

In a remarkable series of experiments on human subjects

The amount of Bovril represented by the size of this small bottle has been proved to possess a body-building power equal to that represented by the large bottle opposite.

The remarkable Body-building Power of Bovril.

The large diagram represents the flesh and muscle-building power possessed by the amount of Bovril represented by the small bottle.

conducted under the direct control of a famous physiologist and afterwards reported to the British Medical Association, Bovril was proved to possess extraordinary powers of building up the body.

It was found that Bovril, in addition to its own high nourishing value, has the peculiar power of enabling the system to extract from other foods, nourishment which would otherwise be wasted.

In each case the addition of Bovril to the regular diet caused a definite increase in bodily weight—out of all proportion to the Bovril taken. In fact,

the body-building power of Bovril was proved to be from 10 to 20 times the amount taken

Bovril is the concentrated goodness of the best of beef. It is a wonderfully warming winter beverage; it builds up the weak constitution and strengthens the strong one; it guards against the grip; it checks colds and chills; it is cook's right hand in the kitchen; it is nurse's first-aid in the sick-room. Buy a bottle to-day.

U. S. NAVY NEEDS DREADNAUGHTS

LONDON, Sept. 20, (Special)—Four dreadnaughts for the American navy is the only means by which its battleship fleet can be kept in a proper relative place among the Powers, according to Rear Admiral Aaron Ward, U. S. N., who has arrived in London en route for America. "The fleet is ready for any service and in good condition," he said "but it will not remain so indefinitely if no adequate provision is made for keeping it up. "A fixed program of two battle ships a year would have just barely sufficed to permit the United States to keep its relative naval strength among the Powers, but the fact that this program has not been carried out in the last two years makes the outlook uncertain. "Four new battleships are now needed to catch up, and then the two

battle ship program should be as much a fixture in Congress as the Post Office and other appropriation bills. "It is not a matter of opinion, but a question of cold facts and figures which demonstrates absolutely that we must follow this course or continue to fall behind the navies of France, Germany, Russia and Japan. "It also is very apparent that the additional grades of admiral and vice admiral are sorely needed in our navy. In Europe we see foreign naval officers of the rank of admiral in command of vessels the combined strength of which would not equal one of our dreadnaughts, and yet an American naval officer in command of sixteen dreadnaughts has only the rank of rear admiral. Service opinion is strongly in favor of this increased rank, even if it is given without pay."

JAPAN THREATENS A NEW GUARREL

PEKIN, Sept. 20, (Special)—Evidence has been accumulated by the government proving that Japanese soldiers provoked a quarrel and that they were solely responsible for the unwarranted killing of the Chinese at Chang Li. This information has been forwarded to the Japanese Minister with the request for an explanation. The Japanese reply states that their soldiers were insulted and acted in self-defence and threateningly reminds the government that the demands in connection with the killing of Japanese at Nanking, the insult to the Japanese flag, the imprisonment of Japanese, and the burning of the houses and sweeping away everything movable in its course.

ment of a Japanese officer and other grievances have not yet been completed with. Japan is now exerting strong pressure for the removal of General Chang Hsun from Yanking and is preparing a demonstration to compel the President to act. The Chinese government has expressed regret to the American Minister for the arrest of an American citizen. President Yuan Shih-kai states he is investigating the incident to fix the blame. The American Legation is sending to Washington detailed reports of the atrocities committed by General Chang Hsun's army at Nanking. This information has been supplied by American and Canadian missionaries at Nanking who express the fear that even the relief supplies which Chinese and foreigners at Shanghai are sending will be appropriated in a large part by the soldiers. The American and other hospitals at Nanking are crowded and most of the people are destitute. Many Americans in Pekin, as well as the citizens and subjects of other Powers are urging General Chang Hsun's dismissal, arguing that if China has any serious thoughts of reform this can be brought about only by severe measures in the case of outrages such as occurred at Nanking.

MONS, Belgium, Sept. 19.—The canal connecting the towns of Pommereul and Antoin, near Mons, burst today as the result of the tunneling to extend mine workings, and in a few minutes the canal for a distance of eight miles was emptied. An enormous mass of water rushed over the surrounding country, flooding the houses and sweeping away everything movable in its course.

CONSTANTINOPLE, Sept. 20, (Special)—Official announcement is made of the settlement of the frontier question between Bulgaria and Turkey in Thrace. The frontier starts at the mouth of the Maritza River and ends north of Midia, on the Black Sea. Turkey retains Adrianople, Demotika and Kirk-Kilisseh, while Bulgaria retains Tirmovo, Mustapha Pacha and Ortakoi. An agreement in principle has been reached on the subject of nationalities. An ironical note is struck in one clause of the protocol, to the effect that the provisions of the treaty of London not modified by the present protocol shall remain binding on both parties.

