Cloudy with intermittent rain, much cooler, east winds 15. Low-high at Charlottetown 35 and 50.

"Covers Prince Edward Island Like The Dew"

Officer Killed, Two Soldiers Injured In Egypt

OTTAWA (CP)—The army announced Friday night that a Canadian officer with the United Nations Emergency Force was killed Friday in a traffic accident in Egypt and two Canadian soldiers were injured.

Graduates At Saint Dunstan's University

The following list of graduates of St. Dunstan's University was released for publication yesterday. The Commencement Exercises will take place at the University on May 14, when the graduates will be addressed by the Most Rev. Patrick J. Skinner, C.J.M., D.D., Archbishop of St. John's Newfoundland.

- BACHELOR OF ARTS: Edward Joseph Baird, Webster's Corner. Anne Marie Burge, St. Peter's Bay. Mary Gertrude Cameron, Summerside. Gerald Desmond Connolly, Halifax, N.S. Jean-Claude Desrosiers, Luceville, P.Q. Arlene Mary Ellen Dowling, Charlottetown. Henry Urban Gaudet, Tignish. Francis Elmer Hammill, Lower Freetown. James Elliott MacAulay, Charlottetown. Edward Joseph McCabe, Iona. George James Mullally, Louisbourg, N.S. James Arnold Mullin, Charlottetown. Jean-Paul Roussel, Riviere-du-Loup, P.Q. Gaston Joseph Roy, Armagh, P.Q. Thomas Francis Swift, Minto, N.B. Bernard Earl Walsh, Georgetown.

Westville Seeks To Save Coal Mine

HALIFAX (CP)—A delegation from the town of Westville Friday asked Premier Stanfield to help keep the town's only coal mine operating in the face of dwindling markets.

The Drummond mine of the Acadia Coal Company is threatened with "immediate termination," the group said, and "we're not fighting for the mine, we are fighting for the life of the town of Westville." Delegations from the town have met with the premier several times before in an attempt to get a new seam opened in the town. A group of local citizens have formed a company and plan to begin working a seam from the surface. But this new seam likely won't reach a high production for some time.

UNPRECEDENTED ACTION

Russia's Parliament Asks End To Nuclear Testing

REAR ADMIRAL Roger E. S. Bidwell, C.B.E., C.D., R.C.N., Flag Officer, Atlantic Coast, chats with youthful members of the Charlottetown Sea Cadet Corps, RCSC Kent, during the annual inspection of the unit carried out in the H.M.C.S. Queen Charlotte last night. Accompanying the admiral on his inspection are left, Lieut. J. D. Smallwood, Commanding Officer of the Sea Cadet Corps, and Lieut. J.H. Myers, Area Officer, Sea Cadets. Guardian Photo

Local Sea Cadet Corps Inspected Last Night

"I am quite impressed to see how many very young boys there are in this Corps—and so smart," stated Rear Admiral Roger E.S. Bidwell, C.B.E., C.D., R.C.N., following his inspection of the local Sea Cadet Corps, RCSC Kent, which took place at H.M.C.S. Queen Charlotte last evening. Originally scheduled to be held on Memorial Field, the inspection parade was transferred to the downtown naval establishment due to the imminent threat of rain.

Appeal Directed To U.S. Congress, U.K. Parliament

MOSCOW (Reuters)—Russia's parliament Friday issued a direct and unprecedented appeal to the United States Congress and the British Parliament for an immediate end to nuclear weapons tests. Ending a four-day session, the Supreme Soviet recommended at the same time the setting up of an inter-parliamentary committee of the three atomic powers to work out means of achieving "the complete banning of nuclear tests and atomic and hydrogen weapons." The appeal from the 1,300-member body—which invariably gives rubber-stamp approval to the decisions of the real Russian bosses—came after Foreign Minister Andrei Gromyko warned that the Soviet Union will not unilaterally cease its own nuclear weapons tests.

Dictator Of Colombia Resigns Under Pressure

BOGOTA, Colombia (AP)—The four-year dictatorship of Gen. Gustavo Rojas Pinilla collapsed Friday on the rocks of his greed for new power. New bloodshed accompanied his downfall. Soldiers advancing behind tanks and wielding rifle butts stampeded a crowd of joyous demonstrators before the capitol. Thirty died in the panic. Rojas turned his presidential powers over to a five-man military junta headed by Maj. Gen. Gabriel Paris. Cristanto Cardina Luque, whose opposition helped oust Rojas, appealed to the people to support the junta in the name of patriotism. The church warned that Communists were interested in creating new disturbances. Paris, as president of the junta, promised on his honor as an officer that popular elections will be held next year.

N.S. Premier Wed Friday

HALIFAX (CP)—Premier Robert L. Stanfield was married in a quiet ceremony Friday to the daughter of a Nova Scotia Supreme Court Justice.

