Looking Ahead

with

Hal Bohaker

Everyone knows that the difference between future security and insecurity depends not on what is earned but on what is saved.

Think what you will do when old age deprives you of the means of earning your own livelihood. Think what your family will do if by your untimely death they are left to carry on alone, without your income to feed, clothe, shelter and educate them.

Ordinarily it is difficult to save money but now, in keeping with the times, a new and easy way of saving has been arranged. Just as the Government has made it easier to pay our income tax at regular intervals from the salary cheque, so independence for old age and protection for wife and children can now be conveniently provided by small salary deductions.

What could be more sound than, with the co-operation of your employer, saving a small part of your salary to assure an income for yourself or your family when your paydays are over. The programme is permanent and uninterrupted because the deposits are automatic. The savings dollar properly becomes the first item in the budget rather than the last. The plan to which I refer, the Sun Life Salary Savings Plan, is so flexible that a programme of saving can be adapted to fit the needs of each wage-earner, single or married, man or woman, according to individual problems and ability to save. Such policies are the property of the assured and in the event of entering the service of another employer it is a simple matter to continue the savings arrangement intact.

Let me tell you more about this savings plan and show you how easily it can be adapted to meet your own requirements. Just call or write

SUN LIFE OF CANADA

Charlottetown, P. E. I.

MR. FARQUHAR MacRAE

There is sincere sorrow amongst a large circle of relatives and friends upon the passing of Mr. Farquhar MacRae, which occurred recently at his late residence, 9 Green Street.

The deceased, who had suffered ill health for the past several years (during which time he was lovingly attended by his devoted wife) bore his illness with uncomplaining Christian fortitude, and the end came, without suffering, on the evening of Monday, October 9th.

Born 79 years ago, in Canoe Cove, on the old MacRae homestead, the son of the late Finley MacRae and his wife, Ann MacNevin, Mr. MacRae spent a greater part of his life in Canoe Cove—whence, in 1918, he removed to Halifax, N. S., and several years later, to Detroit, Mich. In 1927, he came to Charlottetown, when he became a partner in the Earle Fisheries Co., from which business he was compelled to retire, in 1938, on account of ill health.

He was a man of the highest integrity, and noted for his honesty and manliness. He was a member of Zion Presbyterian Church, and during his long illness, always looked forward with great pleasure to the regular visits of his beloved pastor, Rev. G. Carlyle Webster.

He was twice married—first, in 1889—to Miss Annie Fisher of Halifax, N.S., who passed away in 1921. Of this union, one daughter, Mrs. W. Campbell of Timmins, Ont., survives. Two sons predeceased him—Richard, who gave his life in the First World War, and Darrell, whose death occurred in Detroit, Mich., several years ago. In 1934, he married Miss Martha Walker of North River, who sincerely mourns the passing of a kind and indulgent husband. Two brothers and four sisters also survive him, namely: Finley in Detroit; Dr. Donald A., Dean of Osgoode Hall Law School, Toronto; Mrs. A. A. MacDougall, now in Toronto; Mrs. C. R. MacKinnon, York Lane, Brighton; Mrs. W. H. Drake, Waterside Farm, Pownal; and Miss Christena, R. N., of Woonsocket, R. I.

He was laid to rest on Wednesday afternoon, October 11th, in Highfield cemetery. A brief service, at his late residence, was followed by service at the Zion Presbyterian Church, the Rev. G. Carlyle Webster officiating. The funeral was largely attended, and the floral tributes were many and beautiful. The honorary pallbearers were: Hon. T.W.L. Prowse, Harry MacDougall, Herbert Jewell, Charles Earle, George J. Tweedy, Mr. Justice M. R. McGuigan, D. A. MacKinnon, and W. Chester S. McLure.

The active pall-bearers were: Robert Rattray, Daniel MacLean, W. H. Drake, Leo Doucette, Alex W. Matheson, and B. Roy Holman.

SAYS SCHOOLS FAIL TO PREPARE YOUTH FOR MARRIED LIFE

New Advance Writer of Opinion That Youth Today Learns almost Everything Except Art of Social Living.

TORONTO — Modern youth is being fully trained for almost everything except for living, specifically social living, it is stated by Joseph Lichestein in an article in the current issue of New Advance, national Canadian youth magazine. Mr. Lichstein is assistant director, Social Hygiene Division, Health League of Canada.

In his article entitled "Does High School Education Prepare You For Marriage?" Mr. Lichstein, who also is a former chairman of the national health committee of the Canadian Junior Chamber of Commerce, comments on the emphatic "No" answer given in a recent survey among young Canadians as to whether the high schools are doing a good job in preparing people for marriage.

"Thus the schools are indicted by those most directly concerned, the students, for their failure to provide prop - instruction in the most vital field of life, that of social relationships," he says. "Educational administrators as well as parents, teachers and church leaders must assume their share of responsibility for the widespread failure to prepare youth, 'the trustees of posterity, and the leaders of tomorrow, for the greatest and finest of all arts—the art of living.'"

The writer points out that in the study of biology and physiology, the student learns the facts about the natural world, the animal kingdom and about man's muscular, bony, circulatory, respiratory, glandular, digestive, nervous and cerebro-spinal systems — but hardly a word about the "vital reproductive system — the system which most directly relates to his very birth and existence.

"Is it then a wonder that youth acquires an unhealthy curiosity and attitude toward sex matters—and often a morbid, serious aversion to it?" asks Mr. Lichstein.

"The subject's conspicuous omission from discussion in the classroom—the very fact that it is not dealt with as are dozens of other subjects—cannot help but brand it as 'taboo' and to create a mystery (and a mist?) around an otherwise healthful subject, rather than the intended reverence toward sex.

