Beaver Flour

makes more bread to the barrel than any other flour on the market—bread that takes up water readily, "stands up" well in the oven, looks well, tastes well and is light and nutritious.

Being a carefully prepared blend of Manitoba Spring wheat and Ontario Fall wheat, Beaver Flour is also an ideal pastry flour, making the most delicious cakes, pies and biscuits.

Keeping two flours—one for bread and one for pastry—involves unnecessary expense and bother. Beaver Flour is best for both.

Ask your grocer for it.

HEAR WHY WE SPEAK FOR Zam-Buk

THE GREAT HERBAL BALM

INJURED FOOT CURED. "I speak for Zam-Buk because it cured me of a terribly bad foot," says Mrs. Alice Berryman of 190 John St. North, Hamilton. She adds: "The injury was caused by a wagon wheel, and the sore was on my right foot. It became very inflamed and swollen and so painful that I fainting away. In spite of treatment, the wound got no better and the foot became more and more swollen until it was several times its usual size. The flesh was terribly bruised and blackened and it was quite impossible for me to walk. My husband's mother at last brought me a box of Zam-Buk. This was applied to the foot and it was surprising how soon I found relief from the severe pain. A further supply of Zam-Buk was obtained and I persevered in using this balm alone. In a couple of days the swelling had gone down considerably, the discoloration was less distinct and the pain was banished. In four days I could go about as usual: the bruised and injured foot had been thoroughly cured by the timely use of Zam-Buk."

Did you ever ask yourself: "How is it that Zam-Buk is so popular?" It is because it is superior and different to other salves. Contrast them! Most salves are nine-tenths animal oil or fat. Zam-Buk hasn't a trace of animal fat in it. Most salves contain mineral coloring matter. Zam-Buk is absolutely without! Many salves contain poisonous astringents. Zam-Buk doesn't.

Zam-Buk is actually more powerfully antiseptic than crude carbolic acid. Yet it stops instead of causing pain and smarting when put on a wound.

It heals more quickly than any known substance, abscess, ulcers, eczema, blood-poisoning, cuts, scalp sores, chaps and all skin injuries and diseases. All druggists and stores sell at 50c a box or Zam-Buk Co., Toronto, for price. Send 1c stamp for trial box.

POISONED FINGER HEALED. Mrs. Frank St. Denis of 305 Thompson St., Winnipeg, speaks for Zam-Buk because it cured her of a poisoned finger, which had caused her days of agony. Hear her experience. She says: "One morning, while washing, I felt a slight pain in the end of my finger. This gradually got more acute until by the evening of the next day the end of the finger had become swollen and hard and so blue I became alarmed. "The pain from it was almost too much to bear. It made me turn quite sick! I noticed a first one kind and then another were applied, but seemed to give me no relief. My daughter-in-law, who had had some previous experience with Zam-Buk obtained a box for me. I anointed the sore place liberally with this balm, and in a few hours, the throbbing aching pain were subdued. "Further applications of Zam-Buk gave me more ease, so that I could get a little sleep. In a few days the nail came off, but after the Zam-Buk seemed to reduce the inflammation quickly. I continued its use until in the end it had brought about a complete cure."

Then all the women shuddered, The girls said, "I declare!" But the boys were just delighted,— A treat like this was rare.

So every jolly fellow Went home to clean his gun, And when some snow had fallen The hunting was begun, But many a frosty evening The hunters homeward came, With frozen ears and fingers But nothing of their game.

Then Stewart, Bill and Hector And many a curious chap Who prowled the tangled woodland, Roused Bruin from his nap! Before they shoot me out, Oh yes, I'll go some morning When snow is falling fast, And hunters all are indoors Protected from the blast."

One day two little urchins Enjoyed a pleasant romp Until they sited old Bruin In McIntosh's swamp. The shaggy creature vanished To Frankie's great surprise Among some near-by bushes Before his wondering eyes.

That night when darkness covered This peaceful, quiet land, The bear went struggling forward And reached Belle River strand. He stopped to watch the lamplights That shone upon the snow, And said, "I like Belle River, But still, I've got to go."

"Young hunters love your country, And take a bear's advice; I'm off for Nova Scotia Across the shining ice; I've roughed it many a winter, Men chased me here and there But still they'll do some hunting Before they catch this bear."

So here's to Mr. Bruin! I hope he's snug and warm And sleeping most contented While howls the winter storm; And when the springtime visits This land and Bruin's there, May it bring joy and gladness To the hunters and the bear! Belle River, Feb. 8. —E. M. I.