Mr. Stanfield, whose first wife died three years ago in a highway accident, was married to Mary Margaret Hall, daughter of Mr. Justice W. L. Hall. The ceremony, performed by Rev. H. M. Dewolfe of First Baptist Church, was at the Hall home. The 43-year-old Progressive Conservative premier, who came into power last October when his party ousted a 23-year Liberal regime, has four children who had been cared for by a housekeeper at the spacious Stanfield home in the city's south end. Apart from very close friends the wedding was a "secret" until the cadet Guard of Honor in charge of the 43-year-old Progressive Conservative premier, who came into power last October when his party ousted a 23-year Liberal regime, has four children who had been cared for by a housekeeper at the spacious Stanfield home in the city's south end.

Ontario's Premier Gives His Firm Support To Diefenbaker

MIDLAND, Ont. (CP)—Ontario's Premier Frost Friday gave his firm endorsement to Progressive Conservative leader John Diefenbaker as the two men joined in condemning the federal government's tax treatment of the provinces. They appeared together on platforms here and earlier at Barrie, where Mr. Frost described the party's national leader as "the man who can find a just solution to the problems." "I have no hesitation in endorsing the cause of this great Canadian, John Diefenbaker," he said. Here, the premier said that the Conservative premiers of Nova Scotia and New Brunswick, Robert Stanfield and Hugh John Fleming, are "solidly behind" Mr. Diefenbaker. Mr. Frost said the federal provincial tax arrangements are "niggardly and unfair and will push heavier taxes onto real estate. A vote for Liberal candidates June 10 was a vote for increased taxes on farms and homes."

Civil Defence Exercise Opens

ARNPRIOR, Ont. (CP)—Imaginary enemy aircraft were identified approaching the Northwest Territories Friday night and at 11 p.m. ADT a general alert was flashed to civil defence control posts throughout Canada. Exercise Co-operation I, affecting 3,000 professional and volunteer workers from coast to coast, was entering its crucial phase. Most Canadian centres already had been theoretically evacuated of non-essential residents. The 11 p.m. warning, flashed as the enemy was tracked by the DEW (Distant early warning) radar line making for the Canadian heartland in two parallel groups several hundreds miles apart, called for complete evacuation. It was estimated that the main attack would fall about 3 1/2 hours later. A supposed message from the prime minister was "broadcast" to the country advising that the population had been placed on alert "to withstand the attack of an enemy motivated by the evil ambition of world domination."

Coldwell Charges U.S. Firms Make Millions On Gas Pipeline

TIMMINS, Ont. (CP)—United States-owned companies promoting the trans-Canada natural gas pipeline have made paper stock profits of more than \$25,000,000 even before western gas has begun to move eastward, CCF leader M. J. Coldwell said Friday night. In the second of eight major election campaign speeches, Mr. Coldwell accused the federal government of a shameful subsidy of private interests in the extending of treasury aid for the building of the western and Northern Ontario legs of the 2,200-mile line from Alberta to Montreal due to be completed next year. The socialist leader also charged the government with trampling on the rights of Parliament during last year's uproarious pipeline debate in the Commons and said it now is devoid of any liberal principles. Mr. Coldwell spoke at a public meeting in this gold mining area near the route of the pipeline in support of Murdo Martin.

Cape Breton Ice Blockade Eases

SYDNEY (CP)—Cape Breton's worst ice blockade in 40 years is "definitely easing" and ships can move in and out of Sydney harbor without the aid of icebreakers, a transport department spokesman said Friday. The last vessels to leave under icebreaker escort were the British coal carrier Wallsend carrying coal to Montreal and the Norwegian freighter Malmanger. They followed the d'Arville out Friday morning. The icebreaker Saurel left here Friday morning to aid the Rexton Kent, Saint John, N.B. freighter, which reported engine trouble 20 miles west of flat point at the entrance to Sydney harbor. The transport department icebreaker N. B. McLean is stationed at Corner Brook, Nfld., in case she is needed but the water there is free of ice for five miles outside the harbor.

PM Makes New Reply To Mr. Low

OTTAWA (CP)—Prime Minister St. Laurent said Friday that the telegram contained a threat that Canada would pull out of the pact Canada played in Britain's withdrawal from armed intervention in Egypt. "There is no more truth in his new statement than there was in his previous statement," Mr. St. Laurent said in a comment issued by his office. He was replying to Mr. Low who stated at Brandon, Man., Thursday night that a telegram which Mr. St. Laurent sent, last fall to Sir Anthony Eden, then prime minister of Britain, was the major factor in the pulling out of Britain and France from their intervention in the Israeli-Egyptian dispute. Mr. St. Laurent's reply was the latest in a series of charges and counter-charges arising from a statement reported to have been made by Mr. Low at Victoria last Monday. The first report attributed to Mr. Low was that he charged that the telegram contained a threat that Canada would pull out of the Commonwealth if Britain did not withdraw from Egypt. Mr. Low later denied the accuracy of that news report but in the meantime Mr. St. Laurent charged Mr. Low with telling a "downright lie."

