Vapo-Cresolene
Established 1879
Whooping Cough, Croup, Bronchitis
Cough, Grip, Asthma, Diphtheria
Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic, is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a congestive tendency find immediate relief from cough or influenza conditions of the throat.

Sold by druggists.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of 8,000 and growing from day to day, it has broken all records in a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 108,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city which it is published, or 1 to 13 of the population of the Province. This is, the management believes unequalled by any

daily newspaper published in Canada. Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 10 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 30,000. That is as 1 to 5 of the population of Toronto and 1 to 4 of the population of Ontario.

The point is this: That The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons like. They have a right to know how completely their favorite Journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this (Quebec) Province.