PRIME MINISTER. HALIFAX, Sept. 20.—Rt. Hon. R. L. Borden last night boarded his car to leave this morning for Montreal and Ottawa, after more than a week spent in Nova Scotia, most of it in Halifax. Yesterday forenoon he spent visiting the present terminals of the I. C. R., and inspecting the work that has begun on the new. A part of the afternoon he spent on the links of the Halifax golf club, playing some foursomes. This morning his car will be attached to the ocean limited of the I. C. R., for Montreal.

THE SUPERANNUATION AND RETIREMENT OF OFFICIALS. OTTAWA, Sept. 19.—Since his return from England, the minister of finance has been giving careful consideration to the report of Sir George Murray on the organization of the public service of Canada with a view to the adoption of improved methods in the transaction of public business, more effectual control of appropriations and expenditure and the revision of the Civil Service act. The matter of the superannuation and retirement of officials is also receiving attention.

CONVICTS IN PETERHEAD PRISON MAKE COUNTERFEITS. PETERHEAD, Scotland, September 19.—That counterfeit banknotes so skillfully executed as to deceive the local bankers and shipkeepers were made by convicts in the Peterhead prison, was the startling discovery made today by Scotland Yard detectives. In the printing of the banknotes the convicts had used paper in which rations had been served them.

HEAVY STORM IN OKLAHOMA. FORT SMITH, Ark., Sept. 20.—Eastern Oklahoma was swept by a severe wind and rain storm last night and while wire communication is cut off reports that have been received indicate a heavy property damage. At Sallisawa, Okla., several buildings were damaged and A. O. Farmer, fireman of Kansas City Southern passenger train was struck by lightning and killed. In Fort Smith electric lighting wires and telephone wires are in disorder.

GRAND CIRCUIT CLOSING. DETROIT, Sept. 19.—Today marked the close of Grand Circuit harness racing in Detroit this season and it was expected to complete a program of six races before the curtain dropped. Three of the races should have been run yesterday but were postponed in order to stage events which rain prevented on previous days. The get-away card included 2:11 trot, 2:17 trot, 2:11 pace, 2:08 pace and 2:17 pace. A free-for-all pace, which was expected to bring together such fast horses as Pickles and Braden Direct attracted considerable attention.

ANOTHER SUFFERER RELIEVED. Romayor, Texas.—"I suffered terribly with a displacement and bladder trouble. I was in misery all the time and could not walk any distance. I thought I never could be cured, but my mother advised me to try Lydia E. Pinkham's Vegetable Compound and I did. "I am cured of the displacement and the bladder trouble is relieved. I think the Compound is the finest medicine on earth for suffering women."—Mrs. VIOLA JASPER, Romayor, Texas.

WOMAN FEELS 10 YEARS YOUNGER. Louisville, Ky.—"I take great pleasure in writing to inform you of what Lydia E. Pinkham's Vegetable Compound has done for me. I was weak, nervous, and cared for nothing but sleep. Now I can go ahead with my work daily and feel ten years younger than before I started taking your medicine. I will advise any woman to consult with you before going to a doctor."—Mrs. INIZE WILKES, 2229 Bank St., Louisville, Ky.

SPANISH MARQUIS KILLED SHOOTING

MADRID, Sept. 20, (Special)—Spanish society is stirred by the mysterious and tragic death of the Marquis del Valle de la Reina, formerly a deputy for Seville in the Cortes and a prominent member of the conservative party. He was found shot dead in the course of a shooting expedition on his estate, San Lucar de Barra-meda. The Marquis del Valle de la Reina's friends lost sight of him for a few minutes upon entering a large park surrounding Don Jose Casan's country house, at which the party intended to halt. Suddenly they heard two shots. They rushed to the spot and found the Marquis with two gunshot wounds in his brain. The shots had entered the mouth. Despite appearances the Marquis' relatives scot the suggestion of suicide. It is generally believed death was accidental, but there is much reluctance to give out the details. The victim of the tragedy is related to the family of General Marquis de Polavieja, who was Captain General of Cuba and of the Philippines.

E. W. GILLETT COMPANY LIMITED
WINNIPEG TORONTO, ONT. MONTREAL

DIED AGED 102 YEARS. 102 years, died as she slept at the House of Providence early this morning. She had not been ill, and her hearing and sight were keen. Relatives reside at Port Hope.

BULGARIA SETTLES FRONTIER QUESTION

CONSTANTINOPLE, Sept. 20, (Special)—Official announcement is made of the settlement of the frontier question between Bulgaria and Turkey in Thrace. The frontier starts at the mouth of the Maritza River and ends north of Midia, on the Black Sea. Turkey retains Adrianople, Demotika and Kirk-Kilisseh, while Bulgaria retains Tirmovo, Mustapha Pacha and Ortakoi. An agreement in principle has been reached on the subject of nationalities.
