

W. B. HARMER SAYS

He used Dodd's Dyspepsia Tablets and was Cured of a Disagreeable Complaint.

Were you ever troubled with food and gas rising in your throat? Have you ever had an evening spoiled by the objectionable matter coming between you and an agreeable conversation? When it was the greatest of agony to keep it down and the height of bad breeding to do anything else?

Have you bewailed the fate that doomed you to such torture? If you did, you were wrong. It's not fate at all; it's your own stupidity. Others have been in a similar fix and have got out of it. How? Simply by using Dodd's Dyspepsia Tablets. They are so pleased they are telling others about it every day. W. H. Harmer, of Avonmore, N. B., is one of them. Listen to what he says.

"I was troubled with gas and food rising in my throat. Dodd's Dyspepsia Tablets stopped it. Others around here have used Dodd's Dyspepsia Tablets with equally good results."

He doesn't say much, but it is to the point. If you are troubled with gas or food rising in your throat—if you are troubled with any of the pains or discomforts of Dyspepsia, use Dodd's Dyspepsia Tablets and the relief will be speedy, the cure permanent.

A WONDERFUL DISCOVERY

Remarkable Results From Taking of Dr. Clarke's Little Red Pills.

To the Editor of the Guardian
Sir.—We desire to make a statement through the columns of the Guardian: We are the owners of the formula from which Dr. Clarke's Wonderful Little Red Pills are manufactured. To anyone who will give these pills a fair trial and are not entirely cured, we will refund the money paid for the pills. If there is no substantial improvement, we will, in addition, pay \$10 in cash. We have absolute faith that they will cure all diseases arising from the stomach or blood, and have yet to know of a single case where these wonderful pills have not been successful in effecting a cure.

CANADA CHEMICAL COMPANY, Peterborough, Ont.

Dr. Clarke's wonderful Little Red Pills are a positive cure for la grippe, rheumatism, asthma, paralysis, catarrh, eczema, coughs, backache, indigestion, all stomach and liver troubles, female complaint, &c. The most stubborn cases will yield. Price 50 cents per box. For sale by C. D. Rankin, MacDonald & MacKinnon, Geo. E. Hughes, H. A. Ellis, J. G. Jamieson, A. W. Reddin, Johnson & Johnson Reddin Bros.

IMPORTANT INFORMATION ABOUT TRANS-CANADA RAILWAY TERRITORY.

It is said that the Peace River country which will be opened up by the new Trans-Canada Railway is likely to be one of the most productive wheat growing sections of the North West. It is said that it will grow wheat equal to Manitoba No. 1 Hard, the same kind that is used in the manufacture of Ogilvie's celebrated flour, which are supplied to the household of H. R. H., the prince of Wales. If it is true that the Peace River district can produce as good flour as Ogilvie's the Government should lose no time in giving it the necessary facilities for trans-shipment of its products. We want all the flour equal to Ogilvie's that we can get.

THE CANADIAN STEEL AND COAL COMPANY Limited, was organized to mine and manufacture iron and coal coke and steel in Canada, at Atlantic tide water.

This raw materials for these manufacturers are:—
1. COAL. 2. IRON. 3. LIMESTONE.

All these materials we have at hand.

2.—Iron.
The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities f. o. b. at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

Output.
When in full operation the output is expected to be about as follows:

- 1. IRON.—200,000 tons iron ore shipped direct from property, showing net profit of \$2.00 per ton, total \$400,000.00
- 200,000 tons fine iron ore shipped in briquettes, showing net profit of \$4.00 per ton, total \$800,000.00
- 100,000 tons steel blooms showing net profit of \$3.00 per ton, total \$300,000.00
- 2. COAL.—600,000 tons coal, showing net profit, at least, \$1.00 per ton, total \$600,000.00
- 3. AIDS.—Government bounties (averaged) added to above per year for 6 years \$100,000.00

Net Revenue.

Total yearly revenue	\$2,200,000.00
Total net annual profits	\$ 200,000.00
LESS FIXED CHARGES:	
5 per cent interest on bonds	\$37,500.00
7 " " on preferred stock	70,000.00
Sinking Fund	67,500.00
Incidentals	25,000.00
	200,000.00

Equivalent to yearly dividends of 30 per cent., or 15 per cent. half-yearly on total capitalization.

If the capitalization was increased to \$20,000,000.00 this estimate would still show a dividend-earning capacity of 10 per cent. per annum.

The capitalization of the Dominion Coal Co., is \$20,000,000.00

earning fully 12 per cent., and is paying 8 per cent. guaranteed dividends on this enormous sum.

The capitalization of the Dominion Iron and Steel Company is \$28,000,000.00

on which it is believed 6 per cent dividends will be earned.

The capitalization of the Canadian Steel and Coal Company is only \$6,000,000.00

controlling, it is believed, equally valuable properties, and it is reasonable to expect much larger dividends.

Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.

With such low capitalization The Canadian Steel and Coal Co's shares would show tremendous profits; and it is confidently believed they will.
