CHARLOTTETOWN, PRINCE EDWARD ISLAND, TUESDAY, JUNE 25, 1901

PRICE TWO CENTS

CAMP BRIGHTON

This is camp day. The capital city of the Province has seen many events of national and international importance, but it is doubtful if any event of such character occurred in importance, in point of interest for the general public at least, the assembling of the militia, and as the extent and importance of the event is impressed by the scarlet and blue, the children will not be alone in their anxiety to visit the boys in camp.

The different companies stationed at other points in the Province will arrive by the early trains this morning and in a very few hours with their baggage will be transferred to Brighton where in the past it has been demonstrated what an ideal "camp" can be.

From the moment of the arrival of the first company until late to-night visitors will flock to the grounds, and the small boy will be in his glory. The tents will be the first department to be put into shape. Those who will be privileged by the spare time to go through the grounds during the next few days while the men are in camp will spend a delightful hour and will come away filled with the wonders of the scene.

Citizens of Charlottetown will, as in the past, extend a cordial welcome to the boys in camp.

CITY AND COUNTRY

Guardian Correspondents Everywhere.

LECTURE by Rev. Dr. Carman "From Gibraltar to Jerusalem," under the auspices of the Choir of the First Methodist church, Thursday, July 4th, 1901.

VISITORS to Summerside on Dominion Day can witness a good series of yacht races in the harbor in the forenoon and take in the horse races in the afternoon.

Mr. C. B. Allan of St. John, Grand Master I. O. O. F. will visit P. E. Island this week. He purposes visiting Summerside and Alberton lodges and will be present at the meeting of Wildly Lodge Friday night.

THE remains of the late James A. McIntyre were brought to the city from Boston yesterday evening, accompanied by a son of deceased. The body will be taken to his late home in North River at an early hour this morning. The unfortunate man came to his death by a fall and only lived eight hours after the accident. Mr. Jeffrey Gardiner of this city was with him at the time of his death. The deceased was formerly a farmer with a farm on the New Bedque Road, near the North River, and was a son of a Mr. McIntyre, who for many years carried on business as a carriage builder and blacksmith, on Upper Queen Street, Charlottetown, where the dwelling house of the late A. N. Large is now situate. After Mr. McIntyre's death the business was conducted by the late John Stewart and subsequently by Messrs. Proud & McCoubrey and later by Younker, Offer & Co.

MESSRS. McKinley Bros. of North River, have disposed of their excellent bull Royal Sirius to the Farmer's Institute of Long Creek. The farmers of Long Creek are to be congratulated upon the selection made. The animal has proved himself a successful stock getter; some of this stock has won high honors in the show ring and has commanded some of the highest prices offered by the market of the province. Messrs. McKinley Bros. have always aimed to improve the stock of the Island by making good selections for breeding purposes. The price paid by the Institute was \$180. A few years ago Messrs. McKinley imported this well known sire from Greenwood, Ont. He was bred by Arthur Johnson, one of the leading breeders in Upper Canada who is a large importer of improved stock from England and Scotland.

ROBERT Jenkins Esq. of Mount Albion Lot 48 was in the city yesterday on a remarkable errand. He was accompanied by Mrs. Jenkins and their 16 children for the purpose of having a group photograph taken. The studio of Messrs. Gauvin and Gentzel was visited and a sitting for the picture was obtained which will be produced within a few days. The eldest son, Mr. Harold Jenkins of Jenkins & Son of this City, is about 28 years of age. The portraits of eleven sons and five daughters will appear in the group. Two sons of Mr. Jenkins, Albert and Charles, are dead, and had they been living the group would have been by so much larger. The incident affords a rare and remarkable instance of the size which the Prince Edward Island family may attain. Squire Jenkins is yet a young looking man, and THE GUARDIAN learns that all the members of the large and interesting group are in excellent health. We congratulate Mr. and Mrs. Jenkins and all the sons and daughters on having so many near and good looking relations.

YESTERDAY, June 24th, being the festival of St. John, the Divine the M. W. Grand Lodge, A. F. and A. M., P. E. Island assembled in solemn convocation at Masonic Temple. At two o'clock M. W. Ronald Macmillan, Grand Master, declared the Lodge opened in ample form. After transacting quite a lot of business, the hour appointed for election of officers arrived and the following are the officers installed for the ensuing year:

THE CAUSE OF NERVOUS HEADACHE.

This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Polson's Nervine. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of pain with Nervine. Today it acts quickly to express the result. Sold everywhere in large 25c. bottles.

Rev. P. Arsenault, of Prince Edward Island, who has been attending the closing exercises at St. Joseph College, is in town today—Transcrip.

THE praises of Morell have already been sung by sportsmen who have visited it, and although the descriptions have been couched in language of a superlative kind, yet they have been honest expressions of delighted humanity. Possibly the enjoyment of the superlatively fine scenery and good fishing is greatly enhanced by the thought that the locality possesses an up-to-date store conducted by Mr. Harvey D. McEwen. The reputation the proprietor has sought to build up for years for the best goods only is finding a response in a happy appreciation of the true value of the firm's goods. The ranges carried in stock have proved good sellers and have given the best of satisfaction to the consumers. In the store will be found a carefully selected stock of clothing, boots and shoes, hats, caps, shirts, ties, ladies' blouses, wrappers, corsets, cloths, crockery, glassware, hardware, carpenter's tools, paints oils, farm machinery, etc. The highest prices are paid for eggs, etc. All are invited to hear the graphophone or talking machine which is operated on Monday and Fridays. Those visiting Morell on an outing can secure all supplies necessary for a first class time.

Great Victory.

BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotte. Mr. Crotte's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day."
