

### Superior Bargain for Women

An exclusive display of women's high-grade, new style, American boots in patent, gun metal and tan—a smart line with all the new style in toe and heel, the short vamp and nobby finish that makes these the most stylish and attractive footwear values of the season.

But the lot is limited to sizes 3, 4 and 4 1/2. Don't come looking for 5's, 6's and 7's for there are none in the lot. These boots were considered very good values at the former prices which ran from \$3.50 to \$5.00 but today you can have 175 pairs at \$2.98 a pair

The difference between an investor and a speculator strictly speaking is that the former buys securities—other people's debts—carrying a fixed rate of interest and generally a definite date of repayment, such as debentures, first mortgages, etc. The latter usually buys securities giving no fixed income, from which he hopes to profit by an increase in the selling price of the security, such as real estate, etc.

One of the investments which finds most favor in the eyes of the former is the first mortgage investment certificate guaranteed by a strong financial institution.

We would like to tell you about the certificates, guaranteed by this Company, whose paid up capital and reserve is \$2,800,000. A call would be appreciated.

### IN MEMORIAM

MR. MARK WEBSTER.

It is with regret we chronicle the death of Mr. Mark Webster, aged 66 of Webster's Corner. Deceased had been in the city two weeks previous to his death. He was that day complaining only of a slight cold which he contracted early in the winter, gradually he grew worse. Dr. Walsh of Mt. Stewart, pronounced it a case of pneumonia and heart failure. Despite medical skill and careful nursing he passed away February 10th. He was fortified by the last rites of his Church by Rev. Father Allan McDonald. Mr. Webster was a man of sterling qualities, was an affectionate brother and a kind, obliging neighbor. The funeral took place Thursday morning, and a Mass was celebrated at St. Patrick's Church at 10 o'clock. He leaves to mourn, one brother Robert on the homestead and three sisters, Miss Ellen, Mrs. James Wilson and Mrs. Nicholas Thiesel all of Charlottetown, besides a large circle of relatives and friends. To the bereaved family we extend our sincere sympathy. The pall bearers were: Thomas McNally, James H. Cumiskey, Alex. McEachern, Joseph Beard, James Smith, and Peter Heron.

MR. THOMAS NOONAN

On Feb. 12th there passed to his eternal reward the spirit of Albany's oldest land mark in the person of Thomas Noonan. Being a man of strong physique and a man of iron nerve, it was no surprise to his friends and all who knew him, to see him so capable an opponent to the grim tyrant Death. He had passed the ripe old age of 90 years, and having seen all the inducements that life holds forth, was frequently heard to voice the wish that he might soon be called to his Eternal home. Deceased was born in County Tipperary, Ireland, and together with his parents emigrated to this Island while almost in his infancy. His early days were spent in Bedouque and seven Mile Bay. About seventy years ago he moved to Albany and shortly after married Margaret Reedy of Irish town, who predeceased him fourteen years ago. He was a man of sterling worth and good disposition. Of a naturally frank disposition he was utterly incapable of deceit and was always recognized as a staunch supporter of his Church. He also manifested a strong interest even up to the last in the political questions of his much loved Erin. He was constantly attended by his pastor and was by him fortified for his last great journey. He leaves to mourn three sons and two daughters, Abraham of Albany, John at O'Leary, William at Moncton, N. B. and Mrs. J. Cloughly of Newton, Mass. He also had 33 grand children and 20 great grand children. One brother, Joseph Noonan of Albany survives him. His remains were followed to Kirkcrae on Saturday by a large concourse of friends and mourners, the services at Church and cemetery being conducted by Rev. J. J. MacDonald who spoke fittingly on the loss sustained by the removal from life of Seven Mile Bay's oldest pioneer. The pall bearers were Thomas and Michael McCarrville, Thomas McBride, Eneas Murray, Wm. P. Cameron and John R. Cameron. Rest in Peace.—(Patriot and Examiner please copy.)

### Found the Cause the Rest Was Easy

**DODD'S KIDNEY PILLS QUICKLY CURED HIS KIDNEY DISEASE**

How Hudson Marchbank, After Suffering for Five Years, Found Quick Relief and Permanent Cure in the Greatest of Canadian Remedies.

Marchbank King's County, N. B., Feb. 20 (Special).—After suffering for five years from kidney disease, brought on by a strain, Hudson Marchbank, Esq., the well known farmer of this place, is again a strong, healthy man, and another grand cure for Dodd's Kidney Pills has been put on record. In an interview, Mr. Marchbank says: "About five years ago I hurt my back from lifting, and it developed into kidney disease. My back pained me all the time, and I was very much troubled with headaches. My appetite was awful; I had a bitter taste in my mouth in the mornings; I perspired freely and my perspiration had a disagreeable odor. "I used liniments and plasters, but they did not do me any good, and as there were other symptoms that my kidneys were affected, I decided to try Dodd's Kidney Pills. "After using two boxes, my back was completely cured, and my kidneys have not troubled me since. "When Mr. Marchbank decided that his kidneys were the cause of his troubles, the rest was easy. Almost any of his neighbors could tell him that Dodd's Kidney Pills always cure diseased kidneys.