VISITING AND local army officers are shown above examining plans of the forthcoming summer program to be held at Camp Gagetown, N.B., in which the 5th Signals Regiment (Charlottetown) will participate. From left to right are: Major W.G. Holmes, C.D., of the 1st Airborne Signal Squadron (R.F.), Barriefield, Ontario; Lt.-Col. Keith M. Johnstone, E.D., of the 5th Signal Regiment; Lt.-Col. G.M. Villings, C.D., Commanding Signals Officer, Eastern Command, Halifax; and Major F.S. Jenkins, E.D., 2ic, 5th Signals Regiment.

5th Signals Prepare For Camp Gagetown

"The importance of the role of the 5th Signals Regiment (Militia) cannot be over-emphasized," Lt.-Col. G.M. Villings, C.D., Commanding Signals Officer from Eastern Command Headquarters, Halifax, told the Guardian on Friday evening in reference to the forthcoming summer exercises to be held at Camp Gagetown, N.B. A part of the 5th Signals Regiment (Charlottetown) leaves on July 17th for Camp Gagetown, with the remainder following on July 26th, to join with other army groups for collective training as units, followed by divisional training and exercises. The 5th Signals will return to Charlottetown on August 3rd. Accompanying Lt.-Col. Villings on his current visit to Charlottetown is Major W.G. Holmes, C.D., who commands the 1st Airborne Signal Squadron (R.F.) based at Barriefield, Ontario. This signal unit will also participate in the summer program at Camp Gagetown. Officers of the 5th Signals Regiment are Lt.-Col. Keith M. Johnstone, E.D. and Major F.S. Jenkins, E.D., 2ic. PURPOSES OF ORGANIZATION REQUIRED: A large control and umpire organization will be required for the summer program, officials stated, adding that the umpire organization will be backed by a large wireless system. The 5th Signals are now starting a phase of intensive training, in support of which Eastern Command is sending over numerous wireless sets and vehicles. Purposes of the training are stated to be two-fold, primarily to develop radio-telephone voice operators to handle the sets and, secondly, to teach a selected number of the unit to drive military vehicles, in order that the whole umpire communications system will be a mobile one. While the activities of both the 5th Signals and 1st Airborne Signals units are to be directed mainly toward wireless, there is currently a very large line program being carried out in Camp Gagetown in support of the line requirements for the summer, in which all available line men from the 5th Signals will be used. The final communications, which are to be provided by resources of Eastern Command and the 1st Airborne Squadron will simulate for a division those communications which they might expect from higher formations when in the field. "In addition, a large umpire organization will also be catered for," Lt.-Col. Villings said. EQUIPMENT: CS Equipment to be used includes army-type telephones, exchange, teletypes, wireless, and voice-operated radio. The umpire organization will consist of the 5th Signals and the 1st Airborne Squadron. The Canadian Army Staff College, one of the advance schools of the Canadian army, which will expect a high degree of performance.

P.M. Leaves For Quebec Home

OTTAWA (CP)—Prime Minister St. Laurent left by train late Friday for his home in Quebec City. He is scheduled to address an election meeting there Monday night and then head for a quick trip through Southwestern Ontario. While in Ottawa for two days following his 12-day tour of the West, he attended a cabinet meeting and cleaned up an assortment of other accumulated duties.

Salary Boost For 7,000 Civil Servants

OTTAWA (CP)—The government Friday announced salary increases ranging between 4% and 12 per cent for 7,000 civil servants in professional classes, effective May 1. In dollar terms, the increases range from \$200 to \$1,000 annually. The pay boosts, approved Thursday on the recommendation of the civil service commission, are the first in general revision of salaries following representations by civil service organizations. Details of the increases will be announced next week.

Goose Stops Manoeuvres

STOCKHOLM (AP)—The Swedish air force has cancelled manoeuvres because of Canada goose. A spokesman of the Bravalla jet air force wing said all-bombing and rocket strafing of the target island of Ghan in the Baltic was stopped after hatching six eggs on top of a pillbox. "She is the first of her kind hatching in our area," said the aide-de-camp of the commander. "Standing orders are not to resume target practice until her small birds are able to take to the sea."

Five Killed At Level Crossing

STE. THERESE, Que. (CP)—Five persons were killed Friday night when their car collided with a CPR train at a level crossing near this community 15 miles north of Montreal. All the victims were said to be from Ste. Monique, a village seven miles west of here. Three were tentatively identified as Mr. and Mrs. Marcel L'Heureux, both 27, and their 1 1/2-year-old son, Andre. Police said the other two had been tentatively identified as a Mr. L'Heureux brother and his fiancée. The train involved was a two-unit diesel passenger train. It was not thought that any of the passengers were injured. The level crossing is on the CPR's north-shore line between Montreal and Ottawa.

NATO MEETING: FONTAINEBLEAU, France (Reuters)—Air force officers from seven NATO countries met in a one-day conference Friday to plan the future co-ordination of air defense in the Central Europe command. Represented were Britain, Canada, France, Belgium, The Netherlands, West Germany and the United States.
