## POSSIBILITY OF A WALKOUT

### Weavers In English Cotton Industry Object To Wage Cuts.

MANCHESTER, Eng., Aug. 26.—A walkout of weavers in the Lancashire cotton mills loomed as a possibility, following announcement that mill owners and spokesmen for the employees had failed to come to an agreement today over wages and working conditions. This conference was regarded as the last hope of averting a general strike in the cotton industry.

On the first of August 200,800 workers went on strike at Burnley and efforts to end that walkout failed. A general strike was averted, however, when both owners and union officials agreed to further delays.

The industry has been upset for many months. Business is bad and the employers want to reduce pay.

### Negotiations Break Down

MANCHESTER, England, Aug. 26.—Negotiations between cotton mill owners and operatives broke down late today threatening to precipitate a general strike in the industry throughout the Lancashire district. Two hundred thousand weavers, the first group are scheduled to go out on Monday, to be

## ISLAND HERD A BIG WINNER AT OTTAWA

### Bunbury Farm Holsteins Capture Cream Of Prizes At Ottawa Exhibition.

The high reputation of Prince Edward Island dairy cattle was enhanced this week by the splendid showing of the Bunbury Farm Holstein herd at the Ottawa Exhibition. Mr. J. Walter Jones, owner of the herd, received the welcome news last night that with nineteen cattle showing in 18 sections against a total of 198 cattle, the Bunbury Farm herd won the Reserve Junior Championship, 4 Firsts, 4 Seconds, 7 Thirds and 3 Fifths. They were the highest money winners.

The best of the competitors were Hazen Comany, Calgary, and M. L. McCarthy, New Brunswick.

Mr. Jones plans showing his herd at the coming National Exhibition in Toronto, which he will attend personally.

His success at Ottawa is a credit, not only to Mr. Jones, but to the Province generally.

## Strike Movement Spreads In Iowa

COUNCIL BLUFFS, Ia., Aug. 26.—(By The Canadian Press)—An uncertain peace hung over the scattered camps of farmers' holiday pickets today as reports of a gradual spread of the anti-marketing movement were received.

Picketing continued on two highways leading into this city, where yesterday 1,000 strike sympathizers threatened to storm the county jail to release arrested comrades, but the danger that led sheriff P. A. Lalson to mobilize deputies appeared to have passed. The prisoners were released on bonds last night.

Instead of the 3,000 men gathered in the picket camps about here at one time last night, only small groups blockaded U. S. highways 34 and 75 today and they picketed peacefully. Trucks were stopped and the drivers persuaded to return home.

A similar situation existed at Sioux City, where strike leaders maintained that picketing had be-

## United Kingdom Delegates Are Back Home Again

### Official Statement Given Out Says, "We Can Now Face The Future With Hope."

UNITED KINGDOM ... .. from every viewpoint, declared his general lieutenant, Rt. Hon. J. H. Thomas.

LONDON, Aug. 26.—(Canadian Press Cable)—After more than six weeks' absence in quest of trade across the seas, the United Kingdom delegation to the Imperial Economic Conference are home again.

Led by Rt. Hon. Stanley Baldwin, they disembarked from the Empress of Britain at Southampton today and travelled by special train to London, where they were greeted by Prime Minister Ramsay MacDonald and other Cabinet colleagues.

Mr. Baldwin said he hoped and believed the imperial conference had done "a useful bit of work." The Conference was successful

"We proceed in the fullest confidence that a world economic conference will form a fitting conclusion for a year of solid and substantial advance," declared an official statement issued by the delegation on their arrival. Agreements made at Ottawa mark a degree of success far beyond anything ever expected before they left England, it continued. We are confident the arrangements made will lead to increased trade between the several parts of the empire and increased prosperity which

## Prov. Exhibition Closed Yesterday

### Annual Fair Was Successful From Every Point Of View. Unusually Large Crowd For Final Day.

The Provincial Exhibition, more successful than its management had dared to hope, under universal hard times, came to a close yesterday. For the final day the attendance was unusually large, children being admitted free. Vaudeville before the grand stand, and the Midway were the chief attractions, as exhibits were being removed during the course of the day.

Practically every class had a much larger list of entries this year

than in years past. Even more gratifying to note is the fact that in every class the standard of quality was not only maintained, but surpassed. A season of unusual interest on the race track reached a high point in the three days' racing on the exhibition oval.

The Midway last evening was crowded by a throng paying its last respects as the big fair passed into history for another year.

## Will Be In Business For Themselves

HALIFAX, N. S., Aug. 26.—(By the Canadian Press)—For a quarter of a century the people of Inverness have been working for somebody else. After September first they will be in business for themselves, directing and operating the coal mine that is the only industry in the town, and marketing its products.

Their co-operative plan, approved today by the Government of Nova Scotia, is expected to banish the threat, long dreaded by the town's 3,000 inhabitants, that the mine would be closed.

Under the agreement with the government, operation and control of the mine has been transferred to a new company, the Inverness Coal Co-operative Company Limited, members of which are to be miners employed in that mine and taxpayers of Inverness.

Rev. Father R. L. MacDonald, who for many years has championed the cause of the miners, is chairman of the board of directors. Other members are A. L. McIsaac, John Y. McNeil and John L. Fraser, miners, and J. B. Henderson, prominent merchant.

## Hope Fades Into Anxiety For Two New York Flyers

### Lee And Bochkon Now Long Overdue On Attempted Trans Atlantic Flight To Oslo, Norway

(Canadian Press)

OSLO, Norway, Aug. 26.—As midnight approached it became apparent tonight that Clyde Lee and John Bochkon, who took off for Oslo at Harbor Grace, Newfoundland, Thursday morning, had encountered trouble.

Their plane, the "Green Mountain Boy," had not been seen since the takeoff, and weather conditions over the eastern Atlantic were bad.

Midnight here is 6 p. m. Eastern Standard Time. It was estimated that the flyers had with them gasoline enough to stay aloft until 7 p. m. Eastern Standard Time.

They had planned on making the non-stop flight in 30 hours, and at 11:02 o'clock this morning, Eastern Standard time, the 30 hours elapsed.

There were low-lying clouds and some fog over the water to Great Britain from noon on, and because of these conditions it was possible that Lee and Bochkon had flown over England without being seen.

Norwegian military authorities directed that a watch be kept throughout the night, and floodlights were burning in aerodromes near Oslo, but hope had faded into anxiety.

Earlier, large crowds had gathered in the hope of witnessing the termination of the first trans Atlantic flight to Oslo.

Weather conditions in the immediate vicinity of the city were good, with a westerly wind blowing.

## LIFE SENTENCE FOR SPANISH REBEL LEADER

MADRID, Aug. 26.—(A.P.)—Jose Sanjurjo, whose brief rebellion against the Republican Government ended in his conviction of treason was taken today to prison at Santona, 250 miles from Madrid, and the excitement which attended his trial subsided.

Santona is on the northeast coast not far from Santander. The General's quarters are in the new Dueso penitentiary, still in the course of construction. It stands in a narrow gorge jutting out like a peninsula with sheer mountains on one side and the bleak sea on the other. Here in a prison hitherto used only for the most desperate criminals, he is sentenced to spend the rest of his life.

Premier Azana supervised his transfer from the detention prison
