50¢ A MONTH IN ADVANCE (\$2.00 PER YEAR BY MAIL IN ADVANCE)

MEETING OF CITY COUNCIL

Policemen's Clothing, Drainage, Truancy and Sanitation, Came up for Discussion Last Evening.

The regular monthly meeting of the City Council was held last night. Its Worship Mayor Prowse presided. All the Councilors, as well as the Recorder and the Health Officer, were present. The minutes of the last meeting were read and a number of accounts certified for payment. Councilor Reddin enquired regarding the policemen's clothing. He had tried, as nominal head of the Police Committee, to get the officers' new clothes. He knew that \$50 had been voted but had subsequently been informed that the \$50 was for something else. Councilor Rogers said the \$50 was at the call of the Police Committee. With regard to the drain at the foot of Richmond Street west, Councilor Stewart stated that all that could be done to remedy it had been done. The drainage of the street can not be made perfect unless the fence is moved back on Mr Purdy's land. Concerning the drain at the foot of Queen Street, Councilor Stewart reported that the City would proceed with it to such extent as the City property permitted. It appears that an agreement had been made by the City many years ago giving certain privileges, which agreement will have to be looked into. He moved, seconded by Councilor Macdonald, that the City Surveyor be instructed to put down a concrete culvert in place of the old box drain. The following resolution was moved by Councilor Riley, seconded by Councilor Lane: That the members of the City Force be appointed (Truant officers and in addition to their duties as Truant officers they be instructed to take the name, address, age and reason of nonattendance of any child or children, apparently between the ages of 8 and 14 years, found loitering on the streets, wharves or public places of the City during school hours and report such information to the Secretary of the City School Board. Dr Johnson, Health Officer, stated that many complaints had been made with regard to the unsanitary condition of the northern part of the City. He thought the Sanitary Officer was attentive to his duties in that section and that the condition was not as bad as had been reported in the papers. With regard to pig-sties in the City, the case was different—something should be done to prevent the nuisance caused by pigs being kept in the City. A question ensued on the subject of the pig as a nuisance and the standing by-law was quoted showing that pigs as nuisances are not permitted. The general opinion seemed to be that the pig could easily be proved a nuisance. The opinion was expressed that it was true another Sanitary Officer should be appointed—the present incumbent did not look after the pig nuisance—he appears to have too much other work to do. A number of the members of the Board thought the Sanitary Officer had too many side lines to attend to. His Honor the Recorder stated that he was primarily appointed as Sanitary Officer. He also had other work to attend to. When he went to the country or other places as detective he went with the Recorder's and the Mayor's sanction. The Recorder explained that no extra pay was given for serving the City papers—the Sanitary Officer had to serve all the papers. Councilor Riley thought the Sanitary Officer could be under the direction of the Health Officer. It appeared that so many duties devolve on the official that it is not possible for him to find time for proper sanitary inspection and that it is hardly fair to expect so much from him. Council adjourned.

HAVANA SUFFERS FROM WINDSTORM

HAVANA, Oct 11—(Special.)—A storm with hurricane proportions, struck this city early today and raged with unabated fury for several hours. No fatalities are reported, but the property loss is enormous. Many lighters and other small crafts have been sunk or driven ashore. All the telegraph wires in the city are down, the electric power service is crippled, and scarcely a tree is left standing.

MR. BORDEN COMING TO ANNOUNCE POLICY

MONTREAL, Oct 10—R. L. Borden, M.P., left for Halifax today and it is understood that he will address a meeting in Nova Scotia before the opening of Parliament. The Conservative leader repudiated the interview appearing in the Toronto Mail and Empire on Monday last and stated that he will announce the party's Dredging policy at the meeting in question.

SCHR. ANNIE A. BOOTH TOWED TO NEW YORK

VINYARD HAVEN, Oct. 10—Schooner Annie A. Booth, Parrishboro for New York with a cargo of lumber, before reported damaged by collision with tug Helton M. Field, proceeded for New York in tow of tug Cora M. Staples.

TO GO DOWN ON MURDER CHARGE

CAMBRIDGE, October 9—James Maney, a Greek barber of Manchester, New Hampshire, and Peter Delorey, a Somerville butcher, formerly of Antigonish, Nova Scotia, who were indicted on the charge of the murder of Annie Mullins, of St. John's, Nfld., in Arlington, on March 27th, 1908, will be brought before a jury for trial on November 3rd, according to an announcement made tonight by District Attorney J. J. Higgins. The men were arrested last March, nearly a year after the commission of the crime.

Wheatley, City. 12-747f.

WALKS 12 MILES WHILE ASLEEP

A Somnambulist Walks this Distance in a Drizzling Rain.

