...Wednesday morning as John LeLacheur was driving Mrs. LeLacheur to the Murray Harbor station on her way to the Exhibition, the mare took fright at a dog getting under her feet. She was going quite fast, and kicked the dog, and in trying to turn in at Alex. Bell's forge, threw Mrs. LeLacheur out over the wheel. Fortunately she received only a bad bruising and shaking up.—Fat.

### ELDON NOTES.

The Eldon harvest is nearly all gathered in and is a fairly good one. The potatoes will not be as good a crop as was first expected owing to the prolonged dry weather. All root crops suffered for want of rain. Threshing is now the order of the day. Wheat and oats are turning out well. Mrs. Martin D. Martin, Eldon, has returned from a trip to Cardigan. Mrs. Martin received a message by telephone that her husband was seriously ill at that place. When she arrived there, to her great pleasure, he was better and pronounced by his physician to be out of danger. His many friends will be glad to hear he is improving and will be pleased to see him home as soon as his physician permits him to leave. Miss Laura McWilliams has returned after a prolonged visit to friends at Newton. Welcome back. James Laraby and Roy Longard have returned from the Northwest, where they went out on the harvest excursion. After their short experience they don't believe much in Horace Greely's advice: "Go West, young man." They saw nothing to compare with home, sweet home. Mrs. Nell A. McLeod is visiting her old home in Eldon. We regret to note the prolonged illness of Mrs. John McDonald. The buttar factory has done well this season, turning out butter second to none on P. E. Island, under the good management of John McRae. Jack is all right—he is a dandy. Miss Maggie Stewart, a popular young lady, is visiting in Hampshire, the guest of her cousin, Alice Stewart.—Com.

Minard's Liniment Co., Ltd. Caterham, Nid. Dear Sirs—While in the country last summer I was badly bitten by mosquitoes, so bad that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly,

Through a mechanical mix-up the following was omitted from Saturday's Guardian.

Citizens yesterday were deeply shocked to hear of the sudden death of George Holmes and four o'clock in the morning at the age of forty-six years.

It is understood that several well-known persons who had attended the Charlottetown Exhibition, called at Mr. Holmes' house about eleven o'clock or later, bringing liquor with them. Mr. Holmes and his son, who had retired at an early hour, were awakened and came down stairs.

They both partook of the liquor, which made the son sick and he ran down on a lounge and went to sleep. When he awakened he found his father, whom he had last seen sitting on a chair, with his head resting on a table, now lying on the floor dead. The shock was a severe one and sincere sympathy is extended to the wife and three children.

The inquest yesterday was held by Dr. Dougherty at the home of the deceased and the verdict rendered was to the effect "that his death had been caused by the excessive use of intoxicating liquor."

STRUCK GOLD MINE IN CAMBRIDGE STREET

CAMBRIDGE, Mass, Sept 21—Tiny bright particles that looked like gold, were discovered by workmen engaged in digging a ditch on Otis street, in this city today. County Treasurer Hayden examined a handful of the grains, and after he stated that they looked like the precious metal, it was decided to have the particles assayed. A report has circulated that the gold had been discovered in Otis street, resulting in a large crowd of people gathering around the ditch, and helping themselves.

## SOCIETY GIRL GETS IN MIX-UP WITH 'HELLO' ONE

PITTSBURG, Pa, Sept 21—Incensed over the continual repetition of the phrase "line's busy," while she and her guests were delayed at bridge whist because of an absent friend, Miss Hazel Gillen, daughter of John Gillen, prominent horseman and ice manufacturer of Fayette City, Pa., last night left her home and her guests to investigate the local Bell Telephone Exchange and learn the reason why she could not get telephone connections with a young woman she wanted "fill in."

Trouble was found and plenty of it when Miss Gillen reached the head of the first flight of stairs at the exchange.

change. A whirlwind in the form of the much abused "Central," Miss Lillian Usher, enveloped her and a second later both young women were rolling down the stairs and on to the sidewalk in each other's arms.

With their skirts wrapped about their shoulders the young women took a "death grip" on the sidewalk when they stopped rolling, and to the amusement of a number of men and boys proceeded to pull hair and attempt to choke each other, until one man stepped forward, righted their skirts and separated the fighters. Their "rats," side combs and barrettes and one switch, the ownership of which neither of the young women will acknowledge, littered the sidewalk.
