Great Excitement in Canada

Here is the poor man's chance of a life-time | **FREE GOLD** | Why hoard your money in a Savings Bank

The Cry is Now, "On to Larder Lake!" Great Stempede Has Set in. Where is Larder Lake?

The wonderful gold fields of Larder Lake are about 60 miles north of the famous Cobalt silver mines, which are only about 300 miles north-west from Toronto, or west of Montreal.

In these hitherto unexplored regions wonderful riches abound untold. Have you any idea what Canada (one of the greatest colonies in the British Empire) possesses? In a single answer—Come and see, behold and realize the great and wonderful gold and silver discoveries of the past two years.

Lord Strathcona and Hon. Sir Wilfrid Laurier, Premier of Canada are encouraging immigration and investment in Canada, this country is only sparsely settled, and there is more than enough for us all here.

We have located a number of central claims among the first and best found in the Larder Lake District. The first of these we are putting on is incorporated under the name of the Larder Central Gold Fields, Limited, consisting of 480 acres, or 12 forty acre claims, bearing free gold. Assays from these properties are prolific in gold, silver and copper. The Government is building a railroad in to bring out the ore; in the meantime we are developing, and as soon as the wagon roads are passable we will be able to send in Stamp Mills for milling and shipping the ore this summer.

We want to interest people in the Mother Country and the United States in this splendid proposition. People and money are scarce in this country, and we need money for the work.

That is why we want to interest you, and ask you (you outside of Canada) to come in with us on the start, on this first underwriting of this stock at 25c. per share—par value $1.00, and help us develop our properties and participate in the profits.

We strongly advise the purchase of this stock now, while it is cheap.

All will be treated alike; all will participate in large profits equally, which is safely said will be not less than 400 per cent, that is, $4 for every $1, by the end of July if you go in now, as the books will close before then.

Remember, we are not begging you to come in upon these statements, but invite you, as a conservative investor, to examine into what we say. We would prefer to send you full official statements and blank forms if you care to wait. Remember, if you come in with us and help in the start, your interest will be much greater than if you delay and come in later, as this is the "ground floor."

Any amount, large or small, you may invest with equal advantage, by sending us your order direct or through your broker. For your protection we ask you, however, to be guided only by statements bearing our official seal.

Any allotment of shares you wish to take from us is entered in rotation as received, with the understanding that the money paid by you is returnable if everything is not as represented, and we give you fifteen days to investigate and have the properties looked into at the camp.

This will give you time to get your order in before all are taken.

All Orders Are Filled in Rotation

This is a strong and conservative Company. The directors are well known Canadian public and business men who have other large interests in Cobalt and Larder Lake. The capital stock is [illegible],000 par value $1.00. Shares fully paid and not assessable, without any personal liability to shareholders 600,000 shares are available for working capital and these we are selling at

25 cents per Share

These shares, under the statute, are sold at this price named, fully paid up and nonassessable, with no personal liability.

Fill in and Send Order Form Below

Shares in the Larder Central Gold Fields, Limited, will be 2[illegible]c. for a short time only.

Send in your reservation or cash orders immediately. You can wire reservation at our expense.

Official prospectus and blank forms sent free on requests. Orders for stock should be sent at once, however, on the fifteen day guarantee forms below, or you may be too late.

Any bank will issue you a foreign draft for any amount you wish, good to us at par, or you can get American Express International money order, or Post-Office Order, at a small cost.

Yours Respectfully,

"Dandy Jim" Dead Nabob of Dogdom.

Only Dog That Owned a Fortune of $10,000 in His Own Name---The Eccentric Provisons of a Rich Woman's Will

NEW YORK, June 20.—The exactions of high living have claimed another victim "Dandy Jim," the sybarite of the canine race, the only dog in the world who possessed a personal fortune of $10,000 and many diamonds is dead at his home, 422 East Forty-second steet, having succumbed to the attempt to live up to his exalted position.

As the precise cause of his death there is unhappily no doubt.

"Got too fat to breathe," is the verdict of the physicians who attended him in the sudden seizure of apoplexy that followed a light luncheon of chicken and mayonnaise of salmon topped off with a pound of chocolate creams.

GOES "PACE THAT KILLS."

"The pace that kills," was too much for "Dandy Jim." After he received the $10,000 legacy from his mistress he lived much like a Pittsburg millionaire seeking diversion on the Great White Way.

This is the way he lived:

Dined every day in fashionable restaurant on spring chicken and truffles a la perigord.

Wore a jeweled blanket in winter with a diamond ornament worth $200.

Wore a collar of solid gold.

Was fed at frequent intervals with chocolate at 80 cents a pound.

Took daily carriage drives in the park.

The luxurious living, which proved too heavy for his advanced years was part of the program laid down by his late mistress, Miss Ellen Ann Griffith, a spinster, who for years was known as "The Hermit of Union Square," disdaining all other companionship than that of "Dandy Jim" and her housekeeper, Mary McGivney.

HEARTBROKEN IN YOUTH.

It was a favorite story among the women in the neighborhood of her old home that the death of a man whose wife she was to have been broke her heart and so she lavished the affection which might have been given to children upon the cross black-and-tan spaniel who snapped and snarled at all things, human and canine, that came within reach.

"Dandy Jim," accompanied his mistress on her drives in the park, dined with her in fashionable restaurants from dishes designed with the art of the epicure. He wore his diamond-decked blankets with all the hauteur of a Tammany Hall district leader. In the will of his mistress was found to legacy of $10,000 to Miss McGivney for his maintenance. Miss McGivney carried out her directions with all possible enthusiasm, so "Dandy Jim" grew fatter and fatter until his death came in short wheezes.

When the stroke of apoplexy finally was suffered he was attended by a veterinary surgeon and by Dr. Armstrong of the New York Hospital. He will have a mausoleum in the canine cemetery at Harrisdale.

A CASE IN WEST ARICHAT.

Mrs. A. P. Ferguson a well known Cape Bretoner has cured asthma by "Catarrhozone." Her statement is convincing: "Although I was troubled for years it was only recently I tried Catarrhozone. When an attack started I got out my inhaler and invariably got quick relief. Feeling satisfied Catarrhozone would cure, I continued the treatment till one bottle was finished. I didn't use more because I was cured and the asthma has never returned". Catarrhozone is sure death to asthma and bronchitis. Try it and be convinced. Two sizes, 25c and $1.00 at all dealers.