KINGSTON, Oct 11—(Special.)—Thomas Doyle, aged 82, got up at Perth and walked to Lamark, a distance of 12 miles, in a semiconscious state. Rain dripped all the way. Doyle had on only his trousers a night shirt, a toque and light cashmere socks. The road was stony and he was footsore on reaching Lamark.

NEW RULES MADE AFFECTING BISHOPS

They Must Visit His Holiness the Pope Every Five Years.

ROME, Oct. 11—(Special.)—New rules affecting the Bishops throughout the world are made known at the Vatican today. The Bishops shall be allowed two years following their appointments, in which to arrange their canonical visitations in the dioceses. Five years after that they must satisfy the obligation of visiting the Pope, such visits to be repeated once in every five years.

SPLENDID SPORT AT RIFLE RANGE

The Civilians and Volunteers Engage in Bloodless Strife with Rifles.

As was predicted, the match between the 4th C. A. Rifle team and Charlottetown Rifle Association, proved an exciting one, interest being maintained until the very last. The teams were very evenly matched and a return match may result in the future. The wind was steady throughout but the extremely full light made "sighting" difficult so that the scores made were highly creditable to the various marksmen. K Rogers for the Charlottetown team scored 13 consecutive bullseyes, which was "going some". He also made the highest total on his team. The first range fired was the 500, when finished the 4th were leading by 600, which was fired after the five, they had increased the lead to 5 points. The 200 was fired about 5 o'clock. The light was poor but notwithstanding three men scored 34 points each and a good general average was obtained. The total score made by the 4th C. A. was 905 points or an average of 90 1/2 per man. The Charlottetown E. A. scored 887 points or 88 7/8 per man, the 4th Regiment were therefore the winners by 18 points. They will be entertained to an oyster supper by their genial competitors. Capt. S. Grey, of the Civilians, was a highly satisfactory range officer. Scores are as follows:—

4TH REGIMENT C. A.	
Capt D. A. McKinnon	200 500 600 pts
Br J. Landring	43 35 28 97
Gr C. B. Jones	33 31 30 96
Capt W. B. Prowse	29 34 29 92
Corp A. McCabe	33 32 27 92
Cape E. Stewart	31 29 31 91
Gr A. Seaman	31 34 25 91
Lieut J. A. Bayer	27 29 30 86
Major C. Leigh	31 30 24 85
Lt Col H. M. Davison	29 28 24 81
Total	312 314 278 905
CH'TOWN RIFLE ASS'N.	
200 500 600 pts	
K. Rogers	33 35 29 97
V. Longworth	32 32 27 91
Lt L. H. Beer	28 31 33 92
Major W. A. Weeks	30 34 28 92
E. R. Brow	34 30 28 92
Lt W. K. Rogers	31 31 27 89
E. Matthews	29 31 28 88
G. M. Moore	28 30 27 85
Lt E. McNutt	28 29 26 83
G. F. Hutcheson	26 30 19 75
Total	300 313 274 887

TWO ASPHYXIATED IN PHILADELPHIA

A Woman and Her Grandson both Discovered Dead and the Gas Jets Open.

PHILADELPHIA, Oct 11—(Special.)—With the gas flowing from a burner, Mrs. Mary Matson, aged 75, and her grandson, John Cuttle, were found dead in their boarding house, both had been asphyxiated. The woman was found lying on the bed and her grandson was prostrated on the floor. The double asphyxiation was an accident.

C. W. MORSE FOR THE PENITENTIARY

The Court of Appeal Affirms the Decision of the Federal Court Recently.

NEW YORK, Oct 11—(Special.)—The United States court of appeals affirmed the decision of the lower federal court sentencing Charles W. Morse to fifteen years imprisonment in the federal prison at Atlanta.

PITTSBURG AGAIN DEFEATS DETROIT

DETROIT, Oct 11—(Special.)—On the third of the World's amateur championship series, Pittsburgh today defeated Detroit, eight to six.

FIVE WORLD'S RECORDS BROKEN

NEW YORK, October 10—Five new world's records and one American record were made at Celtic Park today, during the annual fall track and field games of the Irish-American Amateur Club. Emilio Lunghi, the Italian champion, who ran unattached, was the first to put up new figures. This was in the two-thirds mile scratch race, which he won easily in 2:45 3/5. The old record of 2:48 1-5 was made by W. G. George, here, on November 30th, 1882. In the discus throw, Martin J. Sheridan, the world's champion, sent the Greek missile skimming 142 feet, 10 1/2 inches, beating his former record of 140 feet, 5 inches. He also wiped out J. S. Mitchell's American figures of 26 feet, 8 1/2 inches, by putting the 42 pound stone from a stand with stand and follow, 27 feet, 9 inches. John J. Flannigan, in throwing the 16 pound hammer with an unlimited run and follow, sent it 180 feet, 1 inch. The old figure were 154 feet, 1 1/2 inches, made by Thomas Kiely, of Ireland, in 1904. The Irish-American A. C. team, composed of Collins, Riley, Brimlow and Kiviat, won the four mile relay handicap run from scratch in 18:08 4-5, clipping 1 1-5 seconds off the world's record held by the University of Michigan since 1906.

