### Trinity Group Sponsor Friendship Car

It is over a year since the first friendship train roared across the United States from the Pacific coast to an eastern coast port. This train carried carloads of food, money, and clothing — gifts, not of any organization, but presents from the ordinary people of the U.S.A. to the needy of the world. These trains stopped at designated places picking up gifts until the train finally reached its terminus loaded almost more than the great diesel engines could pull!

Since then there have been many friendship trains in all parts of the U.S.A.

The T.N.T. girls club of Charlottetown propose to drive, what we think is the first friendship car in Canada. They will drive throughout Charlottetown on Saturday, Jan. 17, from 9 A.M. until 5 P.M.

Their purpose: To collect whatever you have to offer, a dime to help pay postage or freight, gifts of clothing or food.

They will call at your homes. Prince Street School Area — 9 A.M. to 11 A.M. West Kent School area — 11 A.M. to 1 P.M. Brighton area — 1 P.M. to 3 P.M. Business District — 3 P.M. to 5 P.M.

You cannot miss "The Friendship Car", but if we miss you and you have gifts to give call any one of the following members of the T.N.T. girls who will gladly call for them. Make the Friendship Car the success it should be.

The regular monthly meeting of the Georgetown Community Welfare League was held on Thursday last week. President MacLeary presided at the meeting. Lengthy discussions took place on ways and means of raising funds for the organization. Bayminton equipment is available and a meeting of those interested in this indoor sport is being called for this week. The Town Council has signified its willingness to give the Town Hall for the playing of Badminton for the minimum cost of light and fuel. The Community Welfare League is to be commended on its thoughtful act of sending boxes of food to shut-ins of the town on Christmas.

Last week Maurice DeLory, vice-principal of Georgetown High School, organized school hockey for the boys of the school and organized hockey for the girls is planned for the near future. Teams are now operating in the Junior, Intermediate and Senior branches of school hockey. Organization in school hockey has been noticeably lacking in the past and as a result school hockey practice time was monopolized by the larger and older boys. This present step is one in the right direction and one cannot now foresee all the benefits which will no doubt accrue from it. If future players are to be developed there is no surer way than to properly organize school hockey, not only in the senior field but in the junior and intermediate grades as well. Games already scheduled for the school senior team with school teams from Charlottetown give promise of the best in inter-scholastic hockey for Georgetown fans.
