuire, who stood lashed to the wheel during the terrible gale that swept the New England coast from Sunday, 11th, to the following Wednesday, is due largely the safety of the Bluehill, Maine, schooner, Gold Hunter, which worked her way into this harbor yesterday, eleven days overdue from Portland. The little vessel showed plainly the marks of the storm. Her deck was swept clean, and her sails were in tatters, but the sturdy hull of the Maine-built craft withstood the terrific pounding.

The Gold Hunter, with Cap. McGuire at the wheel, and one man for an assistant, left Portland on Saturday, the 10th, with a general cargo for this port. With her passed out by Portland from the ill-fated schooner Eldra, which was lost near the George's Banks in the same storm which nearly overwhelmed the Gold Hunter.

# ACHING KIDNEYS.

Made Sound and Strong by Dr. Williams' Pink Pills.

There is probably no one in the town of St. John, N. B., who does not know Mr. Samuel G. Robinson, and who will not readily accept his word when he says that Dr. Williams' Pink Pills cured him of an obstinate case of kidney trouble after his treatment had failed to give him more than temporary relief. To a reporter of the Star-Transcript Mr. Robinson freely gave permission to publish a statement of his case in the hope that his experience might benefit some other sufferer. He said: "I have suffered from kidney trouble for about three years. Sometimes my back ached so severely that I was unable to work, and at times it was almost impossible for me to straighten up. I had to urinate very frequently and often had to get up several times during the night. At different times I was under the care of doctors, but I only got relief for a time. I also tried a number of medicines and medical preparations, but none of them helped me and I began to think the trouble could not be cured. One day during a conversation with a friend I was told why I did not try Dr. Williams' Pink Pills, saying that he had used them and they had done him much good. I decided to try the pills, and not long before I felt greatly benefited. I continued using the pills for some time longer and I am glad to say that every vestige of the trouble has disappeared and I am now as well as ever. Dr. Williams' Pink Pills have proved to me and I gladly recommend them to anyone similarly afflicted."

Dr. Williams' Pink Pills are the greatest cure for all the common ailments of men and women—for all weakness and weariness, and backaches and headaches of anaemia; all the beatings and distress of indigestion; all the pains and aches of rheumatism, sciatica and neuralgia, and all the ill health that follows any disturbance of regularity in the blood supply. All these ailments are caused by bad blood, and Dr. Williams' Pink Pills actually make new, rich, red blood. They strike straight at the common root of disease. But you must get the genuine pills with the full name of Dr. Williams' Pink Pills for Pale People on the wrapper around each box. Sold at 50 cents a box or six boxes for \$2.50 by all dealers or the Dr. Williams' Medicine Co., Brockville, Ont.

# ADVERTISING IS BROAD.

Advertising in itself means publicity, and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No complex space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagant. — American Medical Journal

# Charcoal Kills Bad Breath.

Disagreeable Odor Arising from Indigestion or From Any Habit or Indulgence, Can be Instantly Stopped.

Sample Package Mailed Free.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking, give them a whiff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning, that awful sour, bilious bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful and odor absorbers ever prepared. Sometimes your meals will reveal themselves in your breath to those who talk with you. "You'd eat onions," or "You've been eating cabbage," and all of a sudden you blush in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all cases and odors of odorous foods, or gas from indigestion. Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas and make your breath pure fresh and sweet. Just after you've eaten. Then no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines, all the impurities there massed together and which cause the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do you no harm; in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder workers yourself before you buy them. So send your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 5c box of them. You'll feel better all over, more comfortable, and "cleaner" inside. Send us your name and address today and we will at once send you by mail a package, free. Address F. A. near the George's Banks in the same storm which nearly overwhelmed the Gold Hunter. On Sunday afternoon, when off Peter Manan light, a sudden gust of wind split the masts of the vessel and carried away the jibs. Without her head sails the little schooner became unmanageable. The sea was up rapidly under the increasing gale, and the vessel was continually smothered in the wash of the combers.

Mrs. McGuire, who was below at the time the storm broke, at once rushed on deck and took the wheel, while her husband and his one man crew went to work to bend on a foresail so as to bring the vessel up to the wind. With the craft wallowing wildly in the trough of the sea this task was most difficult, but with great patience and consummate seamanship two men labored for hours to get their little rag of sail set, while Mrs. McGuire, lashed to the wheel aided as well as she could by what little steering was possible on the almost helpless craft.

Finally the foresail was rigged, double reefed, and while the two men clung exhausted to the mast, Mrs. McGuire brought the vessel around head up to the wind, and held her for 48 hours. Before the fury of the gale the vessel drifted out to sea 50 miles off Mount Desert Rock. In all this time it was impossible to cook food or even to heat any coffee. Kept up only by excitement and pluck the captain's wife clung to her post, though the height of the sea while Captain McGuire and his man attended to their little storm sail which continuously broke from its insecure fastenings. It was a man's work at the wheel with the lightning striking the wild plunges of the ship, but the endurance of the rugged seaman's woman was equal to the task, and she stood her trick with the men.

On Wednesday the gale abated and the two men rigged temporary sails before Mrs. McGuire could be relieved from her post. All hands were exhausted with their struggles and exposure, and under such scant canvas as could be set it was hard and slow work, bringing the Gold Hunter into port, where she had about been given up for lost.