CANADA TO HAVE HER BOY SCOUTS

TORONTO, October 10—The official organization of the Baden Powell Boy Scouts was accomplished at a meeting held at the Armories last night, when the Scout Council was elected. Private C. J. Corliss of the 48th Highlanders' signal corps was appointed Scout Master and the remaining members of the Council are Captain R. S. Wilson, 48th; Captain J. K. Keeler, G.G.B.G.; Lieut.-Colonel Thompson, Inspector J. L. Hughes, Colonel E. A. Gooderham, Quartermaster-Serg. J. S. Campbell, 48th and Mr Graham, F. Tod, J. Bennett, C. J. Atkinson and J. Tait. Captain R. S. Wilson presided and it was decided to send a contingent to Lieut-General Sir R. S. Baden Powell, the originator of the Boy Scout scheme, congratulating him on his knighthood. Quartermaster-Serg. Campbell also delivered an interesting address on the object of the movement.

RAIN.

TORONTO, Oct 12—(Special.)—Strong winds and gales from the eastward, with rain. The length of today will be eleven hours and twenty-three minutes.

COL. LESSARD TO SUCCEED BUCHAN

It is Probable he will Fill the Vacancy Caused by Death.

MONTREAL, Oct 11—(Special.)—Col Lessard, head of the permanent Corps in Canada, will likely succeed General Buchan. Col Gordon is mentioned for the vacancy created if Col Lessard moves higher.

ESCAPING GAS NEARLY FATAL

Workmen were Overcome but were Discovered just in Time.

ST. CATHERINES, Ont., Oct. 11—(Special.)—Several men employed in the gas works here, nearly lost their lives by being overcome with escaping gas. The men were making changes in the machinery and apparently did not notice the smell of gas which overcame them. They were discovered in time to save their lives.

BIG METEOR FOUND ON NORWOOD FARM

BOSTON, Oct 10—A meteor, weighing about 200 pounds, and still warm when found, was dug out of the ground on a farm on Brook street, Norwood, yesterday morning, while the owner, W. P. Nicholson, was looking for the missile that broke the bars of a gate about 300 yards from his house. About 6:30 in the morning an employe, James Shine, discovered the broken bars and a large hole in the ground. The hole made by the meteor had been partially filled with earth. The meteor is about two feet long and has the general shape of a ham. It is 5 feet 6 inches around the larger end, and 4 feet 2 inches about the smaller end. The rock has the color of old lead and resembles iron slag. From the direction, the body presumably came from the north during the night. The whole stone was buried the depth of about five feet. It was evidently hot when it struck the ground.

CANADIAN CLUB FOR FREDERICTON

FREDERICTON, N. B., Oct. 10—At a meeting of several citizens this morning it was decided to organize a Canadian Club here. Rev. G. M. Campbell, who organized the St John Society, explained the objects and aims of the new club.

SOO CANAL TRAFFIC BREAKS ALL RECORDS

SAULT STE MARIE, Mich., Oct 10—All records for September traffic through the Soo Canal, the busiest canal in the world, have been broken this year by the reaching of the nine million mark. The tonnage for the month just past was 9,227,190. The trade through the Canadian locks is rapidly increasing, at during August just exceeding the same month's traffic through the American canal by 1,000,000 tons.

BISHOP OF N. B. IS BIG GAME HUNTER

FREDERICTON, N. B., Oct. 10—Right Rev John Richardson, Anglican Bishop of New Brunswick, has made a reputation for himself as a big game hunter. While on a recent confirmation tour in Sunbury County, he accepted the invitation of some friends to accompany them on a hunting expedition. They were on a short time in the woods when a guide called up a large moose which the Bishop bowled over at the first shot. He shipped the carcass whole to Fredericton and will distribute the meat among his friends. Minard's Liniment Cures Dandruff. The temperature at three o'clock this morning was fifty-three degrees. Minard's Liniment relieves Neuralgia. Minard's Liniment cures Burns, etc. Minard's Liniment for sale everywhere.

DISCOVERY OF A RICH VEIN

Of Remarkably High Value in Territory Near the Great Divide—Richer Than Any Gold Mine.

EDMONTON, Oct 11—(Special.)—A prospector from Peace River canyon, which lies beyond the Great Divide, brings the news of a remarkable discovery of mica in that isolated country. He prospected a vein over two miles and found a fifty foot thickness and unknown depth. The vein is remarkably fine and the stuff can be lifted in great sheets of purest material. Mica is worth from \$25 to \$100 per ton, a price which makes this mine richer and more important than any gold mine yet discovered. It lies beyond the divide at the foot of Mount Selkirk.