After supper, then came the toasts. The first to the King, responded to by all in song, God Save The King. Toast-master, Pres. L. Jenkins. Then came the toast to the Dept. of Agriculture, responded to by Prof. T. Ross, who indicated the importance of the Dept. on P. E. I., its educational interest in stock breeding, dairying, seed cultivation, poultry and swine. He drew special attention to the following facts:—The cattle on the Island were only giving 3,000 to 4,000 lbs. of milk per year, while other places they had got as much as 8,000 lbs. He held that the average on the Island could and should be 6,000 lbs. The economic waste in our exporting our own cattle and importing meat from Ontario. The relative value to the Island of cattle, poultry and swine. By statistics he proved that poultry brought in more than either cattle or swine and almost as much as both. In dealing with finance he formed the gathering that whereas two years ago a grant of only \$5,000 was given, this year the grant was to be \$33,000. Prof. Ross ought to have been heard by all the farmers in the district. The President then called upon that local star, Miss Edna Smith who sang with much effect "Trusting."

St. Peter's Cathedral—Holy Communion at 8 and 10; Matins at 10.15. Sunday School at 2.30 and evening song at 7.  
Salvation Army—Services each night of the week and on Sunday.

After the election of officers the meeting listened to the story of fire which that night left the worthy Mail Carrier Mr. Jenkins, without house and home. There was the old child and Mr. Jenkins himself all out in the bitter cold with only the clothes they were wearing, every thing else went to smoke. Under the circumstances it was decided to appoint a Secy-Treas. and a committee to receive subscriptions for relief.

Mr. J. W. Ballam, Mt. Allison, was appointed Secy-Treas. and will be glad to hear from anyone on the Island who cares to help in this good cause.

THE SUPPER.  
The business finished the guests about 100, were called to the dining room to partake of supper. Arrived there it was a pleasure to see the table arrangements. There were the dishes to suit either epicurean or those who did not care to dine after the philanthropic fashion. One cannot tell of all the good things provided but in a word one could say that whether it was bread, biscuits, cookies, cake or pie everything was extremely well prepared. About meats, of which there were several kinds, it is safe to say it could not have been better.

The waiting at the table was excellently done and could not have been improved upon in any part of the Island. It will go without question that each guest after the supper would be a booster of the Florida House and the genial kindly host and hostess.

TOASTS.  
After supper, then came the toasts. The first to the King, responded to by all in song, God Save The King. Toast-master, Pres. L. Jenkins. Then came the toast to the Dept. of Agriculture, responded to by Prof. T. Ross, who indicated the importance of the Dept. on P. E. I., its educational interest in stock breeding, dairying, seed cultivation, poultry and swine. He drew special attention to the following facts:—The cattle on the Island were only giving 3,000 to 4,000 lbs. of milk per year, while other places they had got as much as 8,000 lbs. He held that the average on the Island could and should be 6,000 lbs. The economic waste in our exporting our own cattle and importing meat from Ontario. The relative value to the Island of cattle, poultry and swine. By statistics he proved that poultry brought in more than either cattle or swine and almost as much as both. In dealing with finance he formed the gathering that whereas two years ago a grant of only \$5,000 was given, this year the grant was to be \$33,000. Prof. Ross ought to have been heard by all the farmers in the district. The President then called upon that local star, Miss Edna Smith who sang with much effect "Trusting."

The singer showed a mastery of the technique and has a surprising range of voice. The next toast "The Land We Live In" was responded to by Mr. R. Jenkins, who entertained all by his fund of humour and gentle sarcasm. He pointed out the fertility of the land, the grace of her people and the prospects for the future. Mr. Jenkins is a regular P. E. I. booster. The company was then favoured by a duet from two visitors from Vernon, Mr. and Miss Ross, who gave a splendid rendering of "Sweet Genevieve." The next toast was "Our Institute, The Social Side" responded to by Rev. W. I. McVie, who emphasized the importance of the Institute as it ministered to the social joys and reached out to the great world movement for co-operation which held the hope of making P. E. I. the leader of the world in Social Progress.

Mr. Lincoln Wood was then called upon for a rendering of "Moonlit Day." It was very very good and thoroughly appreciated by all. The next toast, Education embracing Church and School, was responded to by Rev. E. S. Weeks who very ably presented the greatness of our educational centres on P. E. I. and indicated the great things done by the Churches on the Island. The toast that followed to Our Hosts was responded to by Mr. G. H. Myers in his own inimitable way. Mr. Brown was then called upon but like many before him who after having done great things, he was too shy to come forward.

The toast to the Ladies was responded to by Mr. J. A. Moore, than whom no better could have been appointed to speak on the subject. He was witty, interesting and loved all the ladies. The following motions were then made and adopted:—  
(1) A vote of thanks to retiring President, E. Lund, for his untiring efforts during three terms of office.  
(2) Vote of thanks to host and hostess, Mr. and Mrs. Brown and all the helpers, after which the meeting was closed about 2.15 a. m. by singing "For Auld Lang Syne."

After the election of officers the meeting listened to the story of fire which that night left the worthy Mail Carrier Mr. Jenkins, without house and home. There was the old child and Mr. Jenkins himself all out in the bitter cold with only the clothes they were wearing, every thing else went to smoke. Under the circumstances it was decided to appoint a Secy-Treas. and a committee to receive subscriptions for relief.

Mr. J. W. Ballam, Mt. Allison, was appointed Secy-Treas. and will be glad to hear from anyone on the Island who cares to help in this good cause.

THE SUPPER.  
The business finished the guests about 100, were called to the dining room to partake of supper. Arrived there it was a pleasure to see the table arrangements.
