

SHE FAINTED WITH THE AGONY

"Fruit-a-lives" Cured Her Kidneys

"I desire to let the world know the great debt I owe 'Fruit-a-lives' which saved my life when I had given up hope of ever being well again.

For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were fearfully swollen. The pain in my side and legs would be so bad that I would faint with the agony. Five different doctors attended me and all said it was Kidney Disease and gave me no hope of getting well.

A kind neighbor visited me and mentioned the case of Mrs. Fenwick who had been cured of a sickness like mine. I took 'Fruit-a-lives' and in a short time, I began to feel better—the swelling went down—the pains were easier—and soon I was well.

I have gained over 30 pounds since taking 'Fruit-a-lives'—and my friends look upon my recovery as a miracle.

(Miss) MAGGIE JANNACK.

'Fruit-a-lives' are sold by all dealers at 50¢ a box, 6 for \$2.50, trial size, 25¢—or sent on receipt of price by 'Fruit-a-lives' Limited, Ottawa.

Robertson of the Experimental Farm was one of the lecturers at the Short Course for farmers held at Charlottetown returned home last week, says an Amherst exchange. Mr. Robertson reports that over 500 attended the classes and that there is a growing interest in agriculture. It may also be said that Mr. Robertson is an enthusiastic believer in the Black Fox Industry.

P. E. I. OYSTERS.—The Rev. F. A. Wightman, Prince Edward Island, says that "the deep quiet bays of Prince Edward Island constitute one of the best natural oyster breeding grounds in the world," says a St. John exchange. In an article published by the Canadian Magazine he declares that, with a few favored locations on the shores of New Brunswick and Nova Scotia, these waters of the Dominion "who," he said, "has not heard of the delicious Maple-ques? Blue-points cannot touch them for flavor and lusciousness." The exchange goes on to say that "the oyster areas of New Brunswick may not be as extensive as those of the Island province, but even the Malpeques are inferior in flavor to the product of Shediac, Buctouche and other bays under favorable conditions and development policy of employing many fishermen and adding hundreds of thousands of dollars every year to the wealth of this province."

WEDDING BELLS.—A quiet wedding was celebrated at Freetown at the residence of the bride, on Wednesday evening, Feb. 22, when Miss Isabella Cameron and J. Roy Burns, both of Freetown, were united in holy matrimony by Rev. Alexander McKay of North Bedouque in the presence of the near relatives of the bride and groom. At 7.30 o'clock the bride, leaning on the arm of her brother-in-law, entered the parlor to the strains of the wedding march beautifully rendered by Mrs. Charles E. Taylor. The nuptial knot was tied. The bride was very prettily attired in white marquisette, trimmed with satin and Irish point lace. She is one of the most popular young ladies of Freetown, having been for some years in the employ of Auld & Co., where she made many warm friends and acquaintances and was highly esteemed for her kindly and excellent disposition and many excellent traits of character. Mr. Burns is a young and prosperous farmer and is also held in much esteem. The wedding presents to the bride were numerous and handsome, testifying to the respect entertained for her by a large circle of friends and acquaintances. Their numerous friends and relatives wish Mr. and Mrs. Burns a happy and prosperous journey through life in which The Guardian heartily joins.

CORNWALL.—A very pleasant function was recently held here which is worthy of special notice. It was the inaugural banquet of the Cornwall Farmers' Institute of which the greatly esteemed Hugh MacMillan is the capable and efficient secretary. The provisions were varied and abundant, prepared and cooked by their wives, mothers, sisters and sweethearts of the members but the serving waiting-on and withdrawal and washing up, etc., was on this occasion most deftly and efficiently done by the sterner sex rigged out for the occasion in the habiliments of the fairer half of creation. Quite a period of time was consumed until all had been satisfied in a physical sense. Then the feast of reason and flow of soul supervised under the chairmanship of the President. The following among other sentiments were spoken to—The King, God Bless Him, by Hugh MacMillan, enthusiastically responded to, and all joined in singing the National Anthem. The Ladies championed and praised by Neil McDaniel and David Scott; Canada by Mr. McDonald and W. W. Crosby and all joined in the singing of The Maple Leaf Forever; The Institute, explained, eulogized and defined by John McLean, John D. McClean, Harry Eyde, Pope Crosby; The Professions by Rev. George O'Man. Miss Emma McMillan rendered a very appropriate piece in her usual

Dr. Evans came to Canada when he was twenty-three years of age and his first ministerial charge was at Dartmouth, N. S. He has occupied some very important charges throughout this Province and is in prominent position in church affairs. He was president of the conference for one year, and for several years was a member of the general conference. For many years he has been and was, at his death, one of the regents of Mount Allison University, and was for a term chairman of the board. He received his honorary degree of D. D. from Mount Allison in 1891. While with the Fortland church, on account of ill health, he retired to a farm at Lakeside, remaining one year, when he took charge of Centenary Church, St. John. His health again failing he permanently retired from the active ministry, at the same time becoming treasurer of the superannuated fund, which he held till death. He was most highly respected and beloved in every community where he had lived and labored. He was twice married, first to Miss Margaret Greig, of Dartmouth, N. S., by whom he leaves one son and one daughter. His second wife and widow was Miss Johnson, sister of the late Dr. Richard Johnson, of Charlottetown, by whom he leaves the following children: Hammond J., of St. John; Mrs. S. G. Importation of food stuffs has, as a result, been in excess of that of former years.

moved by Harold Jenkins and seconded by Harry Chandler, was tendered the lecturer by F. J. Nash of The Patriotic, who acted as chairman. Mr. Bartlett replied in his usual pleasant manner.

"The first game of the play-off with Montague in the Intermediate P. E. Island League played at Montague Wednesday night between the Y. M. C. A. team and the Imperials of Montague resulted in a draw—Score 4 to 4. It was a well contested and very clean game as may be inferred from the fact that not a player on either side was penalized at any time. The Montague boys started with a rush and took two goals in the first two minutes of play. By that time the Y. M. C. A. boys got on to the Montague style of play and for the rest of the game the play was very even. The score at half time was 3-1 in favor of Montague. Shortly after the opening of the second half the Y. M. C. A. evened matters. Montague next scored a goal, followed a couple of minutes later by one for the Y. M. C. A. A. A.