SUFFRAGETTES IN MORE TROUBLE

NEW CASTLE, Enr., Oct 11—(Special.)—Lady Constance Lytton and Mrs Brailsford were arrested Saturday, following a suffragette demonstration against Sir Lloyd George, were sentenced to a month's imprisonment. The demonstration on Saturday, which resulted in their arrest, took the form of a rush upon the chancellor as he was making his way to his motor car from the Palace Theatre, where he had addressed an audience.

TWO MILLION PULP PLANT FOR QUEBEC

PORTLAND, Me., Oct 10—Herbert J. Brown of this city, interested in the Quebec and St Maurice Industrial Company of Quebec, said tonight: "The Quebec and St Maurice Industrial Company is going ahead to erect a small pulp mill at Tugue, Quebec, which is carrying out a plan which the Company had when it acquired the property at La Tugue a few years ago. The cost will be something like two million dollars and has nothing to do with the Quebec Government's policy against the export of raw pulp wood."

COOK LECTURED AT MILWAUKEE

MILWAUKEE, Wis., Oct. 10—Dr. Frederick A. Cook, the Arctic explorer, tonight delivered a lecture before a large audience in the Auditorium.

SCHOONER SINKS OFF N. CAROLINA

BEAUFORT, N. C., Oct. 10—An unknown schooner has mysteriously sunk in fourteen fathoms of water off the west of the Diamond Shoal lightship. Just when the vessel went down is not known, but it must have been some time last night, as it was not until this morning that the lights of the schooner were seen. The mystery of the wreck is made the deeper by reason of the difficulty of explaining its occurrence. The weather has not been such within the last few days as to threaten the safety of vessels and the only theory that is advanced to account for the wreck is that the schooner probably sprang a wide leak and went to the bottom before aid could reach her or even signals be seen. So swiftly, in fact, was the disaster have fallen that it is possible that the crew may have had no chance to escape. The wreck lies in the track of coastwise steamships.

DOG FISH MAKING WAR ON LOBSTERS

WASHINGTON, October 10.—Whether the voracious lobster or the worthless dogfish of the waters of Rhode Island and Massachusetts is to be allowed to survive is a burning question that is receiving the careful consideration of Commissioner J. M. Bowers of the Bureau of Fisheries. The efforts of the Bureau of Fisheries to propagate the lobster so that it may become plentiful and cheap have been nullified to so great an extent by the avaricious dogfish that Commissioner Bowers is contemplating placing a price on the head of the marine nuisance so as to enable fishermen to devote their efforts to rid the sea of them.

WRECK UNDER INVESTIGATION

More toes are Discovered Near the Gorge which led to the Mystery.

MONCTON, Oct 11—(Special.)—The investigation into the wreck at Nash's Creek on Wednesday, opened here in the office of the General Superintendent. Witnesses from Moncton, Campbellton and Newcastle are being examined including trammen and railway officials. The find of two toes adds to the foot mystery at the Gorge near Moncton. Chief Rideout visited the place where the foot was found, and after searching a few moments, found two toes. It is thought these members fell from the boat when it was wrecked. Fifteen residents of the Gorge are searching for other parts of the body, but with no success.

NATIONS HAVE TO PREPARE FOR WAR

NEW YORK, October 9—Admiral Sir Edward Seymour, of the British navy, was asked yesterday about a report that the German warship now here brought other flags captured in the Franco-Prussian war to carry in the Hudson-Pulton military parade, replied that he did not believe it. "In my experience with Germans in all parts of the world," he said, "I have always found that they strictly observe proprieties." As to whether he considered that there was any possibility of a war between England and Germany, Admiral Seymour replied that the German Emperor was the only person who could answer that question satisfactorily. Personally he hoped not, because war today meant a great loss of life and expense, which must be met by taxation and in his opinion it was wrong even to discuss publicly the likelihood of war between two at present friendly nations. "The press is a great power to work good or evil for the world at large," said the admiral, "and if the men who control the great daily newspapers would only think of that and how much influence they wield on the minds of their fellow men, sensational stories of impending war would never appear." "Do you think that Germany is preparing for war?" he was asked. "Germany is increasing her navy," said the admiral, "but I cannot tell you the reason because I do not know it. The millennium is not yet in sight, nations have to be prepared for war. It is easy to inflame the minds of one people against another, and to see never knows what may happen."

VOTE FOR BUDGET AND HOME RULE

LONDON, Oct 10—The King is still trying to prevent a crisis, and today had another consultation with Premier Asquith. As time passes the difficulties toward avoiding a conflict between the commons and the lords increases, the strong party men of both sides being eager for the fight. The Unionists are urging the leaders to do nothing that might prevent an immediate appeal to the people. They have seized upon Mr Redmond's statement that the last vote of the house of lords, and are declaring that a vote for the budget is a vote for home rule.