"Small wonder, then that there are so many unhappy marriages and families and broken homes; so much disease, illegitimacy, and juvenile delinquency—the result of ignorance, misinformation and wrong attitudes."

The Experts Say:

OTTAWA, Nov 2. —(CP)— APPLE RED: Apples cannot be ranked among the most vitamin-rich foods but they do contain small amounts of several vitamins and minerals, says Grace Duggan chief nutritionist of the Nutrition Division. When apples are used generously these small amounts can add a worthwhile tontribution to our diet, "she adds.

Of course, everyone likes apples for their own sake and they do most for us when eaten as they come from the tree. Skins left on apples used in salads and fruit cups add more than color. And the easy way of making apples sauce--cooking with the skin on (tovered of course and with a minimum of water), is also the best way, nutritionally speaking."

THREE-WAY CASSEROLE: For a supper dish that is tasty, colorful and easy to prepare the Agriculture Department Consumer Section recommends their cabbage, tomato and cheese casserole. The recipe gives six servings.

Cook three cups finely shredded cabbage for five minutes in a very little boiling water; drain well. Heat 1 1-2 cups of canned tomatoes with 3-4 teaspoon salt 1-4 teaspoon paprike and two teaspoon sugar In a greased baking dish place a layer of tomatoes than a layer of of cabbage, sprinkle with grated cheese and one cup of soft bread crumbs. Over the top layer of crumbs sprinkle two strips of finely chopped bacon. Bake in a moderate oven, 350 degrees fahrenheit for half an hour or until the crumbs are brown.

ADHESIVE REMOVER: Good adhesive sticks like glue--but getting it off once its work is done is something else again. To remove the sticky residue rub with a rag moistened with rubbing alcohol, nail polish remover, kerosene or a spot remover (benzine or carbon tetrachloride.) Very little will do the trick and only that little should be used as these fluids may be somewhat irritating to the skin.

FORTIFIED JUICE: This year's apple crop is going to provide 500,000 cases of apple juice for Canadian consumers during the winter the Prices Board reports. Fortified with ascorbic acid, this apple juice is on a par with grapefruit juice in vitamin C content.

GLOVE STORY: Madam may expect to find gloves to match her costum in a style to suit her taste in the coming months. Styles and colors of leather dress gloves and leather and cotton gloves are no longer restricted. Futhermore, shoppers may soon find elastic, metal dome and even Zippers on the gloves because restrictions on such material in the making of gloves have been dropped.

APPLES USEFUL: Apples simplify the planning of desserts at this time of year, for an almost endless variety of desserts can be made with them--and they're easy on the ration too.

Tests made by the consumer section of the agriculture deparment show that one teaspoon of sugar per apple provide enough sweetening for most tastes. As with other fruits, a dash of salt will reduce the amount of sugar required.

CHURCH LAUNCHES "THE SENIOR QUIZ" FOR TEEN AGE GIRLS.

The Senior Quis is a national project sponsored by the Protestant churches to help the senior teen age girl take her place in the Post War world. It answers her demand to talk about things, to do things and have fun. Arranged in the popular Quiz form, seventeen projects are outlined for which supplementary materials are availalbe and a Leaders' guide prepared. These projects cover the individual girl and her personal interests - her desire to have a good time, to be popular, to have friends; they assist in answering questions about her place in the church and community, in the family of nations, her attitude towards other races and refugees and her responsibility as a Canadian citizen

The Senior Quiz is promoted by the National Girls' Work Board of the Religious Education Council of Canada, the organization that during the last Great War brought out the Canadian Girls in Training programme to meet a similar need. That it was successful is proved by the fact that today there are approximately 45,000 Canadian Girls in Training with National, Provincial and Denominational Secretaries directing Christian Education in groups of teen age girls in the Protestant churches, and carrying out a comprehensive summer camping programme. It is within the existing framework of the C.G.I.T. Movement that the new Senior Quis is launched for C.G.I.T. groups and Senior Sunday School classes.

The Senior Quis is being promoted in the Maritimes by the provincial Girls' Work Boards of which Miss. Lois A. Tupper is the Girls' Work Secretary. Project findings are to be sent to these Boards for incorporation into a Provincial Brief which will be forwarded to the National Girls' Work Board for further action.

Through Faith to Victory

"I said to a man who stood at the gate of the year, 'Give me a light that I may tread safely into the unknown.' And he replied, 'Go out into the darkness and put your hand into the hand of God...'"

Do you remember when His Majesty, King George VI used this quotation?

"Go out into the darkness and put your hand into the hand of God. That shall be to you better than light and safer than the known way."

It was Christmas, 1939, when he made those lines immortal... on the eve of the darkest year of the war. In a few months we were to experience Dunkerque, and for years we knew no victory. Today, the faith of the faithful—the Thanksgiving of all of us—is justified. We have come to the time when we may continue that quotation:

"So I went forth, and finding the hand of God, trod gladly into the night. And He led me toward the hills and the breaking of the day in the lone East."

When we could see no light ahead, we bought Victory Bonds to "furnish the tools." We "carried on" with more Victory Bonds in the second Victory Loan. With the Third Victory Loan we declared that, "Nothing matters now but Victory." Dawn began to gray the night, and we "Backed the Attack" with more Victory Bonds. Success in Sicily brought a feeling of complacency that had to be overcome to make the Fifth Victory Loan the success that it was. Last spring we met the Sixth Victory Loan in an attitude of tense expectation of the invasion of Europe from the West.

Our guide has not failed us. Our past efforts have been rewarded with success. Would you falter now, and "turn back into the darkness?" Or will you follow on to the daybreak? Buy one more Victory Bond than before.
